Rainfall Sets 10 Year Record

Rainfall in June set a 10 year record and topped by four inches the previous high month in the decade, according to statistics at the U. S. Weather Reporting Station at Stuart, radio station WSTU.

June saw 15.49 official inches of rain in eastern Martin County, June, 1959, totaled 11.46 for the last previous high fall in the decade.

The "drought" years of 1960 through 1965, with a few exceptions, had rainfall as follows: June, 1960, 4.74; 1961, 4.33; 1962, 8.18; 1963, 6.10; 1964, 4.30, and 1965, 7.14.

At Indiantown Marina, official station in that area, fall was off at 8.365 inches for June, much less than in the eastern sectors of the county, and also less than in northwest county areas where unofficial reports ran to totals much the same as in Stuart.

World Record Is Tied

The 14 lb., 1 oz. spotted sea trout caught May 6 by Ernest Webster, Sandy's Trailer Court on U.S. 1, north of Stuart, has been accepted as a tie for the world's record in its class, according to word received here Saturday.

Webster caught the 33 inch long fish on 25 pound test line with live shrimp from Roosevelt Bridge.

The fish actually tops the record holder by one ounce, but International Game Fish Association rules call for three ounces difference to establish new records. The local fish, therefore, is tied with a 14 pound sea trout caught by R. N. Rose, Lake Worth, on Feb. 9, 1946.

Notice was received from the IGFA at Miami which rules on applications for such records, in a certificate signed by two officers of the association.

Twin Rivers Horse Show Is Saturday

Twin River Saddle Club will hold a horse show Saturday at the County Fair grounds starting at 11 a.m.

Grooming will start at that hour, and barrel racing will start at 1 p.m., after an hour for lunch.

The show will be open entry, for Southeast Florida riders in judged events and barrel racing in two divisions, one for 13 year and under, the other for those older.

There will be no admission charge, and there will be a refreshment stand.

The club is trying to earn money to build another section of bleacher stands at the grounds.

FIREWORKS!--The spectacular bursts of fireworks in the Jensen Beach hour-long show cannot be properly shown in black and white. The sky was ablaze with color.

"23 Skidoo" Party Set At Anchorage

A Roaring Twenties Party, with fringe dresses, long beads, spats and checkered coats, will be held for members and their guests at The Anchorage on Saturday, July 23. Dinner will be served.

Music will be provided by Greco's "Dapper Trio."

Schools Granted $60,435

State approval for a Federal grant of $60,435 has been given Martin County schools, it and when Florida receives its allocation of funds, according to Supt. of Schools Thomas L. Crook.

The allocation is for Title I use, including library and book stock improvement; teachers' aids; field trips and similar extra activities.

Beauty Pageant

The annual Jaycee Beauty Pageant will be held on Labor Day, Sept. 5, according to Kermit Tucker, chairman. Applications for contestants are now available at the Stuart Chamber of Commerce.

Ages for the Junior Division Miss Jaycee are 15 to 17 1/2; girls in the Senior Division must be ages 17 1/2 to 25. All contestants must be single.

Winner of the Miss Martin County title will have the opportunity to compete for the Miss Florida title next year. Local beauties are urged to register at the Stuart Chamber of Commerce.

Mr. and Mrs. J. Bishop Dietz, Jensen Beach, are attending the golf tournament held at Bald Peak Colony Club, Melvin Village, N. H., July 5 through 10th.

10,000 Throng Causeway For Fabulous Fireworks

Over ten thousand persons jammed the Jensen Beach Causeway at both ends, spilling over to Indian River Drive on the west and along Highway A-1-A on the east to view the spectacular fireworks show on the evening of July 4th, according to officials and Sheriff's Deputies.

"It was fabulous," said Jensen Beach Chamber of Commerce president Al Palmer, "I have never seen so many people in the town."

Cars filled the causeway with spectators an hour before the show was to start, climaxing a full day of activity. Three quarters of an hour before the fireworks were to start, Sheriff's Deputies closed off the causeway at Indian River Drive.

On the opposite side of the Frank Ancha Bridge, which was drawn open to hold back traffic, cars piled in all the way to the beach road, and other cars parked along A-1-A to see the show.

In Jensen Beach, cars drove to vantage points from the Crossroads north to Walton to see the show, and many were parked on the hill along Skyline Drive. Many local residents stayed at home and watched the displays from hillside homes, joined by neighbors.

The crowd built from noon, when activities started, to a climax at 9 p.m., following the show. It took 10 p.m. before cars again could move onto the causeway.

Jensen Volunteer Firemen sold 250 chicken dinners, and about a thousand sandwiches during the day, and ran out of things to sell in the early evening. Almost 2,000 soft drinks were sold by the Chamber of Commerce soft drink stand.

Several hundred persons took part in the boat races, with races included events during the day, and a series of surf events volunteered three or four of the fireworks shots, directed by Bill "Shorty" Smith.

Herman Hosier, who organized the Jensen Beach Boat Races, said he was "pleased" with the race additions that he hopes to put on for Jensen's Labor Day activity. "Only local amateurs were in the race, and it was a fun race," Hosier said. He added that he hopes to have a "powder puff" race, following the 5K race, on Labor Day.

Between 200 and 300 teenagers turned out to dance to live music on the U.S. pavilion until 11:30.

The man who could do the most, Gene Kasper, said he already has plans for the next Causeway spectacle. "If each man would share the cooperation I received this year," Kasper said, "we could pitch in and have a show to end all shows." Kasper said, however, that Kasper's three years of managing is the record for consecutive years.

Stuart Asks FEC Removal Of Depot

Stuart officials adopted a resolution Tuesday in a move to "beautify" downtown Stuart by having the old passenger depot removed.

The board voted to tell the Florida East Coast Railroad it thought the old station was of little benefit to the public and ask the removal of same and the beautification of the land on which it sits.

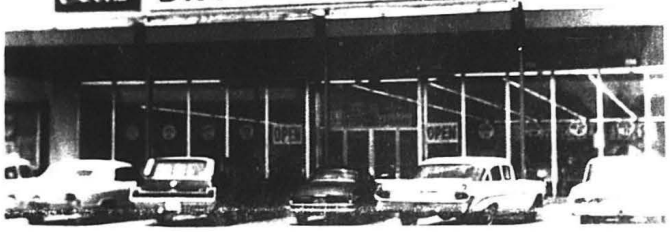
Art Group Met July 1

The next meeting of the Martin County Art Association will be held August 1, 8 p.m., [illegible]

Such things as [illegible] meeting time, [illegible] are coming each Friday at 1 p.m. at [illegible] Indian River. All artists of Martin County [illegible] Association [illegible] [illegible] to be placed [illegible] [illegible] placed [illegible].

Members were Lucy Lucas, [illegible] Sandberg and Jessie Payne, [illegible] with a 10[illegible]

Coca-Cola BROWARD DRUGS Coca-Cola



THE NEW STORE--The new Broward Drug Store is now open in the Stuart Shopping Center next to Publix Market. A [illegible] Tuesday, [illegible] formal grand opening. All take place [illegible]

MASSED COLORS--Stuart's Independence Day Parade had its massed colors, representing local veterans organizations under Marshal John W. Keller. The marchers paraded under sunny skies before an appreciative audience.

Stuart Valuation Is $30,691,430

The City of Stuart rises, [illegible] least for tax operations [illegible] purposes, about $1.8 million [illegible] the past year, according [illegible] a report of Tax Assessor [illegible] Ed Glassock at the annual meeting of the equalization board Tuesday afternoon. No one appeared [illegible] the meeting to object to [illegible] new tax assessments, [illegible] and the entire meeting was over in five minutes.

The net roll increase was [illegible] about double that of 1965. The new roll lists:

Real estate assessments, $19,285,700; assessments on buildings, $16,745,400; and assessment of personal property, $3,660,330, for a gross roll of $30,691,430.

Widow and disability exemptions totaled $92,500, and homestead exemptions totaled $4,294,360 for net operations roll of $26,304,570.

The railroad assessment [illegible] 100 instead of 80 as last year was for the same figure, $230,002.

The balance of the roll is at 100 of true value. It has been for several years, pre-dating the State Supreme Court rulings.

For purposes of levying millage, the roll breaks down into these figures; one mill for operations $26,304.57; one mill for debt service, Old Town, $19,258.-[illegible] and one mill for debt service, Annex, $11,339.96. The increase in the value of one operating mill is about $804.79.

Widows and disability exemptions were down $19,000 from $111,500 to $92,500.

In other increases, the breakdown was:

Real estate up $1,508,830 over 1965, when it had been increased $44,220 over the 1964 roll; buildings, up $790,000 over 1965, which had an increase of $582,130 over 1964; personal, up $28,030 over 1965, which had been increased $440,700 over 1964.

The net roll this year increased $1,604,790 over 1965, when the increase had been $999,230 over the 1964 roll.

Sitting as the equalization board were Joe Crowder, Mayor Dan Mahoney, Supervisor Jack M. Parr [illegible] and commissioners Arthur Sims, Ray [illegible] and William P. Todt.

TWENTY-FIFTH ANNIVERSARY--Mr. and Mrs. William Bessemer of Jensen Beach celebrated their twenty-fifth wedding anniversary last Sunday and were feted at a dinner party for 23 guests given by Mrs. Virginia Yankovich at her home on Palm Ave., Jensen Beach. The Bessemers' children, Kim and Tami, were also present.

Cause Flooding

After four years of little or no flood troubles in the summer months, Martin County was covered with more rain than it knew what to do with last week.

SR A-1-A was closed for about a mile just north of Fort Salerno, and the main side streets off it, in Golden Gate, were flooded.

SR 707, at the fire grade crossing, was under water for the first time in several years.

A city fire truck had to pump water out of Pine Manor subdivision, and septic tanks were under water.

Down U.S. 1, south of Stuart, Hibiscus Park, Poinciana Gardens, Coral Gardens and several other subdivisions were flooded, some badly.

Flower farmers and citrus growers suffered heavily, although no loss estimates were available.

CHAMBER LEADERS--Jensen Beach Chamber of Commerce president M. Palmer and executive secretary [illegible] Arnold were in evidence throughout the July 4th activities of the Beach Chamber on the Fourth of July.

PAUL REVERE WINS A FIRST--First place winner in "Americana Theme" category was the Harold Jones Post American Legion and Auxiliary troop entered in Stuart's annual Fourth of July parade last Monday. The trophy was donated by First Federal Savings and Loan Association of Martin County.

"MOST BEAUTIFUL"--Junior Woman's Club of Stuart won first prize for the most beautiful float in the Fourth of July parade in Stuart on Monday. The trophy was donated by Jensen Beach Bank.

ENGAGED--Mr. and Mrs. Russell K. Wiedow, 230 Barbara Drive, Jensen Beach, announce the engagement of their daughter, Ronnie Kaye, to Pvt. Allen G. Schommer, U.S. Army, son of Mr. and Mrs. Allen H. Schommer, 228 Barbara Drive, Jensen Beach.

Miss Wiedow is a graduate of Martin County School. Her fiance is also a graduate of Martin County and attended Indian River Junior College. He is now stationed at Fort Sam Houston, Texas, where he is studying to be a medic.

No wedding date has been set.

Adult Education Serves 168

About 168 adults with educational levels under grade eight were reached and served by the Martin County department of adult education, including 84 who were served through the pilot program of Adult Basic Education, according to E. B. Horton, coordinator of adult education.

The Adult Basic Education program is a Federally financed project in which $2,935 in Federal funds were dispensed to MC through the state.

The General Adult Education program, wholly financed by local tax funds, cost $35,883.09 for teaching and staff during this past school year, according to school budget figures.

Added to this were costs for supplies, light and power, janitorial, maintenance and other school building use costs.

Total enrollment of adult high school credit students was 31, mostly drop-out teenagers working for diplomas.

The total of drop-outs, plus 43 adults graduating through General Education Development tests and program, was 60, credited as the largest total of graduates in the local history of adult education.

Budget figures in the finance department show that teacher-hour costs were high for adult education, about $6.13 an hour compared to $4.90 an hour for day teachers' 400 Class III contracts. This figure was for teaching, only, and included nothing else.

At The Beach Over The Holiday

A most enjoyable, Fourth of July was had by all visitors and Martin Countyites who spent the weekend at the beaches. Approximately 1600 persons visited the three beaches on Saturday and Sunday, and the same number spent the Fourth of July at the beach. This is by far the highest count for Independence Day weekend in the history of Martin County.

White flags flew, water and air temperatures were in the high 80's, and the water was clear which delighted the skindivers.

Juicy Contest

A full-fledged watermelon eating contest on the shores of the Indian River was part of the program offered during Fourth of July celebration. Children up to 14 participated. The ones to eat the most watermelon the fastest were: Tat Tilley, Jeff Lanthe, Butch Brown, Lorraine Hunter and Rosanna Gliem. Prizes were awarded the winners by Randy Smith, chairman of the event.

FOUNDLING--Two white rabbits were left on the doorstep of County Commission Chairman Frank A. Wacha last week along with a note and an unsigned poem. Mrs. Wacha holds one of the rabbits and reported that the cottontails were "charmed out" prior to the Wacha trip to western Florida last weekend.

IT'S A TURTLE--What do you do when a boy comes home proudly bearing a giant land turtle and wondering if he can keep it in his room? Rick Campbell and Mike Hirsch, Jensen Beach, find just that last week and both wanted to keep the turtle. The parents of the two children readily agreed to let the other keep it. When last seen the turtle was heading into a vacant lot.

Scott Appointed

William B. Scott, Fort, former state representative, former member of the board of governors of state and southern Florida Flood Control districts, accepted the appointment to a state committee by governor Hayden Burns recently.

A practicing attorney who has served in Stuart for years, Scott also recently joined the High-tide-delivered committee. Scott received a request that he serve as representative of the public at large on a new committee named by the governor to deal with water quality control.

Young Republicans Elected

New officers of the Young Republicans' Club were elected at a special meeting caused by president Richard Steele June 25.

Elected to new posts were: David A. Hershberger, 1st vice-president; George Faller, 2nd vice-president; Herb Robb, membership chairman; and Barbara Lindsay, recording secretary.

Plans for the November campaign were discussed, and the club voted to urge a large Republican turnout for November's election. Activities are being planned for July through October to raise funds. These "Young Republicans For Kirk" activities will feature well-known guest speakers.

Water Tank

Joe S. Crowder, City Manager of Stuart, said that Southern Gulf Utilities has notified him that it had issued a purchase order to Dorcon, Inc., to construct and erect a water storage tank on Sewall's Point which was promised in agreement the utility firm made when city water was routed to the town east of the city.

THE CAT AND THE TURTLE--This cat seems to be having a problem as the turtle lumbers across the sidewalk at it. The turtle, its ferocious head snapping angrily, saw the confrontation and the kitten beat a hasty retreat.

Palm City Seeks New Civic Center

Water and sewage facilities, a new Fire District building, a new Library, a new Civic Center, offered by way of Palm City Improvement District, and the addition of a new fire truck to the Fire Department, were voted down by a 2-1 margin in a referendum held in Palm City last Tuesday.

The Civic Center would have been built on property donated by Mr. and Mrs. Ralph St. Louis Lewis to the Improvement District. The building would also be used as a polling place for future elections.

The water and sewer system would have been built in the Palm City area, and would also be used by the fire department.

The Library would have been built on property donated by Mr. and Mrs. Ralph St. Louis Lewis to the Improvement District. The building would also be used as a polling place for future elections.

Fishing Contest At The Anchorage

A fish fry and fishing contest will be held at the Anchorage Restaurant, July 16, with prizes for adults and children. All entries must be switched in by noon at the Anchorage and must be brought ashore.

The fish fry will be served at Poolside at 7 p.m.

OCEAN BREEZE NEWS
by Tom Cook Phone 287-5312

Ledgleys' Return From Canada

Mr. and Mrs. Roy Ledgley of Ocean Breeze Drive have just returned from a two weeks vacation in London, Ontario. Here in their former home city, they found many friends and relatives to visit; their son, Douglas and family, Ivo Chidine son Brent Edwards and daughter, Nancy Lee. Then a visit to Roy's daughter, Mrs. Patricia Boylan and her daughter Linda Anne. When they left the "hot and humid" north, they brought Linda with them for an extended summer vacation to Jensen Beach.

Linda attended the teenage dance on the causeway on Independence Day and had a fine time, according to Mrs. Ledgley.

They had an enjoyable over-night stop at the Harold McCallisters at Loudon, Tenn. Leaving there they brought Gail and her son, Steve McCallister, southwards with them. En route through Tenn., they stopped

parents, Ada and Arch Wilson, delayed her return trip home when her father entered Martin Memorial Hospital June 28 for X-rays and tests, Arch hopes to be released shortly, if recovery permits. Friends will be happy to learn that Ada comes already improvement from her recent operation.

Mrs. Harold McCallister and son, Stevie, of Loudon, Tenn., are visiting her parents, Bonnie and Charles Chilson for a couple of weeks. Gail and Stevie drove down with the Roy Ledgleys and their granddaughter, Linda Boylan. While their vacation is over, Bonnie and Charles hope to River north with them to Loudon, for an extended visit there.

It will be a happy group that will visit Billie and Al Kaeiser for the long weekend. A brother and his wife, Mr. and Mrs. A. L. Jackson, of rural Gardenia, the Jack son's daughter and family, Mr. and Mrs. Harold Hiser with Pam and Brad, and from Fort Lauder-dale, Mr. and Mrs. L. Nash and daughter, Diane.

Mary and Luther Weeks will make Crewe Va., their headquarters for several weeks after leaving here. Then hope to visit his two sisters in Washington, N.C.

Surprise Visit

The Jack Carpenters were paid a surprise visit by their nephew, Paul Carpenter, his wife, Betty, and their family, Gail and Joan. When a station wagon, with Stratford registered in pulled up at Jack's home on Ocean Breeze Drive, there were many questions asked and answered.

The Paul Carpenters are from Erie, Pa., where they are continuing an electrical store that Jack used to have while in the north. Paul's sightseeing trip from the west coast will be recalled later through their family movies. As they visit Cypress Gardens and other east coast attractions on route north, there will be many more movies taken to be enjoyed at a later date.

Thank You

I would like to express my deep gratitude for all the kindnesses and sympathy extended to me in my recent bereavement. My grateful thanks to my many friends in the Park for their help, both after George's death and during my recent stay here before leaving for the North.

Charlotte Jester

Hackbarts Vacation

Art and Ed Hackbart plan to start their vacation July 7 and head for Penna. They will visit their son, Leonard E., Hackbart and his family in June, Joseph, Leonard, Jr., and Diana, Mrs. William Price, for two weeks. It is at the William Prices that they will visit their great-granddaughter, Christine.

Their vacation trip will see them in Canada and then to cousins in Milwaukee, Wis.

Mrs. Hackbart told your reporter that she heard that her brother, Otto Chilsani, is recovering nicely from a slight stroke while thes were visiting Trail, and Castlegar relatives in Tennessee.

June Rainfall

June 4, 1,09"; 5, .75"; 6, .01"; 9, 1.09"; 10, 3.06"; 17, .09"; 19, trace; 20, 1.09"; 22, .01"; 25, .06"; 29, 2.09"; 30, 4.01", for a total of 16.59" for June, 1966.

Total rainfall from Jan. 1 to July 1, was 44.77". This record is kept by Art Johnson, 5th Avenue of Ocean Breeze Park. Those weeds are going their best to get ahead of us!

"Babe" Babcock will spend the coming week with his daughter, Mrs. Charles Love, in Miami, Fla.

Gertrude and Harold Bushnell were pleasantly surprised by a brief visit from former business friends, Mr. and Mrs. Larry Danzieson of Toledo, Ohio. These guests had traveled down the west coast of Florida, sightseeing as they came south. They plan to return via the east coast.

A delay of 15 minutes, while traveling up from Miami, cost Harold McCallister's cousin, Hob Campbell, a hour out on a fishing trip. However, the men who did go on the trip caught only "Sheepshead" fish and so on that outing was shortened by rain. When Harold and friend Proctor, the "Fish" Jack, of course, represented the basic population of the British. The stripes only pressed and represented the Lab, portion, and the Rising Sun, the Japanese, who populate the coastal part. To confirm this I asked two women who resided in Trail. They said they had noticed these pretty flags but didn't know what they were for. Then I contacted a businessman who was able to set us right. He told us it was the official Provincial flag. We were right about the Union Jack, but the wavy stripes were to represent the many ranges of mountains. The Rising Sun, or rather indignantly said, was not a RISING sun, but a setting sun, representing the last of the provinces to see the sun sink in the West. Well, we tried!

It was exactly ten years to the day that we called on our cousins at Penticton, the last time, Bill keeps a diary. We spent a very enjoyable day with this couple. The southern end of this Okanagan Valley appealed to us very much. Thousands of acres of all sorts of fruit are grown and the highway goes right in the middle of these fruit orchards for miles. Fruit stands were beside the road. The only fruit that was ripe June 18 was cherries. The black Bings and the red Lamberts. We bought a box of the Lamberts and chewed on these delicious cherries for miles. Penticton has really gone all out to accommodate tourists with lots of good accommodations and good beaches. Along this valley to the north of the city are numerous camping sites arranged along the River Park on different levels. Levels so each camper has an unobstructed view of the lake below. Trailers, campers and tents were taking up many of them, and camper's were living around sunning themselves what only in shorts clothes. It looked very attractive. We attended a little Anglican Church there at Penticton, and like most small churches, we were made to feel welcome by some of the congregation. It happened to be Father's Day and they presented each male present with a package of cherries. Then they said, "If we haven't got the right size for Mother's Day, except the 'Queen Size,' don't send us any."

I am glad to say that now we have a new church in our own town. I love flowers and there were lots of them in the church. Gladiolas, tall ones in pink, white and yellow, and the wonderful, exotic Iris of the modern, bearded variety. That is the flower in my opinion.

Calvary Anglican Church, the only one of the Okanagan Valley. The rainfall here is about the same as Trail, but trust is not necessary. We spent a few days with Bill's cousin, Mrs. Ethel Bass a very nice house, excellent cook and hostess. I had intended to go to the beaches with the attraction of getting some good pictures, but I am sorry to relate the weather was bad. Cloudy most all the time with occasional light rain or snow. We had a few bright periods while traversing the Rogers Pass, so we hope these pictures are good. Night overtook us at Lake Louise so we stopped at the Post Motel in Lake Louise Village. For the information of prospective tourists: The Chalet has rooms for $25 up, the Bungalow Cabins at $18 (for one or a family), The Post Hotel has a few good rooms for $7 per couple. We took one with a full bath for $10. Also there is a brand new motel near the hotel, but I didn't inquire the price of accommodations.

Some of the sights on the Jasper highway are worth seeing no matter what the weather is like, such as Peyto Lake, the Sunwapta Falls and canyon, and the Athabasca Falls. There is a lot of snow to look at on this road, and at this time of year one often sees snow beside the road. The Columbia Icefield is a must, of course. Since we were there last, a new road has been built along the south side of the glacier. It is very steep and outrailers are allowed to go up it. The last time we rode a snowmobile up on the glacier we started from the end of the Ice Field. It was getting so steep that the snow-mobile couldn't make the initial slope, and we had to get out and cling to the slippery icy slope until another sharper shod machine came along and rescued us. The new road approaches the Ice field from the side, and the slope is not nearly so steep.

We are now at our son's place in Edmonton, where we will spend the next week before proceeding to Saskatchewan. The kids are away to school so I have grabbed this opportunity to write this letter while things are quiet. We love our grandchildren but there are times when their presence is not appreciated.

Regards to all,
Nellie & Tom Cook

Boats Participated In Causeway Race

Herman Reitz Takes First Place In Hour Long Race

The second annual invitational amateur boat races got under way on the south side of the Jensen Beach Causeway at 2 p.m. July 4th. Chairman of the event was Herman Reitz of Stuart Tackle and Marine. Twenty boats participated in the race, which was designed to give local boaters the opportunity to pit their boats against each other.

Herman Reitz, in the big, roll-up Class 4, won the annual hour-race for outboard inland boats. He also led the overall fleet. Mrs. Reitz, who took fourth place in Class 2 for outboards up to 40 h.p., was the first and only woman driver.

Judges of the event were novice Apostolopoulos, Frank Fogarty, Ralph Lassiter and Willard Bookman, stationed in a boat in the center of the closed rectangular course of about a mile.

Results were as follows:

Class 1, 10 h.p. and up: Reitz, 2nd, Mike Fogarty, 3rd, Gene Class 2, 40 h.p. and up: Reitz, 1st, Clyde Crooks, Pollard, 3rd, [illegible]. Class 3, 25 h.p. and up: Ed Fulton, Jr., Fort Pierce, 2nd, [illegible], Walter Hitchcock, Fort Pierce, 3rd, [illegible]. Three and high class 4, 25 h.p. and up: Dave Hare, Mel and Ken Walker, Gene Allard, Jim Hoffly, Ann Lukaskiewicz, Gene Allard, Jim Hoffly, Ann Lukaskiewicz, Annie Dedeo, Bill Fitts, Jr., Tom [illegible], Jr., Ed Fitts, Jr., Leonard McPherson and A. L. Reed, Fort Pierce, Art Hall, Jr., Leonard McPherson and A. L. Reed.

The winner in 25 laps, about 10 laps ahead of the second boater.

The event, including just a boat manned by a Deputy Sheriff, patrolled the courses.

FLORIDA PRESS ASSOCIATION

The Jensen Beach Mirror

"All The News That Fits In Print"

$4.00 per year
$2.50 6 months

Vol. 6 No. 28 10 Pages — Jensen Beach, Florida 33457 — July 14, 1966 — 10¢

PAPERS ARE SIGNED-- Martin County Commissioners signed a lease-purchase agreement early this week with Mr. and Mrs. A. G. Hunsinger, at right above, owners of the former A & P building adjacent to the Courthouse. Terms call for the contract to become effective October 1st for a total price of $87,995 to be paid over a four year period. At left are Commissioner J. H. Bruner and County Attorney Dean Tooker. The adjacent parking lot is included in the purchase.

County Tax Roll Will Be Raised To 100% Value

Martin County has complied with the requirements set forth by Comptroller Fred O. Dickinson and is continuing with the tax roll, according to Tax Assessor Clyde Courson.

It will be consistent with Dickinson's requests, although we know it will be subject to approval of the comptroller, said Courson.

Dickinson told the assessors that "this is Florida's final hour" to submit property tax rolls.

He said that each assessor will have until Sept. 15 to submit a property assessment roll which is in full accordance with the orders of the court for 100 percent just valuation.

Joseph Philip, speaking for the assessor's office here, said the roll would be ready for the postponed meeting of the equalization board July 25.

This year, figures will reflect adjustments in some areas, including Hutchinson and Jupiter Islands, hammocklands, citrus lands and possibly additions of 10 per cent in new improvements.

The roll for operating purposes last year totaled $127,780,000, so arithmetical adjustments alone would put it at about $40 million higher this year, adjusting for neither depreciation nor added improvements.

At that rate, the new roll would produce as much with 14 mills as the 1965 roll did with 19 mills.

Among the new statutes is one that requires that the taxing bodies levy millages in line with the new rolls, lowering them in ratio, but permitting a 10 percent increase in certain cases.

GOP Women Will Host Conference

Martin County Republican Women's Club will be host at the fall conference of the Florida Federation of Republican Women at St. Lucie Country Club Sept. 15 and 16, according to Mrs. Jean Martin, president of the club.

Local committee members are: Mrs. Julia Guesner, conference chairman; Mrs. Barbara Burton, publicity; Mrs. Betty Carey, gifts for delegates; Mrs. Helen Schulz, transportation; Mrs. Margaret Burggraf, registration; Mrs. Barbara Lindsey, special events; Mrs. Claire Tabb, communication and pages; and Mrs. Adele Willoughby, hostesses, Claude Kirk, Republican gubernatorial candidate, will be principal speaker.

Lease—Purchase Signed On Building

An agreement and a lease arrangement were signed County and the owners of the former A & P building on East Ocean Boulevard, Stuart, adjacent to the courthouse.

The signing by Mr. and Mrs. A. G. Hunsinger in County Attorney Dean Tooker's office closed a long term of negotiations.

Commissioner J. H. Bruner, over the most of the negotiating for the county and was present at the signing.

Actions of City Commission

At Monday night's meeting of the board of City Commissioners, Clifford L. Luce and Lee Hawkins were appointed to the Stuart Housing Authority.

The 1965 assessment rolls were adopted in resolution.

Beer and wine licenses were approved for off-premises consumption for Table Ann's House of Meat and Fish, store.

The total price of $87,995 is to be paid over a four year period, and terms of the lease-purchase agreement call for the contract to become effective October 1, 1966.

The first of the county tenants will be the entire office of A. G. Courson, tax assessor. The county health department will also move into the building from its old quarters in the annex, after certain renovations will be done, with some strong emphasis on the flooring before the second floor can be used.

The parking lot at the corner of East Ocean and Flagler, also added land to the building, are included in the purchase.

The $32,000 building will feature a brick front and a shingle roof. The contract was won by A. J. Construction and work has already begun. The contractor has 100 days in which to complete the building.

PROPOSED OFFICE BUILDING--The contract was let this week on the new A. B. Tilton Real Estate and Insurance office to be located on the northwest corner of Indian River Drive and Hibiscus Road, Jensen Beach.

County Actions

At Tuesday's county commission meeting, a group of women, with Dr. R. von Decken-Luers, Power Line Rd., Hobe Sound as spokesman, protested high water levels and ditching failures in their area, west of the heavily populated areas of Hobe Sound.

"We've been under water for two weeks," Dr. von Decken-Luers said, she also pointed out that in 1963-64 and '65, neighbors have complained about the condition.

One owner reportedly filled out a county culvert with refuse to protect his own property and piled one side of a road high with dirt to divert it.

Sanderson said the county was seeking right-of-way to enlarge the ditch to the north.

Chairman Frank A. Wacha asked Commissioners Elmer Powers and Saunderson to act for the committee in discussing the problem with the group and seek a solution.

In other business, the board (commission):

Heard Wacha report that he had written the U.S. Corps of Engineers concerning the St. Lucie Inlet study and that he had asked for a liaison engineer and federal aid funds.

Heard a complaint that there is an illegal concession at Stuart Beach. The board denied this, and pointed out that a dealer has a place on wheels at the beach but not with franchise privileges.

Awarded a contract to construct 2 eight-by-eight concrete patio slabs on the south side of Jensen Beach Causeway, to B & W Construction Co. at a lone bid of $575.

Heard Wacha say an increase of $153,015.70 in departmental requests for money in the upcoming budget probably exceeded the increase permitted by law, but said further work was necessary, as well as more legal checking by the county attorney.

At the request of Evans Crary Farmer, who appeared for the owner, vacated by resolution, Ocean Beach subdivision plat on Hutchinson Island, and vacated Picture City Terrace subdivision plat at Fruita as requested by Judge Harry Lee for the unidentified owner, First owner was C.

(continued on page 10)

First Federal Remodels New Jensen Beach Office For Late Summer Opening

An extensive remodeling program will get under way this week to transform the east section of the Federal Building on the commercial street into the Jensen Beach office of First Federal Savings and Loan Association of Martin County, according to James A. Garvey, executive vice president of the association.

The entire front of the building will be changed, according to plans drawn by William T. Vaughn, architect. The remodeling of the building will utilize new stone to cover the wall of the section for First Federal's Jensen Beach office. The keystone will then panel the separating wall that forms between the four store units.

The entrance will be widened to sixteen feet, with two four-foot doors in the center.

Driveways to a proposed 48 car parking lot will be paved to allow easy access to the rear entrance of the building. There will be an entrance from the Town of Ocean Breeze Park. The rear property line of First Federal joins the Ocean Breeze boat ramp.

Inside the building, the floor will be completely carpeted. "We plan to make the office comfortable, modern and cool," said Garvey. "It will have all the facilities necessary to operating a savings and loan association, and will offer maximum convenience to the people of the Jensen Beach area."

Application Again Delayed

Stuart's application for a federal grant with which to build additional sewer and water main facilities was delayed once again by the Department of Housing and Urban Development.

One of the main objectives is to eliminate the discharge of raw sewage into the St. Lucie River.

Several months ago the city was virtually assured of the grant of $128,400 for water main extensions into Shop Harbor, Fort Sewall and sewage facilities in Jessery Addition and a portion of downtown Stuart.

FOGGER--Ernie Standish has taken it upon himself to control the mosquito problem around his building, the Coral Reef Motel. Standish is fogging with a converted lawn mower.

GA Wins Tilton Building Contract

GA Construction, operated by George Apostolopoulos, was awarded the bid on the new real estate offices of A. B. Tilton Real Estate and Insurance, on Indian River Drive and Ilicio Road in Jensen Beach. The estimated cost of the building will be $32,000, and it is planned for completion within 100 days.

The building will be 40' x 60' on a slab 60' x 100'. The front of the building will be unique, in that the old brick from will include about a thousand bricks salvaged from the first bank constructed in Jensen Beach, The Indian River State Bank, which was established about 1900 and moved to Fort Pierce as the St. Lucie County Bank in 1925, was housed in a brick building on the northwest corner of Commercial street and Indian River Drive, when the building was demolished in 1948, Warner B. Tilton, Sr., said some bricks are for future use.

The interior of the building will have room for eight offices, plus one that will be held for the future for Cmdr. Norris Tilton, who will practice law on his return from the service in several years.

Also active in the future growth of this area, and we must prepare for that future," said Tilton, "where constructing a building of which all the residents of the growing area be proud, and need the additional room to grow."

Tilton is assisted in the real estate business by his son, Harrison B. Tilton, Harry Wood and Tony Milazzo. The insurance department is handled by Warner and Ransom Tilton, Mrs. Anita Wacha and Harry Wood.

Tilton Insurance also announced this week that a new department of life insurance has been established. The firm will represent Aetna Insurance, Republic-Creyts Group Insurance and Ohio Casualty Group, all "A plus 5A" companies.

Martin Mosquitoes Heading North For The Summer?

After reading what Gene Levitre, director of St. Lucie County's Mosquito Control District, apparently said about Martin county's mosquitoes, Mark Witham, director of mosquito control in Martin County, admitted that some but not all of the statements were so.

Lemire charged that Martin County was supplying St. Lucie County's mosquitoes, mostly because we were not following the same system of ditching and diking used in St. Lucie and Indian River Counties, according to Witham.

Witham agreed that mosquitoes on Nettles Island are so thick it is hard to breathe, but pointed out that Nettles Island is two miles into St. Lucie County, north of the Martin County line, even though Lemire gave Martin County credit for their breeding there, apparently.

Witham explained that Martin County has half the budget for mosquito control that St. Lucie has, and must use about a third of it for the various county dumps.

Witham said Martin County's method, as recommended to the State Board of Health about 10 years ago, is to drain the inland marshes but to keep the area wet enough to prevent dust, St. Lucie County, During this time, Martin County has spent about $80,000 on ditching and diking.

Witham said he'd like to switch from fly swamp plan to the salt water impoundment one, but he cannot because the budget won't stand for the $3,800 cost of one pump.

Martin County mosquitoes were not to be seen--nor felt--during the fly and night celebration on the Fourth of July when some 15,000 people crowded the Jensen Beach Causeway.

SAFE AT THIRD--Duke Fletcher begins a slide into third that led to a four-run third inning, as an All Star third baseman awaits the ball from the pitcher. Action in the game was fast and the underdogs, Rio Civic Club, surprised all by winning 8-4, Tracy Walker was winning pitcher.

C of C Call For Fishing Guides

Copies of the 1966 edition of the Jensen Beach Resort and Fishing Guides are needed by Jensen Beach Chamber of Commerce, according to Reg Walker, executive secretary.

Almost all of the 25,000 copies delivered to the Chamber last year have been distributed, said Walker, and he asks that any motel owner or individual who has a surplus of the Guides on hand, please bring them to the Chamber office.

The 1967 edition is in process, Walker explained,

THE CHEFS--"Cotton" Rogers, left, operates the deep fryer as Warren Kendall breads the mackerel at the Sunday Fish Fry held at The Anchorage Yacht Club. Over 150 members of the club attending the outing.

SERVICE SUPREME--These members of The Anchorage Yacht Club received full plates from the serving line, from left, Mrs. Charles Pope, Mrs. Jack Addy and Mrs. Warren Kendall.

Fish Fry Was Well Attended

The Fish Fry held last Sunday at The Anchorage was attended by approximately 150 members and their guests.

Chefs were Mr. and Mrs. Warren Kendall, Mr. and Mrs. Charles Pope and Mr. and Mrs. "Cotton" Rogers, Jr., who supervised the fish-frying contest held for Commodores were Chris Yaskovich for the Largest fish, and Brian Crowley for the smallest, both boys received fishing license identification.

Raymond F. Hire, 64, of Lodge on the Green Motel, N. Federal Highway, Stuart, died at his home Friday, July 1, after an extended illness. He developed and built the Motel and was a resident of Stuart for five years.

He is survived by his wife, Ellen; three sons, Robert L., of Fort Pierce, Richard A., and Raymond, at home; one daughter, Ruth Ann, at home; a grandson, Robert L. Hire, Jr., of Fort Pierce; a sister, Mrs. V. M. Mann, and a brother, Aldbert A. Hire, both of New York.

Funeral services were held Tuesday, July 5, at Johns Funeral Home, with Rev. Allen Stuart First Methodist Church, officiating.

TASTES GOOD--Dean Tooker, County Attorney, has a smile of satisfaction on his face as he bestows the first and best piggies at Sunday's picnic of The Anchorage Yacht Club.

NEWLYWEDS--The wedding of Miss Suzanne Barbour, daughter of Mr. and Mrs. Russell C. Barbour, Jensen Beach, to Joseph B. Rogers, son of Mr. and Mrs. A. B. Rogers, Stuart, took place July 2 at St. Mark's Episcopal Church, Stuart. Her honor was Nancy Barbour, sister of the bride, and best man of Richard Bowman, Jensen Beach. The bride and groom, pictured above, are living in West Palm Beach.

Mrs. Edna Cramer Heads Stuart Legion

Mrs. Edna Cramer has been elected president of Stuart Unit 40, Ladies Auxiliary, of the American Legion, according to an announcement by the unit.

Other elected officers are Mrs. Alta Schaefering, 1st vice-president; Mrs. Gladys Thorquist, 2nd vice-president; Mrs. Gertrude Minnehan, recording secretary; Mrs. Gertrude Boyd, corresponding secretary; and Mrs. Nellie Wilbur, treasurer.

Mrs. Marie Smith was re-elected chaplain; Mrs. Nellie Boyd, historian; Mrs. Mary Ann Thorquist, 2nd vice-president; Mrs. Gladys Thorquist, 2nd vice-president; Mrs. Gertrude Minnehan, recording secretary; Mrs. Gertrude Boyd, corresponding secretary; and Mrs. Nellie Wilbur, treasurer.

Mrs. Marie Smith was re-elected chaplain; Mrs. Nellie Boyd, historian; Mrs. Mary Ann Thorquist, 2nd vice-president; Mrs. Gladys Minnehan, recording secretary; Mrs. Gertrude Boyd, corresponding secretary; and Mrs. Nellie Wilbur, treasurer.

Committee leaders also elected were Mrs. Shirley Child Welfare; Mrs. Schaefering, Community Service; Mrs. Brown, Constitution and By-laws; Mrs. Pearl Tracy, Education and Scholarship; Junior Activities and Girls' State, Mrs. Devita Taylor and Mrs. Boyd; Legislature, Mrs. Woodman; Membership, Mrs. Thorquist; Memorial, Mrs. Boyd and Mrs. Minnehan; Poppy, Mrs. Wilbur and Mrs. Estelle Schaefering; Finance, Mrs. Wilbur; Publicity, Mrs. Smith; Rehabilitation, Mrs. Marie Hiss.

Committee members are Mesdames Lillian Fitzpatrick, Shields, and Thorquist.

Committee leaders also elected were Mrs. Shirley, Child Welfare; Mrs. Schaefering, Community Service; Mrs. Brown, Constitution and By-laws; Mrs. Pearl Tracy, Education and Scholarship; Junior Activities and Girls' State, Mrs. Devita Taylor and Mrs. Boyd; Legislature, Mrs. Woodman; Membership, Mrs. Thorquist; and Building, Mrs. Fretwell.

As reported in The Wall Street Journal: "Though some people appear to forget it, the government's outlays give it both the right and the duty to oversee the economy and, more immediately, the budget. Whether it's appointed to the Atomic Energy Commission or the Federal Reserve Board, the President has the right to name whomever he wishes to these jobs, no matter how open-handed and unpatriotic the government real wants to be. Which is why Lyndon B. Johnson is likely to become the first of federal control."

Kindred Is Named Walton League VP

Charles (Chuck) Kindred, president of the Florida organization of Izaak Walton League chapters, was elected one of the five national [illegible] vice-presidents at a convention held at Statler Hilton Hotel, Boston, recently. About 300 delegates attended the convention.

Kindred was formerly president of the Martin County [illegible] chapter of IWL, and is a leader in conservation [illegible] Florida.

Several resolutions of interest to Florida were introduced at the convention, one of which called, including one on pollution of inland waterways, [illegible] Florida. Another resolution called on [illegible] to establish [illegible] and [illegible] in such areas [illegible] Florida.

Words To Make Your Life Better
OPPORTUNITY
They do me wrong who say I come no more
When once I knock and fail to find you in;
For every day I stand outside your door,
And bid you wake, and rise to fight and win.
Wail not for precious chances passed away!
Weep not for golden ages on the wane,
Each night I burn the records of the day,
At sunrise every soul is born again.
Though deep in mire, wring not your hands and weep;
I lend my arm to all who say, "I can't!"
No shamefaced outcast ever sank so deep,
But yet might rise and be again a man!

Impediments To Learning

In St. Louis you had to be ten years old before you could get your first library card. It was a sort of status symbol. Your parents had to go with you, but at least you had a card. It had your name on it and on the back, several impressive-looking rows of plaria spare, I remember the first book that I withdrew "Tom Sawyer". Yeah, Twain. It began a career of adventure for me and I know I went through many, many library cards after that first withdrawal. It made me feel important to withdraw books in my name, and I believe encouraged me to read more. Every new book brought new stamps on my library card.

Of course, the library was a massive place, dread shoes in the front, and a dark, dreary interior in which everything was silent, and there are every pair of shoes I had squeaked and the black-shelled lady wearing glasses would always frown at me when I would come in to look for a book. The squeaking of the shoes echoed through the building as I would reach up to high shelves to pull down some novel or other.

The library itself is an experience and many adventures lie in wait for the youngster who would browse through the many shelves and the cavern-like walls of books. I can remember like it is the spirit of good learning, in fact I believe it is an impediment to learning.

It would behoove the Martin County Library Board appointed to learn that Martin County Public Libraries are no longer giving library cards to children. Thus, in Martin County, at least, the library card has vanished as a status symbol and an inducement in learning. No longer will the children have the responsibility to either return the book on time or recording the date marked on the card, or pay a fine which acain is a responsibility.

I believe that the library has made a mistake in trying to modernize the system of library cards by consigning one to earth family in the county. It may be easier to keep books, but I don't believe it is the spirit of

It would behoove the Martin County Library Board to consider putting on a drive to see how many library cards can be issued and to see how much use can be made of the library rather than limiting the family to one card which places restrictions upon the freedom of the people to go to the library at their own time with a card which has been in their possession. Having the proper books on the shelves eventually helps when people are looking for a book or for information, but having books on the shelves that are not used makes the books worthless.

A word written must be read to bring enrichment.

GRASSROOTS OPINION

Tele Xline, Messenger:

Our new linotype operator (his wife) is getting pretty good. In December she was just a cookie-cook she's setting a cabin per hour and the boss is just about to operate. She's getting so good, she thinks she can get her salary. I can afford it. Tax rates seem to be swept up the good work I may double her salary again in

Warrenville, Miss. Star-Journal: The American television audience appetite for violence seems to be insatiable. The latest evidence is the success of the protests aroused by the Smothers Brothers' CBS show when it was dropped from the network's schedule. Thousands of protests flooded the network's switchboards and offices in New York and Hollywood. Now the show is back on the air, with the boys promising to keep it clean. Apparently, all it takes to keep violence on the air is a well organized protest campaign.

Garretts Tour The Orient

Excerpts from Tommy and Everett Garrett's letter to Dr. and Mrs. Ted Rollins, 4 Almond Drive, Ocean Breeze Park; en route to Hawaii June 15.

"Dear Folks;

Shall go back to our arrival in Hong Kong and try to give you a few highlights of our travels up to date. Arrived in Hong Kong harbor about 6:30 a.m., a very cloudy day. There is a nice beautiful, large harbor in there. The Captain went past the terminal, jockeyed back and forth trying to turn around, finally got stuck in the mud apparently; then started and pushed and pulled all got us loose, then the Captain attempted to back against and without the landing ramps, had to install ramps that were allowed straight down them up. First class got off about 20 minutes before we did. So we had to direct us "peasants" and we had to find our way and rig the the four miles—could didn't make it. We docked at 2 hours late. Once on the bus we had a fine tour.

Through Hong Kong, across the bay on the ferry and up to the top of Victoria Peak. The Peak was elegant places to live. Couldn't see the city but had fine views as it is, and to the Tiger Balm Gardens, a place of weird animals and other freaks. Also the cluster of Red China refugee shacks. Homes and much of it is people, which were beautiful with the flaming poinsettia trees blooming, then to Aberdeen, the village of the water people. Sampans are small and colorful and the boys stopped, lines of small sampans were running, holding their little hands up for something. My guess is that more than 4 of 5 adults with babies strapped on their backs. The bus literally wouldn't let us close them as we passed the narrow streets. Saw the little ones up and taken care of. Also saw two babies further on are the famous floating restaurants, huge affairs, would not accommodate all of that. I surely built

Sampans clustered around the ship begging for anything. We threw a lot into the water for the boys to dive for them and also threw some silver nickels. If they caught the coin and their net on a pole, they dove overboard for it. There were 3 and 4 small children in each sampan and somewhat shabbier stripped down to their bares. The sampans bobbed around like corks and every time a coin was thrown in, it scrambled around and no one could see whether they would find one or not.

After the tour we took off on our own and went shopping in Hong Kong. Didn't buy much and got cheated, so many things one can't bring back into the U.S.A. In the evening we took a night tour and were treated again. We got lost in the mob and ended up for the interpreter. Next day we had a free day to wander up on our own. Went back to the Peak by tram. Also we got into the wrong tram and took a trip, a Kamikazi bus, went up, over and down the other side. Then, to the switchback or hairpin curves and finally on the Peak. Ate lunch there and then back to Kowloon and got on the ferry and back to Hong Kong. Then we got on a bus and took a ride to

CELEBRATE ANNIVERSARY--Mr. and Mrs. Bill Jacobs of Hilltop Road, Jensen Beach, celebrated their 24th wedding anniversary July 6 with a dinner party at their home for friends and family. The Jacobs have two sons, Timothy, 21, a student at FSU, after a time in the Navy and Jeffery, 8, who attends Jensen Beach Schools. The Jacobs have been residents of Jensen Beach for six years, and he is the owner of Jim The Electrician, the Intracoastal yacht.

Duplicate Bridge News And Winners

Jensen tables played in Stuart on the Stuart Youth Council after the Stuart Duplicate Bridge Club met in the Jaycee Shelter. Table winners were:

East-West, 1st, Jean Merrill and Margaret Burgess, 2nd, Mrs. Margaret Burgess and Mrs. Margaret Hayes.

North-South winners 1st, Mrs. Edna and Claude Bennett, 64 plus, 2nd, Ila H. Vogel and Carl Lassiter, 2 plus, 3rd Edna Williams and Zac Mann, 60-2 plus, 4th and 5th tied at 57 plus, Betty Mann and Mrs. W. J. Burtchett.

Also Lou Collins and Stella Mosley.

East-West, 1st, Lu Wilson and Vera Jackson, 63 plus, 2nd, Jean Merrill and Margaret Burgess, 58 plus, 3rd, Janice Clark and Jim Clark, Jr., 57 plus, 4th, Dale Elliott and Toni Henry, 56-2 plus.

Returning from the July 4th Tampa Regional Tournament were Jane Bowling and Lou Collins with well above average scores in all events entered.

GED Tests Slated For August 1 To 3

The General Educational Development Tests for persons who have not completed high school and desire to obtain a high school diploma will be held August 1, 2 and 3 at 7 p.m. in the Fine Arts Building at Indian River Junior College, according to Dean Charles W. Sample.

To be eligible, a person must be a citizen of the state of Florida, at least 20 years of age and have a high school credit in American History as verified by his high school.

Applications are now being taken at the college and the fee may be paid there.

Georgette Recovers

Mrs. Georgette Newfield of Georgette's Luncheonette on Commercial Street, Jensen Beach, was treated for facial burns last Thursday morning when a gas jet blew into her face when she opened an oven in the luncheonette.

She was treated and discharged at Martin Memorial Hospital.

Permits Total $836,155

Martin County building permits issued in June totaled $836,155 for 63 projects, with fees amounting to $1,731.

Grumman Aircraft Engineering Corp. lead the list with the largest project for an office building at Stuart Field, listed at $425,000.

Vacationers Return Home

Mr. and Mrs. R. Jenkins have returned to their home in Baltimore, Md. after their usual two weeks vacation at Jensen Beach Motel in Jensen Beach.

The Jenkins' have been visiting here for the past seven years and, according to Al Martz, manager of the motel, they enjoyed the good fishing here this season.

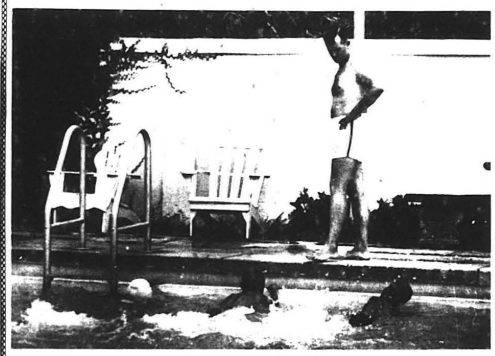
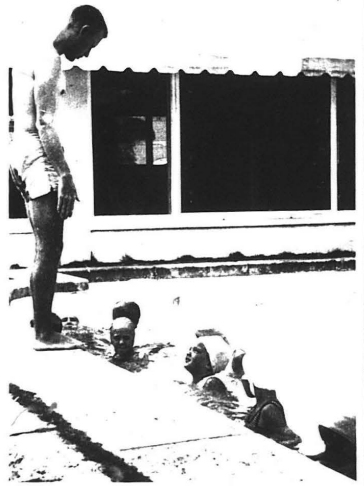
Youngsters Enjoy Red Cross Swimming Lessons At Sunrise Inn



BEGINNERS--These children are some of the lucky ones who are taking advantage of free swimming lessons offered by Red Cross at Sunrise Inn. Their instructor, H. H. Mikuska, instills confidence into the children and under his expert instruction they are soon swimming and living, each in their delight.



SWIMMING INSTRUCTOR AND FRIEND--Jim Nattkas, Jensen Beach, is one of the willing and capable volunteering instructors of Red Cross swimming courses held at Sunrise Inn for six weeks during the summer. These courses are offered free to children and are conducted annually.

NOW, WATCH ME--H. H. Mikuska instructs some of the youngsters who are learning to swim at Sunrise Inn. Each summer, under the sponsorship of the local group, the classes are limited into groups, beginners, swimmers, and floats, and are offered annually. In this area, Mikuska does the swimming and practical duties at the Jensen Beach Causeway.

Crowder-Buchanan Engagement

Mr. and Mrs. Joseph N. Crowder, Stafford Drive, Stuart, announce the engagement of their daughter, Martha Louise, to Larry E. Buchanan, son of Mr. and Mrs. Virgil A. Buchanan, of Fort Lauderdale.

Miss Crowder is a graduate of Martin County High School and Indian River Junior College, and is a student at the University of Florida where she is majoring in medicine.

Buchanan is a graduate of the University of Florida with a degree in arts and science and is now a senior at the University of Florida Law School.

He is a member of the John Marshall Bar Association, Delta Tau Delta social fraternity, and Delta Theta Phi legal fraternity.

The wedding ceremony will be held in the First Baptist Church of Stuart on August 27 at 7 p.m., with Rev. Furrest Watkins officiating.

Personals

Mrs. Helen Richardson of Jensen Beach has as her honeymoon guest, a sidesaddle visit, her daughter, Mrs. M. G. Bittner of Kokomo, Ind., who arrived by plane last Tuesday.

She will stay with Mrs. Richardson while the latter's mother, Mrs. Orpha Apple, is a patient at Martin Memorial Hospital.

Mr. and Mrs. Cecil Hancock, of Hopkinsfield, N.Y., are visiting their parents, Mr. and Mrs. Hurt, using the 2nd Skyline Drive, Jensen Beach, for motor times.

Richardson, while the latter's mother, Mrs. Orpha Apple, is a patient at Martin Memorial Hospital.

YOUR PHARMACIST SPEAKS

Good advice from a noted physician directed to middle-aged people, lists exercise, diet and emotional relaxation as important in avoiding heart and circulatory diseases.

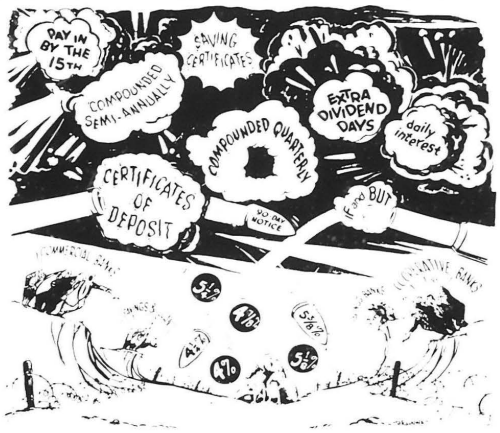
Anyone in sedentary work must exercise in moderation, this is important, also, to keep weight down and shun foods rich in animal fat.

Finally, tension, it appears triggers chemical reactions which may lead to heart trouble. Thus, it is advisable to seek greater relaxation.

It is always advisable, by the way, to have your prescriptions filled at the most reliable Pharmacy. We keep up with all the newest developments in Pharmaceutical supplies at THE PRESCRIPTION SHOP, 620 Federal Ave., Stuart. Phone 287-3443.

Incorporating the Oil Additions of THE PRESCRIPTION SHOP, this week's HOUSEHOLD HINT: If the fingers of your rubber gloves turn inside out upon removal, fill them with water and the fingers will fall back into place.

PRESCRIPTIONS ARE OUR BUSINESS



Keep your family out of the crossfire!

A useless war is now going on over interest rates on savings. Like other wars, there can be no winner. Certainly not you and your family.

What to do?

Keep calm. Stop switching your savings from place to place just to earn a dollar or two extra in interest a year. Rates that go up can also come down.

If gambling is in your blood, go play poker or bet on the horses.

If you want to do some serious investing, go see a good stock broker. Or dabble in real estate. This is what risk capital is for.

But remember--we savings institutions are thrift institutions, not investment houses. Our dividends (whether 4% or 5%) are not designed to make you rich. They are designed to encourage you to save the money that will make you rich.

Say you now have $500 in a savings account. A year from today dividends will have probably added $20 or $25 to that amount. BUT--if you save just two dollars a week, you'll have close to $650.

This is thrift. It's what sends youngsters to college, pays for vacations (cheaper when you pay cash) and makes the retirement years happy and worry free.

While the rate war rages, our advice is simple and sound. Keep your head--and keep saving whatever dollars you can. And keep your money where it's safe, insured, convenient, and always available at a moment's notice.

And have a nice summer.

Ellen Chase Returns

Mrs. Ellen Rowell Chase returned Saturday from a week's convention trip to San Diego. She was the Stuart delegate to the International Convention of Soroptimists.

Over 1000 Soroptimists from throughout the world attended, with 13 countries and 832 clubs represented.

All projects were directed around equality for women in job opportunities, advancement based on merit, equal wage scales, equality in pensions and retirement benefits, and the right to serve on juries.

Mr. and Mrs. Leonard Smith, River Court, have returned to their home in Jensen Beach after a five-weeks trip to Columbus, Ga.

LOVE IS BLIND

WE WANT TO BE WASHED ELECTRICALLY
IT'S A LOVELY FEELING
There's no nonsense with an electric dishwasher. No pre-rinsing, no soaking, no drying, no drudgery ... less breakage too. And no dishpan hands. Modern electric dishwashers save 90 minutes a day — and they safeguard family health by sanitizing with water that's hotter than hands can stand. Don't you think you'd be better off today with happy dishes washed the electric way?
See your appliance dealer or plumbing contractor.
THERE'S NO MATCH FOR ELECTRIC LIVING
FLORIDA POWER & LIGHT COMPANY
HELPING BUILD FLORIDA

Do you earn too much to afford one?
For many people the Volkswagen would be an ideal car. Except for one thing.
It doesn't cost enough.
They're afraid nobody will realize they have any money, if it doesn't show in their car. In other words, they buy their car for other people. Not themselves.
Then there are those who earn enough to buy a much better car than the VW. But they don't. Because they can't find one.
For them the best car is one that's simply comfortable and economical. One they don't have to worry about. That doesn't make many stops for gas. And rarely needs repairs.
A car where the rare repairs don't cost a lot. A car where the car doesn't cost a lot.
They feel they can afford to save money with a Volkswagen.
Now next time you see somebody driving a VW don't feel sorry for him.
Who knows? Someday the bank might use his money to give you a new car loan

Garvey Is Named To Library Board

James A. Garvey, Sewall's Point, was named a member of the Martin County Library Board by Governor Hayden Burns, according to information received last Monday. Garvey replaces Mrs. Trudy Bohner, who resigned.

William F. "Rick" Crary, president of the library board, told The Mirror Tuesday, "I feel that he (Garvey) will be a very valuable member, and we are glad to have him. I think he is competent, well-informed and has a good background. I think he will work out very well."

The appointment became political Monday when Dr. Ira Williams, vice-chairman, told a Miami Herald reporter, "This is strictly a political appointment." He added that he didn't know if the library board would be able to work with Garvey or not.

Last week the library board recommended Mrs. C. R. Vandervoer of Stuart to succeed Mrs. Bohner, who resigned for personal reasons. The county commission endorsed the board's recommendation.

When contacted about the appointment, Garvey said he was pleased to receive the appointment and would work hard to justify the confidence of the governor in him. Asked about the comment of Dr. Williams, Garvey said, "I have no comment."

Governor Burns admitted that the appointment was a political one, in Tallahassee. Burns said the constitution provides that a person is elected or appointed to office, "I exercised my privilege as governor and appointed Garvey. I feel that he is a very competent man," Burns said.

Garvey is executive vice-president of First Federal Savings and Loan Association of Martin County, and has lived in Sewall's Point for the past seven years.

In a letter informing Garvey of his appointment, Burns stated, "I am most pleased to advise you that I am announcing your appointment as member of the library board of Martin County."

"Knowing your abilities as I do, I feel that our state and its citizens are truly fortunate to have your services in this capacity."

Members of the old board include Dr. Ira Williams, Elmer Flowers, Miss Jessie Jones, William F. Crary and Garvey.

James A. Garvey

Consider Pro Golf Advice

The Golf Course Study committee met Tuesday with Maurice D. Burritt, of the Management Advisory Service Department, of Burritt, Swartz & Hayworth, accountants and auditors, to discuss the possibility of retaining the firm for a comprehensive study of the Martin County Golf and Country Club.

Within ten days, the accounting firm will submit a proposal to the county commission for its consideration, according to Commissioner Elmer Flowers. He said County Commissioner Jack Saunderson represent the commission at the study group.

Others attending the meeting were Alvin S. Andrews, golf pro; Percy L. Dupuy and County attorney Don Tucker.

Ladies Golf News

The play on Tuesday of the Martin County Ladies Golf Association was eagle-ridden nine-hall tackle. Helen Reed and Zelma Hunter tied at 46. Arnita Johns puts cards at 48 with a 3.

The Ladies Golf Association will host North Palm Beach Golf Association on Thursday, July 28, with Hutchinson Island, Arnita Johns and Jessie Hutter as hostesses.

Softball Schedule

The Girls' Slow Pitch Softball League of Martin County, including 7th graders thru high school, play doubleheader games at ballfield parks on the following dates: July 22, Stuart at Jensen; July 25, Stuart at Palm City; July 29, Salerno at Palm City; August 1, Stuart at Jensen; August 5, Jensen at Salerno; Palm City at Stuart. August 8, Palm City at Jensen; August 8, Palm City at Salerno; Jensen at Stuart.

Games start at 7 p.m., sharp, and ten minutes after the first game is completed.

League champs.

Games start at 7 p.m., sharp, and ten minutes after first game is completed.

Harry Lentz, Jr., manages Jensen team; Henry Crane is manager of Port Salerno team; Earl Newhouse, Palm City girls; and Ernie Watson is manager of Stuart's team.

All Stars will play the winner of the Stuart-Jensen game August 12 will be presentation of trophies, when the All Stars will play the winner of the Palm City-Salerno game.

REMODELING-- The entire front of the Fredrickson Building in downtown Jensen Beach was torn out this week as workmen of G. A. Construction began a rapid remodeling job for the Jensen Beach office of First Federal Savings and Loan Association of Martin County. The office will be opened this fall.

Mirror Wins Two National Awards

The Jensen Beach Mirror won two honorable mention awards in the 1965 National Newspaper Contest sponsored by the National Newspaper Association. The awards were announced at the 81st annual convention of the Association in Boston last week.

The Mirror was one of only two newspapers in Florida to win awards. The competition was stiff, for 2,426 entries were recorded in the three different categories.

Awards are given for use of photographs by newspapers

Commission Will Advertise For Bids

At a special meeting attended by commissioners Jack Saunderson, J. B. Mosier and Elmer Flowers, the County Commission voted on Tuesday to advertise for bids on a boat for Hobe Sound. The boat is to replace one now in service because of need for repairs and for a new boat for the Manatee Island district.

Bids will also be advertised for 300 feet of north-

Roof Fund Is $2,437

The House of Refuge Roof Fund now totals $2,437.00, according to Mrs. Leland Hills, chairman of the fund installed by the Soroptimist

Club of Stuart. This amount is $762.50 short of the required $3,200 needed for the unsolicited grant to the museum, located on Hutchinson Island.

FP & L To Install Cable

Permission to install a submarine power cable in and across the North Fork of the Loxahatchee River at Jupiter was granted by Florida Power & Light Co. and Palm Beach Counties, has been requested by Florida Power & Light Co. of the U. S. Corps of Engineers at Jacksonville.

According to a notice sent by the Corps, the cable would be buried 18 inches below the river bottom.

Any comments of protests may be made before August 15.

MC School Budget Increased By 10%

School administrative officials of Martin County, board of public instruction, work session last Thursday night estimated a budget for regular increase of about 10 per cent.

The estimate was based on a "right budget", large outlays in the building program.

The budget would be spent as follows, under the present tentative plans: administration, $82,175; instruction, $1,641,79; operation of plant, $149,175; maintenance of plant, $74,310; auxiliary services, $151,204; fixed charges, $41,700; reimbursements to other counties, $44,492; outgoing transfers debt service, $40,300; and $213,311, capital improvements; beginning cash for the close of the year 1965-66, $110,760, and reserve for contingencies, $50,000, to balance the $2,600,000 income estimate.

There will be about 216 school teachers and administrators in the system in the coming year, one more than last year, according to Mrs. Lillian Dassori, general supervisor, who said 15 teachers are still needed. Most are needed at the Stuart Junior High School, and added, "I think that this survey proves that Jensen Beach is really on the grow."

Hutchcliffe Implement, Chamber of Commerce, Allen Palmer, president of the Chamber, said he was "pleased with the business conditions in our community".

Traffic Signals Denied For Fatal Intersection

Permission to install Traffic signals at the intersection of Ocean Blvd. and Jensen Beach Blvd., was denied last week by the Florida State Road Department.

Mrs. Ruth Kane, person in charge of the Traffic and Safety Division of the State Road Department, said that the request was denied because the intersection does not meet the minimum requirements for the installation of traffic signals.

There are stop signs on the Jensen Beach Blvd. flashing beacons, and a request for the light, on other traffic control signals is now pending.

Plane Makes Emergency Landing On Cut-Off Road

PLANE IS GROUNDED--This Mooney aircraft plane was grounded Tuesday during a flight from Stuart to Fort Pierce. The plane is owned by Mr. and Mrs. J. B. Mosier of Jensen Beach. Mrs. Mosier is shown while Sheriff Bo Baker inspects the plane for damage.

LUCKY LADY--Mrs. J. W. Sanderson crosses her fingers for Marriot photographer after she and her husband were forced into an emergency landing in Jensen Beach Tuesday, when their Mooney aircraft stalled on pleasure flight.

Jensen Summer Business Up 20%

Summer business activity in Jensen Beach is up about 20 per cent, according to a business survey made this week by the Jensen Beach Chamber of Commerce. Allen Palmer, president of the Chamber, said he was "pleased with the business conditions in our community".

Hutchcliffe Implement, Chamber of Commerce, Allen Palmer, president of the Chamber, said he was "pleased with the business conditions in our community".

Hutchcliffe Implement, Chamber of Commerce, Allen Palmer, president of the Chamber, said he was "pleased with the business conditions in our community".

THE CHAMPS--Pictured above are the members of the Rio Civic Club championship Peanut League team, directed by Coach Harry Lentz, Jr. The team so far has had an undefeated season and plays its last game tonight (Wednesday) in Stuart.

THIRD YEAR--Harry Lentz, Jr., manager of Rio Civic Club Peanut League team, holds a trophy after winning this year's competition. The team has been undefeated for three years, and this is the third such sponsor's trophy won by Lentz as manager.

Fish For Snook, Tarpon This Week

Reports from fishermen over the past week indicate that snook is still biting, and in some places, all sizes are being caught, generally excellent for both.

Some reports continue to say, good sizes, and some fishes in the Sun Parlor area have reached the 40 lb. size limit.

Snook and tarpon found in the area around the inlet area.

Some whiting are to be found in the Indian River.

Fishermen Monday night heard Ernest Hillsley say he expected a new home to be constructed on the inlet property, without any warranty clause, or restriction, in the deeds for the subdivision, first recorded in November, 1948, limited hospitals and public buildings.

City Manager Joe N. Crowder pointed out that the city follows the zoning code and does not enforce deed restrictions.

Nursing Home Is Opposed

A Hibiscaid Park resident has opposed construction of a 100-bed nursing home on a lot on which there are deed restrictions.

Commissioners Monday night heard Ernest Hillsley say he expected a new home to be constructed on the inlet property, without any warranty clause, or restriction, in the deeds for the subdivision, first recorded in November, 1948, limited hospitals and public buildings.

City Manager Joe N. Crowder pointed out that the city follows the zoning code and does not enforce deed restrictions.

ALL STAR COACHES--Three of the managers of the All Star teams are pictured above. They are, left to right, Jack Simmons, Port Salerno; Richard Steele, Hobe Sound; and Wendy Aitkins, Jensen Jr. team. Other teams which played in Friday night's Peanut League championship game against Rio Civic Circle champs, were Palm City, Harvey's Club, and Kiwanis Club.

The Bob Means Entertained

Mr. and Mrs. George Randall of Phoenix, Arizona, left Monday after spending a week visiting with Mr. and Mrs. Bob Means, Roberta Avenue, Jensen Beach.

Mrs. Randall is the sister of Mrs. Means.

JANICE GREEN, 17, a graduating senior from Martin County High School, was designated by the school as showing the most outstanding improvement as a Diversified Cooperative Training student, and has received a merit award from the Dairy Council of South Florida.

The daughter of Mr. and Mrs. Robert Greene, Jensen Beach, worked in the parts and... department of the school last year.

Joe Zelinka, and Thad Howard, Back row: Coach Ed Howard, Jim Lanier, Russell Yates, Ron Zelinka, Jim Lanier, Jr., Jerry Howard, Manager Jeff Howard, Lance Kahle, Jim VanTinnier, John Howard and Johnny Chance.

Gators Nip Dogs; Don't Shoot 'One-Eye'

There are alligators in the North Fork of the St. Lucie River with a taste for dog meat. One is an eleven-foot monster with one eye, the other a seven-footer with two eyes.

Tom Sylvester witnessed one of the attacks on a dog recently. Old "One-Eye" grabbed Jr. Mills' thoroughbred German shepherd by the right hind-leg and the dog wasn't in the water but apparently went the chase to the "gator on the bank.

The smaller 7-foot alligator included Bill Tabor's pup in the fray, witnessed by Talley's sons, residents of Palm Lake Park and North River Shores have been complaining to have the gators trapped.

Ladies Golf

Martin County Ladies Golf play on Tuesday was handicap point system, with Burt Hollowell, with a 36. Hattie Bethel was runner-up, 37.

Sheila Jensen Moves to Mo.

Mrs. Sheila Jensen, with her three daughters, formerly residents of Jensen Beach, is now making her home in Jefferson City, Mo., according to Mrs. Forest H. Beattie, according to a letter to Buffalo Bill's Reflex.

Mrs. Jensen is the daughter-in-law of Mr. and Mrs. Andreas Jensen of Skyline Drive, Jensen Beach. Her husband is a missionary in Africa.

OBITUARIES

Mary Neal Taube

Mrs. Mary Neal Taube, 71, of 415 Pine Street, Jensen Beach, died in Martin Memorial Hospital July 8 after an extended illness. A native of Pelzer, S.C., she had lived in Jensen Beach for 16 years.

Mrs. Taube was a member of Jensen Beach Community Church, a life member of the Garden Club of Jensen Beach, a member of Order of the Eastern Star of Stuart.

She is survived by her husband, Arnold, of Jensen Beach; one daughter, Mrs. Robert Jones, of Stuart, and three grandchildren.

Funeral services were held at Johns Funeral Home Chapel July 9, with Rev. Newton M. Tweedy, Pastor of Jensen Beach Community Church, officiating. Burial was at All Saints' Cemetery, Jensen Beach.

Delia MacArrick

Miss Delia MacArrick, 91, of 405 Harrison Ave., Coral Gardens, Stuart, died July 6 at her home. A native of Ireland, and formerly of Ozone Park, New York City, she had lived in Coral Gardens for four years. She was a member of St. Joseph Catholic Church of Stuart.

She is survived by a niece, Mrs. Catherine G. Walker, of Coral Gardens, and one niece and two nephews in New York.

Funeral services and burial will be in New York, with Johns Funeral Home in charge of local arrangements.

NOW! "The Try of a Lifetime"
Let yourself go... Plymouth

If you're going to buy a compact car . . . we're willing to gamble $10.00 you'll want to own Valiant because . . .

■ Valiant is the lowest priced of these three:

	Valiant 100 4-cyl. 2 dr., sedan	Falcon	Chevy II
Delivered price	$2027.	$2090	$2059.80

■ Valiant is the one with the 5 year, 50,000 mile protection plan against certain defects in engine, transmission and rear axle.

■ Valiant is rated ... as the lowest of the three. Chrysler sedan compacts.

SO HERE'S HOW TO GET THE EASIEST, QUICKEST $10.00 YOU'LL EVER SEE

1. See your Plymouth Dealer
2. Register with any salesman
3. Take a demonstration ride
4. Buy any compact (Valiant, Chevy II, or Falcon) within three days

5. Show us evidence of purchase

We'll Pay You $10 Cash On The Spot.

Port Salerno News

by Howard Lee Haid

...ister And Hail Hit Port Salerno

...ional baseball league game last night between the Port Salerno Firemen and Delia MacArrick Memorial Hospital, the Port Salerno team was defeated by the score of 4 to 3. The game was played at the baseball field in Port Salerno.

The Firemen scored their runs in the fifth inning. Pitcher Jack Saunderson, who is also manager of the team, struck out the first batter to face him. Then Jack Saunderson walked. Then Jack Saunderson walked. Then Jack Saunderson walked

BEER—A big boost to the economy!

The brewing industry each year contributes over 2 billion dollars in federal, state and local excise taxes. Wages and salaries in the brewing industry amount to almost 500 million dollars, and the purchase of packaging materials from other industries runs over 500 million. So next time you enjoy a cool, refreshing brew after hard work or play, remember BEER is good in more ways than one!

Nancy Dibble To Wed Ralph Petersen Aug. 6

The wedding of Miss Nancy Elizabeth Dibble to Ralph H. Petersen will take place August 6 at 7 P.M., at the Congregational Church in Vero Beach, with Rev. Autsdorf officiating.

The Bridesmaids in the daughter of Mr. and Mrs. Vincent Dibble, Jr., of Jensen Beach, and Petersen, who now lives in Stuart, is the son of Mr. and Mrs. Henry Petersen, of Vero Beach.

Miss Dibble is a 1965 graduate of Martin County High school, was employed by Publix Markets, and is at present training to be a airline flight attendant with Atlantic Seaboard.

Petersen graduated from Vero Beach High school in 1961 and was discharged on August 6, 1965, after four years in the U. S. Air Force, spending nine months in Viet Nam. He is employed by Sebastian Air Craft Engineering Corp. as an Avionics technician, and also works for Martin Marietta in Jensen Beach.

All friends are invited to the wedding. A reception for family and wedding party will be held at the home of Mr. and Mrs. Henry Petersen.

Nancy Elizabeth Dibble

OCEAN BREEZE NEWS

by Tom Cook Phone 287-5312

Tom Cook Finds Canada Chilly

[illegible] week of visiting with the family in Saskatchewan, we hit for Saskatoon, Saskatchewan, where we were to meet my daughter and her two grandchildren, Tom and Melinda, in July 1st. My daughter [illegible] had booked a flight and personally [illegible] bed from of the continent of Europe and the three of them [illegible] Canada. The [illegible] and hotels were [illegible] as were [illegible] in all getting into [illegible] and then after [illegible] a week's satisfying visit [illegible] their home [illegible] Melville, there the three [illegible] Winnipeg and also [illegible] their travel adventures.

[illegible] of us had been [illegible] to see [illegible] Canada [illegible] and [illegible] the Trans-Canada [illegible] Highway. This was [illegible] the whole North American [illegible] it has been [illegible] to see [illegible] Canada [illegible] Saskatchewan, Alberta, [illegible] Manitoba and [illegible] Ontario. [illegible] of us had also [illegible] to see [illegible] Niagara Falls [illegible] Canada.

[illegible] Harris Atkins is back in [illegible] after seven weeks in [illegible] Veterans' Hospital. He is due to return there August 8 for further observation.

Jimmy and Roy Dales, who drive [illegible] Hoyt and Marie Jewett to Pine Hills Trailer Park for John Cuellar' car are spending some time there before returning to this Park.

GOP Girls Will Group To Cheer For Kirk

A new Republican group, called the "Kirkiettes", will be organized in Martin County for girls 12 to 20 years of age.

The initial meeting will be held Saturday, July 30, at Republican Headquarters, 308 Hames Circle, Stuart, at 9:30 a.m.

The group, sponsored by Octogenes Committee To Elect Claude Kirk, will wear identical costumes and will attend political functions to cheer their candidate, Claude Kirk, Republican gubernatorial candidate, on his tours.

All interested young girls are invited to attend. For further information, phone Mrs. Barbara Lindsey at 287-4695.

Fashion Shows Seen In Italy

Mrs. Ed Lawrence, manager of The Outrigger Gift Shop, recently returned from a three-weeks buying trip to Italy. She attended the big fashion shows at Pettie Palace in Florence, enjoyed a private showing in Milano, then traveled to Genoa, Pisa and Lake Como.

Mrs. Lawrence was accompanied at some of the shows by Mrs. John Wolf of The Anchorages.

Mrs. Lawrence reported that she had a "beautiful trip" and brought back many lovely and exciting items. At the present time Mrs. Wolf is in Athens, Greece.

Trinity To Have Substitute Preachers

A certified lay speaker, Norbert E. Smith, will preach morning worship service August 7, at Trinity Methodist Church in Jensen Beach.

On August 14, Kenneth Lacey, lay leader of the church, will be the speaker.

During the Rev. Klein's absence Methodist minister will fill in every fifth Sunday. Services will be conducted at 9:30 a.m.

the Methodist church will preach at the morning services.

Pres. Gonsalves will be on vacation during this period.

Turtles Are In 'The News'

Jim Hardie, assistant editor of The Miami News, also attended the convention of the Izaak Walton League's 3rd field research for the outdoor writers of America, where the following article was submitted and was printed in the June 26, 1966, edition of The Miami News:

"Many Turtles in Beaches, Dolphin Invasion"

"Jensen Beach—Although dozens of giant sea turtles are coming ashore to lay their eggs, this is an annual occurrence along the southeast Florida coast . . . a spectacle of nature viewed by thousands of tourists and Florida residents who troop to the beaches during May, June and July to watch the turtles.

This nationwide stretch is sensible, plans all are submitted, provides a front row seat to this annual event. Everyone it seems is attracted to these turtles that are their plates, from the fisher to the tourist, as a sea turtle feast.

The turtles come ashore at night. Usually in groups of 20 to 30 at a time, they crawl up on the beach and dig a hole in the sand. Then they lay their eggs, cover the hole with sand, and go back to the sea.

Although the turtles appear to be fast on land, they are actually very awkward and slow. They usually crawl up on the beach during high tide, and it is almost impossible to tell which way they are going.

Although the turtles appear to be fast on land, they are actually very awkward and slow. They usually crawl up on the beach during high tide, and it is almost impossible to tell which way they are going.

If the conservationists do not gather the young turtles, most of them would die of exposure to the sun and water by nightfall. Many animals, including dogs, would be waiting to feast on the turtles as they crawl back to the sea.

The House of Refuge, one of the landmarks of Jensen Beach, was built in 1876 by the U.S. Government, and all attempts to preserve it as a historical landmark have failed.

Although it is a state historical marker, the building is in ruins. Turtles and other animals take up residence in the ruins, making a perfect habitat for them.

It takes about seven weeks for the eggs to hatch, and when the turtles gather for the young turtles to appear so they can gain the water. They take them to the House of Refuge here. The young turtles are placed in racks and carried for little distance to the sea.

Hydrofoil Gunboat Is Being Built

The Grumman Mohawk Is A Low Level Spy

POINTED REMARKS—Lt. Gen. William B. Bunker charged the Grumman Aircraft group with its main effort [illegible] dedicated to the fact that our materials [illegible] make a superior product.

FLIGHT DECK—William M. Park, asst. vice president of [illegible] Division, Stuart, was built [illegible] late as 1961.

FLIGHT DECK—Hugh Grant, Jr., inspects the interior of the [illegible] made at the Grumman plant in Stuart.

PRESENTATION—Lt. Gen. William B. Bunker, deputy commander general of the Air [illegible] presents a Grumman Gold Medallion to Mrs. [illegible] Jr., [illegible] Aircraft Division.

The first modification of the Grumman Mohawk OV-1 was accepted by the U.S. Army Friday.

The Mohawk is a two-place, twin turbo-prop OV-1 aircraft designed for operation from undeveloped fields in the forward area of war zones. It is the only completely integrated battlefield surveillance system existing today.

With its infrared sensing devices, the OV-1C can detect, classify and accurately relay intelligence on the activities of an enemy force both day and night, and in inclement weather.

The infrared system provides the airborne observer with an instantaneous picture of the area over which he flies while, in the ground, the system operates it can receive simultaneous readouts from the aircraft allowing them to make immediate decisions for maximum mission success.

The Mohawk made its first flight in April, 1959, and since has been deployed with the Army throughout the world. It has been employed effectively in Viet Nam coastal zones.

The aircraft is produced in three basic configurations. The OV-1A, visual-photographic aircraft; the OV-1B visual-photographic side-looking radar aircraft, and the OV-1C visual-photographic infrared aircraft.

All three models are essentially identical differing only in the electronic systems installed. All models have remotely operated cameras capable of night operation; certain Mohawks have been equipped with a forward-looking radar capability.

The Mohawk is a comparatively small, two-place, [illegible] aircraft. The pilot is [illegible] and the observer are seated [illegible] the fuselage in a [illegible] which affords maximum visibility for [illegible] operations.

A rugged tricycle [illegible] gear with steerable [illegible] facilitates operation from unprepared fields.

The plane is [illegible] and has self-sealing [illegible] It gross [illegible] to 19,200 lbs. It is [illegible] high [illegible] off, and it has a [illegible] speed of [illegible] knots at sea level.

The Mohawk is [illegible] flight speed and is [illegible] flight speeds.

The plane is [illegible] climb [illegible] [illegible] minutes.

Its [illegible] flight [illegible] at [illegible] feet.

It is [illegible] with [illegible] [illegible] [illegible]

LIVE.....and love it By DICK CAMPBELL

Entertainment Galore

This area is undergoing a variety of entertainment. It is unbelievable and may, when things are generally settled, be hard to believe.

Just this morning (Tuesday) I was told of what happened to Jensen Beach Tavern (cocktail lounge). It has been forbidden from the ceiling to the floor, and I doubt that there is anything salvageable. The original bar, now sunk in the floor.

The place would compare with those from Fort Lauderdale to Jacksonville in class, depth and service. Floor-to-ceiling beautiful paintings on the walls of sailing the Gulf, Caribbean and the Bahamas. Just as much room as possible, and a unique feature: a fireplace in the middle of the room. Absolutely and completely unique.

Now it is gone. Practically all that is left is the building, which, and I am told, will be torn down. Just a few days ago I was told that Jensen Beach Tavern had been sold to Martin County for $100,000. The land alone was appraised at $75,000. Now it is worth only the value of the land.

The real estate in Jensen Beach was a fine tavern. The Jensen Beach Yacht Club entertainment and weekends for members has been one of the fine points in Martin County's night life. The land alone has just about a million dollars as well, keeping the tavern as a going concern. Now, the Yacht Club has only the clubhouse with the kitchen and bar facilities and beer. As well, keeping the tavern as a going concern, the Yacht Club had only a membership of 200 and now has a membership of 300. Just how it is going to operate with the clubhouse is not known.

Entertainment continues to grow in this area. Just a few days ago I was told that Martin County had been awarded the fair, meaning that Martin County's night life, Thailand Palm Inn and a million and beer, as

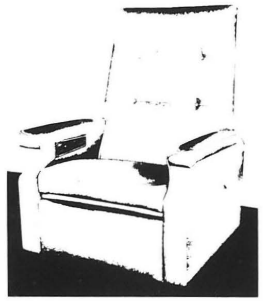
Niagara
ROLLA-SSAGE
Model 950 Chair
WITH CYCLO-MASSAGE AND MOVING HEAT



950 CHAIR CONTROL PANEL

ROLLA-SSAGE MECHANISM
operates on a track built into the back of the chair. The Cyclo-Massage unit in the back of the chair is on the foot rest; moves smoothly up and down the track, gently kneading and massaging, from the neck to the base of the spine just the expert fingers of a masseur. The Rolla-ssage mechanism can be stopped at any point, and by leaning the massage motor farther on you can get soothing Cyclo-Massage action in one specific spot. Or, you can operate the Rolla-ssage mechanism without using the more deeply penetrating three-way massage action of the Cyclo-Massage motor.

INSTRUCTIONS FOR USE
Niagara Cyclo-Massage Chair Model 950 contains two Cyclo-Massage motors, each independently controlled, and a heating element. By sitting or reclining on this chair you may apply massage action to the back and legs, either separately or combined.
There is also moving heat in the back which can be used separately or together with massage, as desired. Motor speed controls can be adjusted to slightly differing speeds to produce a smooth, pulsating, especially relaxing, massage action.
As in all Niagara Cyclo-Massage products, the higher motor speeds are more stimulating and muscle relaxing.
GENERAL: For a general feeling of well-being, use your Niagara chair immediately upon arising, before breakfast, to get your day off to a good start. Twenty to thirty minutes of relaxing massage at this time should help your day immensely. Operate motors at one-half to full speed, and switch on the heat if desired.
Medical authorities recommend that you be relaxed before eating. To help you achieve this desirable state, use your Niagara furniture before lunch and dinner at half-speed or lower for twenty to thirty minutes or more, preferably with the heating element on.
SIMPLE TENSION: Use your Niagara furniture to help relieve simple tension due to the commonplace everyday overwork and fatigue, and to encourage sleep. For this purpose, adjust chair to reclining position. Set timer for thirty minutes, turn motor speeds low, ease back, forget your troubles and relax! Remember, heat is a definite plus in helping you to relax.
SLEEP: To help encourage sleep, use your equipment just before you retire for the night. Use full reclining position and low motor speeds. A half-hour or more of soothing Cyclo-Massage and heat before you go to bed should help you attain more restful, relaxed and drug-free slumber.

Tom Cook Visits Flin Flon Mine

Situated in the whole of our trailer area is very level and wide, which would not like to see it. Flin Flon Dam is definitely there flushed through [illegible] of the silver, [illegible] Dam. [illegible] and [illegible] Dam. [illegible] [illegible] [illegible]

CHAMPIONSHIP MATERIAL—These members of the Port Salerno Softball team making the squad that will face the Stuart Girls softball team in a championship playoff Thursday, August 25, at 7:00 p.m. From left to right, front row: Barbara Simmons, Kathy Crane, Tara DeHartola, Elsie Taylor. Second row: Barbara Simmons, Becky Hall and Simmons, Christine Simmons. Third row: Mrs. Mildred Hall, manager, and Mrs. Mildred Parker, coach.

Bowling Awards Banquet Will Be Held Tonight

The awards banquet for the summer league mixed couples will be held this Wednesday evening at 7 p.m. at Jensen Bowling Lanes. Jack Hall, league president, announced awards will be presented to various winners of the different categories. Hall said the league ended with the Manhattans, composed of Mr. and Mrs. Bill Kesto and Mr. and Mrs. R. Comstock in first place, and with the Grasshoppers, Mr. and Mrs. Jim Hudson and Mr. and Mrs. Dave Rockset in second place.

Hall congratulated all who participated in the league and wished to remind them to attend the Wednesday dinner.

5-10 SPLIT—Jack Carpenter, shown here as one of the bowlers to hold the ABC sanctioned 5-10 Split Header Certificate, today extended his membership as a contributing member of the Bowling Congress. Carpenter will pursue his efforts to hold the certificate.

TIME TO LEARN TO SAVE!!

Your youngster will quickly find out that most of the things he wants cost money. The earlier he learns the value of savings, the better his life will be. Now is the time to teach him the surest and safest way to financial security—his own Savings Account with an organized savings program! He'll grow watching his money grow . . . he'll build something of value . . . he'll reap the benefits of having "what it takes" to get what he wants. Open a Savings Account for your youngster at our bank

Young Golfers Play In Junior Championship

A sudden death playoff climaxed a dramatic finish to the second annual Junior Championship at the Martin County Golf and Country Club last Thursday. Finishing the eighteen holes with five to share the medalist honors were two 15-year old youngsters, Steve Martin and Rick Faulk, destined to continue the duel 5 until one emerges the winner.

The sudden death playoff began and ended on the first hole when Steve Martin dropped a four-foot putt for his five while Rick Faulk ended up with a six, both boys had hit good tee shots and good second shots after the trouble began for Faulk. He used two more shots to reach the green and then two-putted from about 20 feet for his six. Martin's third shot reached the green and rolled to the back side, but he recovered with two putts for a five to capture the top honors for the day.

In the Girls' Division, Bettie Desbiens took the title by firing a 60 for the number one spot in nine holes of play. Finishing six strokes behind Miss Desbiens was Jan Timmons with a 66. Other girls finishing in the respective order of third, fourth and fifth were Sandy Hotapp, Pam Hartsell and Kathy Martin.

Other winners in the Boys' Division, ages 13 and under, nine holes only, Peter Faulk, 65; Barry Brinker, 79; Brad Schofield, 80; Lad Morrison, 86; Mike Longeberg, 109.

Ages 14 through 16, nine holes, Kirby Brinker, 85; Jerry Arnold, 104; Scott Chatterton, 104; Mike Faulk, 104; Jud Palmer, 105; Eddie Gilbert, 106; Lance Rinker, 106; Jon Lattaberg and Ken Featherstone dropped after nine.

CONGRATULATIONS—Rick Faulk, left, congratulates Steve Martin, right, after he won the sudden death playoff for the Junior Championship as Club pro Matt Moore looks on. Both boys finished the eighteen with the final scores of 85 necessitating the playoff.

FIRST PLACE CHAMPS—Junior Champion Steve Martin, left, receives the first place trophy from Club pro Matt Moore for his victory in the Sudden Death playoff with Rick Faulk, second place winner.

GIFT STEPPER—Jeanie Stefin, daughter of Mr. and Mrs. Joe Stefin of Jensen Beach, will be four Friday, August 26, with a Flight Attendant's kit from Eastern Airlines. Jeanie is a student at Jensen Beach Elementary School.

A Screech Of Tires

KIDS in the endless things, when you are living where road, the speed limit is fifteen, and school is about to open, they do the farthest things, like running out in front of your car.

A screech of tires, a scream, and that sick feeling your stomach as you say to yourself, "Oh, God, it has happened to me."

Then you look and you recognize not it, because you were within the speed limit, you were looking to the right and the left and in front, even after the child was hidden.

Yet, you were in the way somewhere and fluttered a little thing in front of your car, and the brakes screech of tires, a scream, and that sick feeling.

Especially, when it does die in session.

LIVE.....and love it by DICK CAMPBELL

Si, Tengo Lapiz Rojo

Captain Ribo Castagnola waved the menu in his hand like a baton. At his trade he was a master, and he wafted us down the aisle like a couple of leaves. So sat us at the table, front row, by the stage, while jacketed waiters clustered around like bees in a swarm, and water glasses were filled and all was in readiness for the order.

"Monsieur," he said in perfect French, "I have seen you in here before. You look very familiar." The gesture was unmistakenly gallant.

"You have never brought me here before," my wife said with a glint in her eye.

"Well, no, madame, he was not with a woman.....a group of women," added quickly.

Ribo speaks French, Spanish, Italian, English and a little Lebanese, he has led a fantastic life, having served governors and kings, as well as little leaguers people like you like few and his direction of a staff of waiters bears fruit.

In a few moments Ribo was back, wearing three lapels and a gentleman at the table beat to say, he spoke in perfect Spanish, and in a few moments I was introduced to Sante Portaro, the famous pearl businessman from Lima, Peru. With us were Mistress Scarlotta Fontaine, Mistress Jutta Lenz and Miss Violeta Lenz.

Miss Vega, a young teacher from Peru, could speak a little English so we had the opportunity to talk to one another. And I got an opportunity to talk a little (very little) Spanish.

I said, "Tengo lapiz rojo", but once you say you have a red pencil, what else is there to say? I mean, that kinda stills the conversation right there. Miss Vega was very kind, and she helped me in a short talk with Senor Portaro.

The floor show suddenly came on stage, and "Voila!" we were back in French. All I can say about the show is that they went all out to show us a good time. Voila!

People can talk all they want about the mannequins, and I guess they will talk, but I lit one anyway. Captain Ribo came up with a pony of brandy and said the right things for a while. It was perfect.

Next time we take a special vacation, I hope to find the Carillon Hotel's ad. For I can't ever recall I want to see Captain Ribo recall and the Miss and the people.

In the meantime I'll keep on my ruthless standard. Let it remain what it is after "Tengo lapiz rojo."

YOU REALLY FLY THESE THINGS? This seems to be the question asked by the following couple of John Hancock, Hilton Lacy and Eugene Archer, as they participated in under the Jaycee Fly-In to Stuart. Pilot Archer is shown at the controls of the Piper Tri-Pacer, while Lacy and Hancock look over his shoulder. Pilots of more than 30 planes participated in the Jaycee Fly-In.

Garretts Return Home From Four Month Trip

Tommy and Everett Garrett have returned to this area after four months' absence. After their far-eastern and Oriental tour ended, they arrived in Pomona, Calif., where they visited their son, Jerry, and his wife, Jean, and their family of four children. Shortly after their arrival there, it was vacation time for Jerry and Jeanie so they flew east to Melbourne, Fla., Dr. and Mrs. Ted Hollis met them, and drove back to the ranch.

It was the first time east for Jean, so they explored a bit of Florida while driving his parents' car to Kentucky. It was their idea that all Tommy and Everett had been writing about Florida was broadcasts. Since they were there, a little bit on their state before flying west to Pomona.

While the senior Garretts were out west, they renewed acquaintances with many friends and took time to see Disneyland with the family and varied colorful attractions.

Heading eastward, they went through Oak Creek, Arizona, to Mesa Verde National Park, a colorful, Dutch description of that park would fill many columns. Spruce Tree House was an Indian village and is the third largest cliff dwelling in Mesa Verde National Park. It is built in a natural cave 216 feet long with 89 feet the greatest depth and 30 feet in greatest height. The complete dwelling contains 114 rooms. Most were living rooms, but some were storerooms, and eight of them were ceremonial rooms. It is thought about 100 people lived in this cliff house at one time.

Cortez was passed about 2200 A.D. to 1300 A.D. This was a thriving village of the Pueblo Indians. Ancient cooked cave fireplits to countryside, ancient pottery, and ancient baskets of made pebbles, that were worn by the Indian women, weaving fronts cliff house dwellings were found.

It was found that many children played and played together in the low wall at the bottom of the dwelling. Deep in the ground was found a child's skeleton. The ladies of the village had placed a box sandwich for the child. The teacher who interested in the Tree House and the cliff-dwellers, and [illegible] Park Service [illegible] line, in 1888 after they discovered the ruins. Before this time, the Indians of the village [illegible] from the cliff dwellings.

Entering Ouray County, they learned that there were 540 square miles in area and the hub of this wonderful scenery amongst the mountains is called "The Switzerland of America". It is situated, then found Ouray, a thriving, Main Street one-car-less-a-almost, complete circle of rugged 12,200 to 14,000 feet mountain ranges surrounds this charming mining town that is still maintained in its early 80's. Here the miners' pick spoke started fortunes in the early miners.

A stop at Colorado Springs was made to visit old friends. Hospitality was traveled, they visited Fort Worth, Texas, for a few hours a time when to [illegible] swimmers [illegible] filling [illegible] and [illegible] harder each week, [illegible] resolved no further such [illegible] but [illegible] homes. A safe trip [illegible] small dog that was [illegible] that far [illegible] the wonderful [illegible].

can become a storm if conditions are right and still build up wind velocity as it intensifies.

A tropical disturbance officially reaches hurricane status when its sustained wind speed is 75 miles per hour. Winds of 90 to 100 miles an hour are common in mature hurricanes, says Dufour.

Although rare, the highest recorded hurricane wind was 160 miles an hour in New England in 1938.

Heavy rainfall usually accompanies a hurricane. The average amount varies from 5 to 10 inches, but 20 inches and unofficially, even 40 inches have been recorded in 24 hours.

Hurricane season officially begins June 1 and ends November 1, but hurricanes rarely occur before August 15 or after October 15.

This was the greatest 24-hour rainfall on record in any state, ever known in the U. S. The area was flooded but no one drowned.

Tides from 3 to 10 feet above normal are

when storms hit the mainland. Sometimes, tides are higher and flood low-lying inland areas.

Dufour pointed out that hurricanes can cover a large region. The storms may generate hurricane winds of 250 miles from the center, winds in these squalls can be very destructive.

A hurricane has two types of motion.

One is the rapid rotation around the center where strongest winds blow. The second is the forward movement of the storm itself, which causes them to veer to the [illegible] and south. The combination of the two will usually produce the strongest winds right ahead of the storm's forward direction of movement.

It is advisable to keep the radio tuned to local broadcasts for [illegible] and to prepare for the storm.

Hurricanes begin in the Caribbean Sea, the gulf of Mexico and the tropical North Atlantic ocean, said Dufour. Around 90 per cent of them form in August and September.

The infamous hurricane of 1928 developed over the Caribbean Sea and moved northward over Florida. It was the most severe storm ever recorded in the U. S. The storm caused [illegible] deaths, injured [illegible] and left [illegible] homeless. Property damage was [illegible] million dollars.

Also in 1928, Hurricane struck Louisiana coast on October 3 causing [illegible] injured, [illegible] homeless, totaling $2 million dollars.

These storms are the only ones in the United States after the years 1952 and 1906 ... in which [illegible] specific place.

New Scout Troop Is Planned In Jensen

The formation of a new boy scout troop was announced last week in charge of Gene Kasper of Island Intermediate Jr. High. Mr. Kasper, Jr. Martin County scout commissioner, Dick Campbell.

The new troop, as yet unnamed, will be sponsored by the Jensen Beach American Legion Post and will be based in the Jensen Heights area, Campbell said.

Troop 402, sponsored by the Jensen Beach Civitan group, is now in operation at about capacity, Campbell said in a talk to parents of Jensen Heights scouts, with one or two boys waiting into the troop each week. There are also boys in troop 402 now, Campbell is searching for leaders in the Jensen Heights community area, and has asked that all interested in the scout program for their children contact them. Previous experience is not necessary, he added.

What To Do During Hurricane

SEE WHAT WE WON?- Pictured with Scoutmaster Gene Kasper are members of Boy scout Troop 402 who received awards at the court of honor held last Thursday night at the weekly meeting held at Jensen Beach Community Church. From top, left, after Curtis Littman with second class badge; Kasper; and J. D. Lockaby, Jr., second class badge; Campbell with second class badge; Kasper; and J. D. Lockaby, Jr., second class badge; Littman, left to right, Richard Martinek, second class badge; Dave Peel, second class badge and star; Lockaby with badge and Tim Sellers, second class award.

BOTH ARE PROUD--Curtis Littman shows his mother his first class badge which he received in a ceremony held last Thursday night at the Jensen Beach Community Church. Littman became the first scout in the newly organized Troop 402, Boy Scouts of America, to win the award.

Know About Hurricanes And Where They Grow

THE MIRROR September 1, 1966 Page 13

winds in the shaded forward right quadrant. The weakest winds are usually found directly opposite this area.

Hurricanes normally move on a westerly course for three days or more before recurving to the northeast. Their speed of movement is usually slow, averaging 10 to 15 miles per hour, but may be delayed or hasten to 30 miles per hour. The radius of high winds, the amount of rainfall along the path, and the duration of high winds vary greatly with each storm.

A hurricane has two types of flooding associated with it. The rapid rise in water level at the time of landfall is caused by the winds blowing water onshore. The second type of flooding is caused by the torrential rains associated with these storms. Of these two types of flooding, the latter is the most dangerous. Overland flooding from rainfall alone may occur hundreds of miles inland.

SUGGEST YOU

Have on hand a transistorized battery-operated radio. Your auto radio is a substitute.

Keep your electrically powered radio available and in good repair. It is best as long as you have electricity in the house.

Keep your dial set to receive WSTU (1450) or WMCF-FM (92.7). They are the designated Civil Defense stations for Martin County.

All regular programs will be interrupted to bring you the important bulletins from police, fire and Civil Defense stations. When necessary, WSTU, WMCF-FM will stay on the air 24 hours a day. You will get all information on the storm from WSTU - WMCF-FM.

In the event of a power failure, WSTU - WMCF-FM will stay on the air. WSTU - WMCF-FM has its own power generators.

BE SURE ALL RADIOS
ARE IN GOOD WORKING ORDER

What You Need To Store

During these hurricane-prone weeks, don't be caught without the essentials to weather the storm.

Home economists recommend before the hurricane hits, you stock the larder with canned meat, tough fruit juices, special foods for babies, invalids, the aged, powdered and evaporated milks, crackers and cookies. Brief reminder, be sure to have a can opener, a battery radio, flashlights and an ample supply of batteries.

It is important to have stored in other well-protected containers, matches, soaps, bags, and utensils.

Now is the time to update and refresh your first-aid kit.

To conserve water stored in refrigerated plastics, freeze small beds such as screwdrivers, pliers, nails and hammer.

If you should have to evacuate your home, take with you a first aid kit, a change of clothing for each member of the family, a blanket or sleeping bag, a flashlight, battery radio, cookery, and non-perishable food.

Tell the countryside you're the portable TV set and the electric fan. Also the electric shaver and the family's children's crayons.

You should also have on hand cash, a credit card, a full tank of gasoline, a first aid kit, a fire extinguisher, a shovel, a broom, a mop, a pail, a bucket, a hammer, nails, screwdriver, pliers, a wrench, a can opener, a crowbar, a hand axe, a rope, a ladder, a pocket knife, a flashlight, a battery radio, candles, matches

Off To Viet Nam

"They're The World's Greatest Audience"

by Dick Campbell

Tony Bonura sat on the stool at the kitchen counter. He held a glass of champagne in his hand, and leaned back at the moment in the center of it. He scratched for the right words to say it, and began.

"I just want you to know what we intend all this. I feel that it is important, and you should know. You have been wonderful to have a party like this for us."

He took a sip of his champagne, moved out a bit from the counter, and continued his line.

"I know that for Frances and Patti Thomas, Lucky Johnny, and myself, this has been a wonderful month. We've had a chance to see all of our friends and relatives, and that's the most important thing in the world."

Johnny traveled close to a million miles; she and Bonura have not had a "real" vacation in almost two years.

"We have families involved in both of our 'Ya Lands'," he said, "I have my wife, and we have two children, and we have other things scheduled for us. After we come back from this trip to the United States, I don't know if Johnny and she will have another vacation for a long time."

"So what I'm trying to say is that we appreciate your feelings. It's not just that what these people in the Viet Nam area are doing is wrong. They are not just fighting for their own freedom, but for the freedom of the whole world. And I know that we have suffered in the past, and will suffer in the future, but I know that we will win in the end, and Frances and I will be back to see you as soon as possible."

"Then this season Frances and I talked, sitting there and she said, "I want to see you something and I want you to give me an answer." I said "Frances, after 20 you want to go?"

She said, "Well, I certainly can't mention the months of August or September because we would be coming like your baby, but, after September?"

I said, "After September, fine." That was before Johnny was here. Then she told me that there are a thing like this for ten years and wanted to do it, which I thought was great, that she would take the time to have her beautiful daughter here. So you'll be the judge."

When traveled close to a million miles; she and Bonura have not had a "real" vacation in almost two years.

A Community Steps Out

The people of the newly organized Mars Hill Community center have taken a step not for the people in their vicinity, a program of self-help in order to gain a recreation unit protected.

Last week the first meeting of the group was held under a new charter and the people are now raising funds and putting up a building was slight. With enough money to clear the land, the board of directors of the center is planning to put a new building on the committee board members for the park.

At the urging of the Jensen Beach Civitan Club, and with the direction of the members, the community cele-

Are We Losing A Park?

Attorney Eaglemont to the 40-acre park that was to be located at Fort Matanzas, which is now under consideration by the committee, has become?

The people have a right to know.

As the people begin to realize the new jewel center in the northeast side of Lake Okeechobee, park's potential, remember that a 40-acre park was designated to be built at the lake and the St. Lucie canal, the beauty of that section of Martin County, a fine recreation is shown.

YOUR PHARMACIST SPEAKS

NOW IS THE TIME TO BUY A NEW FORD

HERE'S WHY

First: The 1967 models will be higher priced.

Second: Financing will be higher.

Third: Your present car will be worth less tradein when the '67's arrive.

Fourth: The new car you buy now was built late in the model run and should be the finest car that you have owned.

Fifth: You can choose from a large selection and trade for less than if you wait until the particular car that you want is sold.

BEER—A big boost to the economy!

The brewing industry each year contributes over 1.4 billion dollars in federal, state and local excise taxes. Wages and salaries in the brewing industry account for almost one million dollars, and the purchase of packaging materials from other industries runs over 500 million. So next time you enjoy a cool, refreshing brew after hard work or play, remember, BEER is good in more ways than one!

Ties The Fashion In Golf Action

A throwaway tie and tweed was the sweetest to be the fashion in this week's matches at the Martin County Golf and Country Club.

In the Hitchhikers section, a throwaway three-some between Curt Axtell, Jack Kuhlman, and Charles Agnew, all sporting TPs for the day's play.

Pro Tony Bill ended in a tie-away tie between the teams of Paul Hardwick, Jack Kuhlman, Dave Hodges, Jr. and Fred Thomas, and Bobby Childs, Paul Bryant, Jack Kuhlman and Al Van Alstyne, both teams carded two-ball cards of 136.

Reaching The People

The second abortive attempt to build a hotel here in Martin County, operated by the state employment office in Fort Pierce, points up the need for a closer coordination between the two agencies and a greater knowledge of the population, spread of our area.

The Fort Pierce office serves the entire county by centering activities in itself and always result in the same response as the people in our northern area are not always responsible to the call for a labor pool. The response was unselfish as far as the individual was concerned.

No effort was made to meet the labor needs of Jensen, Hobe Sound, Rio or Indiantown.

It is a responsibility and the duty of the state employment service to know the needs of the county and to fulfill them. The Jensen office is ready and willing to work with the Fort Pierce office to see that the labor needs of the county are met.

We offer a plan whereby, utilizing the office facilities available throughout the county, and the news media covering the areas, so that a labor pool can be established in the county to serve the needs of both the employee and employer.

Martin County is the place to establish this industry. It could be done by the employment service and the cooperation of the people in our development of light industry.

LIVE.....and love it by DICK CAMPBELL

How 'Bout That...I Won

For three years running, I have ended up fifth in the amateur boat races held on Labor Day. This was very difficult, because one of the years there were only four boats in my class.

Well, this was the year. I finally won first in the 25 horsepower class in the boat race.

You're probably wondering how I did this against the fantastic odds that faced me. You see? You want me to tell you how I did it?

I'm glad you asked.

The first race I was driving is built like a cement mixing tank. It is flat and low and has a console in the middle with a steering wheel. It bounces a little. After the race, I walked around a lot, I hurt a lot, too, and that's getting to the bottom of the subject.

Well, before the race, I went out and timed the distance between the last buoy and the starting boat. It took me 23 seconds to get from the buoy to the starting line. I tested it again...still the answer was the same.

Now, you must realize that this race was a fun race, everyone has fun. I have always had fun. I have always come in fifth, but I was the number six boat...number four...had me worried. There were four boats in my class.

So I decided to have fun by finishing a lot...even if I came in fifth again. Twelve seconds.

I wore my Accutron watch, and when the judges raised the five minute flag, my watch read zero on the second hand. All I had to do was wait four minutes and 35 seconds and I could go. It took me almost that long to figure out the way I should pour the coal to my outboard motor....a 35 horsepower outrude.

I waited. At the right moment I poured the coal to it. My boat settled down in the water. The nose pointed almost straight up. I immediately thought I would go down with the ship (or boat). I regained myself for a heroic sinking, wondering if the photographers would be back.

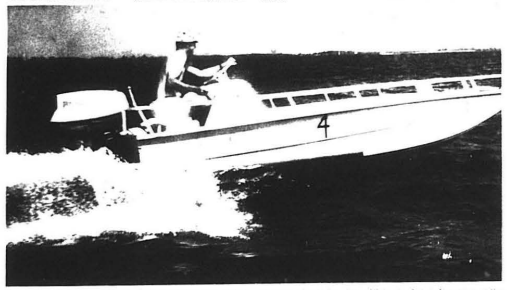
But then, voila! the boat nosed over on a plane and took off toward the starting line. It picked up speed. I raced to beat after beat. All boats were waiting for the flag to drop. As I neared the starting line I began to worry. What if I had started too soon? What if I was a second early and was disqualified? My mind raced with possible answers. Disgrace. Hoohaas from the newspaper people on the beach.

The line came nearer. Drivers in bigger boats began looking at the crazy guy in the cement-mixing-pan tearing up to the line. I reached for the throttle, ready to jerk it back.

Then, the flag went down, just as I jerked back on the throttle. Whoops....I slammed it back to full speed ahead. I beat even the 100 horsepower outboards to the first buoy.

That start was the race, for the other 29 minutes and 48 seconds I just sat there and got my bottom bumped.

And a great feeling...I mean the feeling of winning.



Twelve Fearless Jensen Beach Skippers with Dick Campbell (4) in the lead, round the first buoy in the 25 horsepower class. Campbell, winning, was the only boat to finish the race.

GRASSROOTS OPINION

"Suddenly inflation has become big news again in this prosperous land of ours... Food prices go up. So does the entire cost-of-living index. Taxes are high, and promise to go higher.... So more dollars are sought for the pay envelope, only they don't make everybody happy because they can't quite catch up with the price boosts that inevitably follow. The situation becomes dangerous when normal restraints are pushed aside. We seem to be in just this kind of predicament right now and our national leadership doesn't seem to have either the fortitude or knowledge to do anything about it.... Inflation can be likened to a disease that creeps up on us. It starts a 'paper' economy, and suffering sets in slowly... mostly the sharp end runs to those on fixed incomes, pensioners and others along with them. Wage earners are often caught in the litigation contract period and might be content with a raise... but generally employees at all levels suffer little during inflation... all in all sorry" Austin Mass., News-Tribune

"Millions are shocked, stalled over wiretaping, killings and the horrors of the Viet Nam War, but are heartlessly indifferent to the daily slaughter on our highways," Phillips, Miss.

"A $5o million annual subsidy to keep domestic sugar prices artificially high is a closed subject to Saturday's electorate. The fact that the subsidy is paid to a relatively small group of growers, especially those in Louisiana, Florida and Texas, makes the political courage it," Intercollegiate Daily, Miss., Dodder

"The idea of sending more billion dollars to the Texas support is just as senseless as it was the first time it was suggested. The people are willed to vote... It is a constitutional right to elect officials to office. The attitude of this right is that we do give training to young soldiers, and they are called upon to fight and injure the lives of others in that training," Daily Texan, Austin

"The world food crisis presented by the rapid increase in the population is not far away. In fact, it has already arrived. Sufficient farmers at all times have been able to produce enough crops, especially food vegetables. Fertilizer, this year, will have been designed to produce 1 million tons of nitrogen and 1 million tons of phosphate. Both of these products are in short supply. It might be that time to subsidize the fertilizer industry to save industries in the world still are a difficulty," Daily Texan

"There are others who feel that all Democrats, has not all Democrats as the same, as the result of the administration's policies. Democrats will suffer... Democrats will be the ones who will be hurt by the Democrats," Daily Texan, Austin

"Democrats are in control, and the Democrats will be the ones who will be hurt by the Democrats," Daily Texan, Austin

"The wage fluctuations, that are being made by the Democrats, are

St. Joseph Sisters Celebrate 100 Years In Florida

In 1866, Florida was a grim place, having found itself in the struggle to rebuild a state torn by four years of Civil War. To this state came the Sisters of St. Joseph, fresh from their home in LePuy, France, flight missionary sisters came to St. Augustine.

Today there are some 350 sisters of St. Joseph serving in Florida and in Puerto Rico. They staff 32 schools and five Catholic high schools, plus hospitals in Miami and Orlando.

The story of 100 years in Florida might best be told to Father Michael V. Gannon, director of the Mission of Nombre De Dios in St. Augustine. In a speech at the dedication of the new junior college in Jonsen Beach, Fr. Gannon outlined that history.

Father Gannon said, "1866 was a grim year for the Church in Florida. The Civil War was over but the peace had settled like soot on a charred ruin. The flag of the confederacy was furled forever, and the empty flagstaffs looked out on a devastated countryside.

"Among the ruins were two Catholic Churches; Immaculate Conception in Jacksonville and the mission church at Mayport, both torn apart by pillaging Union soldiers. The 3,000 Catholic people of the state were destitute; many were homeless; many were on the brink of starvation; many were demoralized. Of the Florida population in general, a newspaper observed: 'A dreadful shipwreck has covered the face of boasting water with broken fragments, to which millions of half-drowned passengers are clinging.'

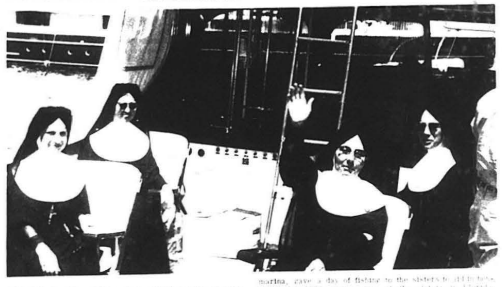
Father Gannon, who is the author of "The Rebel Bishop," the biography of Bishop Augustin Verot, recalled that "60,000 of these passengers were Negroes," and related to the congregation how Bishop Verot traveled to his native city of LePuy in France to describe to the Sisters of St. Joseph there "the desperate conditions of the Negro young people in Florida and Georgia, both of which were under his jurisdiction. He asked for eight volunteers." Father Gannon said, adding that 60 volunteered.

By February 1867, Father Gannon said, the eight Sisters elected to come to Florida were at work teaching in the English language. "Another six months later the local newspaper reported, a good number of colored boys and girls had been prepared by the Sisters of St. Joseph, and showed in their way of acting that they had not frequented common schools in vain."

"More Sisters arrived from LePuy in 1867-1868," Father Gannon continued, "permitting Bishop Verot to open Negro schools in Savannah in 1867, Jacksonville in 1868, and Fernandina in 1870. On July 4, 1874, the Bishop laid the cornerstone for the first cathedral and present convent house in St. Augustine.

"By the time of Bishop Verot's death in 1876, there were still more Sisters, Negro schools in Palatka, Macclenny and Key West, as the 19th century ran into the last decades, parish by parish, the Sisters established a pattern of Catholic school atmosphere in Florida that still can be found there today."

Father Gannon pointed out, "There is little left to be done in terms of material historical history that caused the Sisters to come from the LePuy countryside to the Sisters, and arrived in 1866 the Sisters teaching under difficult circumstances pupils. The first chapters was only a year long that sister Immaculate of St. Joseph was placed in charge of the first Catholic girls' school in the state. Like fund-raising teachers in their days in a Negro school, Sisters of Cannon included, the last century of St. Joseph as the school shifted to the needs of the time, meeting the latest regulations to the education of the children. Sisters of St. Joseph have always been in the forefront of Catholic education in Florida. Today, Catholic students at St. Joseph's High still affords the opportunity to the Sisters of St. Joseph to continue their work in the Florida Sisters, Father Gannon said, "who started the Southern Province of the Sisters of St. Joseph, still is proud of their founder, Bishop Verot, and still think that I can't think that I can't think of a better state as it is."



THANK YOU—Sister Jerome is shown on the Lakeland Municipal Pier thanking Capt. Dan Padgett for the day of fishing Padgett had given the sisters.

FISH TIME—The sisters of St. Joseph smile and wave from the pier as they prepare to depart. Left to right are Sister Mary Joseph, Sister Martha, Sister Ann Marina, Sister Mary Dominica and Sister Jerome.

10 reasons for reviewing a WILL

- A marriage in the family
- A birth in the family
- A death in the family
- A move from another state
- A change in one's business status
- A change in tax status
- A change in tax laws
- A change in estate laws
- Acquisition of some assets
- Disposal of some assets

Do any of these reasons apply to you? If there's even a question about it, you'll be well advised to go over your Will with your lawyer, soon. We stand ready to supply any additional trust services that may be needed.

Bi-County PTA Council Met

A school of instruction PTA was held last Thursday at Jensen Beach Elementary school under the central Bi-County Council of PTA's. Martin and Okeechobee Counties took part.

Mrs. Velma Highee, president of Palm Chb PTA took installations and Mrs. Jack-

Ten Tables Played Bridge

Ten tables of players played in the Master Point session last Wednesday at the Stuart Youth Center. North-South winners with 5 points were: Stan Hills and Mrs. Lawrence Dixon, 4½; Mrs. Al Grossman and Jay Mann, 3rd, 3½; Sarah Dixon, 4th, 3½; Mr. and Mrs. Jack Mann, 5th, 3½.

Last evening 15½ Joe and Rella Wilson, 1st-2 pts; 2nd, 2 tied Gladys Michaels, 3rd, Ted Dixon and Dollie Price; 4th, Mabel Hancock and Bessie Rathkopf, 4th, 1½ pts.

A new instruction program is offered short-ly. Visits at the Youth

Ie Hall, president of Martin County Council of PTA's welcomed the group.

"PTA, what is it?" was the title of a talk given by Mrs. Alice Meyers, PTA Magazine, and Mrs. Lloyd Mussett, Parliamentarian of Florida Congress of Parents and Teachers, discussed "Implementing the PTA Policies and Purposes".

Many representatives of all Martin and Okeechobee County schools were present.

Library Receives Memorial Gift

A gift consisting of 54 volumes, entitled "Great Books of the Western World", has been received by Martin County Public Library from the Robert S. Kennedy Foundation of Ralph S. Kennedy of Palm City.

The set, which contains 443 works is contained in a bookcase and was given in memory of Mrs. Ralph Kennedy, mother of Mrs. Alan Cook.

The library has distributed the first portion of the books cards and is now returning to personal gifts for individual gifts of children.

Confirmation At All Saints

A confirmation class will be held Saturday, Sept. 17, at All Saints' Episcopal church. The Most Rev. Henry I. Louttit will be the confirmation.

A 9 o'clock meeting will be held at Trinity, Stuart.

Anchorage Plans Ball Sept. 24th

TODAY'S SOLUTION

Vets And Auxiliary Plan Covered Dish Dinner

Veterans, A.M.I. Barracks 874, and Auxiliary will hold their monthly covered dish dinner at Jensen Beach Causeway on Friday, Sept. 16 at 5:30 P.M. All are asked to bring table service, beverage and covered dish. In case of inclement weather, dinner will be held at the Community Center.

A short business meeting will follow the dinner, and all members are urged to attend.

Barracks 874 has lost three buddies by death during the past six weeks; buddies Harry Barker, Sievers Meisner and Jack Lucas. The members extend deepest sympathy to their families.

Commander James Clark, who has been confined in St. Mary's Hospital, Room 178, West Palm Beach, for the past two weeks, has received many cards and visits from friends.

Seventy-three members and guests were present at the August 10th meeting.

Candlelight Ball Is Planned By Jr. Women

A candlelight ball, sponsored by the Junior Woman's Club of Stuart, will be held Oct. 1 at the Woman's Club Building in Stuart from 9:00 p.m. to 1:00 a.m. Tickets for this semi-formal dance may be obtained from club members or from Mrs. Robert M. Johnson, 287-4751.

A drawing will be held, with proceeds going toward the Club's projects. Any adopted children, and a complete set of necessary gifts of state and Heading Center at Ft. Pierce.

Mrs. Bill Christopher is chairman of the committee, assisted by members Mrs. Joe Johnson, Jason Stanley, Mrs. Joseph Smith, Bradley Hinson, Mrs. John Dunwody, Mrs. Jack Hancock, Mrs. Frank Hancock, Mrs. Fred Hinton, and Mrs. Jo. Kherkoff, publicity.

R.V. Johnson Heads Stuart Realtors

H. V. Johnson was elected president of the Stuart Board of Realtors at its regular meeting, Sept. 10, meeting.

Other officers elected for the coming year are Bill Hancock, vice-president; Mrs. Raymond Day, treasurer; Dolly Lee, secretary; and Mrs. Ruth Hancock, assistant secretary. Directors elected for the coming year are Mrs. Ruth Hancock, Mrs. Dolly Lee, Mrs. Ray Day, Mrs. Ruth Hancock, Mrs. Ruth Hancock, Mrs. Ruth Hancock

Mr. and Mrs. A. A. Andrew, a dinner party was held at Mrs. and Mrs. [illegible] ... and the steaks, Dianne and her family were unable to attend, but they ... and stayed for the weekend, Her friends in the Park ... and with her many more happy birthdays, Guests ... Travelers Return

Sages Complete Caravan Tour

Weeks Conclude Trailer Travels

Here we are, thankful to be back in Ocean Breeze Park at the end of a safe trip of 12,000 miles, (of a trip not necessarily free from annoying incidents, It seemed that every day something would happen to mar the happiness of what was otherwise a ride.

Right now the thing that sticks out in my mind first, was our experience of our daily trip to a little stream that flows into the Liberal River in Yellowstone Park. Someone had planted this little brook and planted the bottom to make delightful place to take a hot bath. Morning after morning we drove at seven o'clock to the bridge of insect and paraffin to our bathing suits from our trailer, but upon arrival there we stayed for half an hour, then headed into the mountains of the River, it so people, and knowing of the possibility of this hot spring thought we were really being very frequently, and enjoyed the day to the fullest.

We found it hard to leave Yellowstone Park and the beautiful scenery behind us with its bears, buffalo and antelope, but there was no trouble for the next week we ... [illegible] ... a week of Festivities ... [illegible] ... Indian Festival, ... [illegible] ... this yearly Indian Festival, ... [illegible] ... conducted for the safety ... [illegible] ... bringing the various tribes together.

TRACKS TOO FAR—Railroad ties floating in water at the Florida East Coast Railway tracks three miles west of Hobe Sound are causing a stir among railroad officials. Some say the tracks should be moved to higher ground, others say the ties should be removed. Meanwhile, the ties remain in the water. (Staff Photo by Bob Sweet)

Five Years Of Progress

What Do We Stand For?

Delay Is Important

Cramer Cuts Demos In Speech To GOP

U. S. Rep. William C. Cramer, St. Petersburg, called "too little and too late" the politics of the Johnson administration and socialist legislation he said was in the planning stages for action in the 1967 Congressional session, speaking before about 150 members and guests of the Florida Federation of Republican Women at St. Lucie Country Club Friday night.

Rep. Cramer, in a speech that he called a "state of the nation" report, covered a wide spread of topics, from inflation and riots, interest rates to "organized animal lovers" legislation in the planning stage at the University of Florida.

He went into detail in charging the administration with failure to "make necessary adjustments to prosperity" and "failure to plan adequately for peace," in "frantic, too little and too late" attempts to halt inflation, which, he said resulted from "chickens coming home to roost."

The Republican said he will wait until the Congress is not in session to comment on suggested items. He doesn't think Congress should know," he said.

On topics, Cramer said:

Interest rates: Higher than in 30 years, due to overspending, a day of reckoning for which is fast approaching. The new plan is for "participation sales certificates," which he said would be issued in big denominations at 5.75 per cent interest, "above the second mortgages, the highest rate of interest ever paid by the United States," the said, pointing out that "first mortgages" are costing home buyers paying 6.12 per cent.

Taxes: A "realistic" surtax policy that is a fair per cent out last three months, and a committed made by the administration to businessmen, realized, was cited as one "big reason" for the "credibility gap." which he said was plaguing the administration. "Do I want to believe LBJ, but they don't," he said. Cramer referred to the promise by the administration to industry that a seven per cent investment credit would be permanent, "it became the most pelting to eliminate to an original tax increase, so he took it and reneged on the promise," he said the despicable Congressman.

SAFETY: On the Lisenby case, our position was at peak. It is heartening to see what has happened under this administration. Look at what has happened to NASA and SEATO, just not up $47 million.

National Parks: Last week an increase of $3,000,000 in the budget, a $42 increase since the last session in the Park.

Housing Health, Education and Assistance: Still is called "Great Society" legislation. A "Model Cities Act" (subject bill) [illegible] [illegible] [illegible] planning in the House Appropriations Committee. Matters of the most [illegible] methods. [illegible]

The bill, which [illegible] called for a $9 billion [illegible] appropriation, [illegible] areas ability to [illegible] and rehabilitate [illegible] [illegible] of Congress and [illegible] legislation [illegible] [illegible] [illegible]

cenes To Be Shown In 'Gentle Ben'

HERE'S HOW—Stuntmen Edwin Froehlich and Court Brown show how it is done to give reality to a fight scene.

STAR FOR LESSON—Jonda Weaver, Jupiter, interviews Ivan Tors for a story about the filming of "Gentle Ben."

JAWS AND PAT—A scene from the first attack in which Ben attacks pals his opponent down and bit the throats.

ONE OF THE SCENES—Bruce Brighton, Hunter Hall and Charles Aidman, left to right, are shown in one of the scenes that will be seen in the movie.

TAKING A BREAK—Allen Chapman, president of Ivan Tors Productions, takes a break for a short time during the filming of "Gentle Ben".

ACTION—Director Jerry Nielson, right, gets ready to give directions to Hunter Hall and Charles Aidman in preparation for one of the scenes.

BEFORE THE STORM—Charles Aidman plays the role of Ben Mills and Hunter Hall plays the role of Jim Newton in a scene from the movie.

MORE DISCUSSION—More discussion took place between A. Arnold Gillespie, associate producer of Ivan Tors Productions, and Bruce Brighton during the Castle Hayne, North Carolina filming.

Leta Keith Teaching In Port Salerno

Mrs. Leta Keith is teaching again this winter after following this noble profession for 24 years. A good teacher is a valuable asset to any community, and Leta is a good teacher.

Mrs. William Rogers, secretary of the Port Salerno School, told me that her boy was very unhappy and discouraged when he found he was being taught in the kitchen of the Salerno School. He was in grade four at that time and Mrs. Keith was his teacher. With the tuition and encouragement of his teacher, he soon overcame his difficulties and is now in high school. Terry says he'll never forget his first report card on which Mrs. Keith wrote, "Terry's interest is in sports, skiing and the like, but when he gets going he'll be OK."

Several of her one-time pupils have told her how much they appreciate her teaching apart from the curriculum, the importance of honesty and other virtues. A good education is important, but to my mind, the making of a good citizen is of even more importance.

Leta began her teaching career in 1927 when she took on a country one-room school. She served here for three years. Most teachers like to get a job in or near a town or city, and Leta was no exception. In 1930 she moved to a larger place, Hobbsville, Ill., where she became acquainted with a bachelor by the name of Irvin Keith whom she eventually married. This ended her teaching career for the time. Two sons were born, and Leta had her hands full attending to these lively youngsters. Eventually the boys started school and left their mother part time on her tasks, so she looked for her teaching career again. She taught in Illinois for three years.

About 1937 Leta took a yen of the soil to go to Jefferson City, Mo., and start a flax factory in operation. In 1937 the boys were ready for college, so Leta decided to move to Jensen Beach and had settled down in her new home when a substitute teacher was needed at the Stuart school, after which a position at Hobe Sound was offered her. She accepted it and taught there for two years. Then she moved to Martin County. During that time she claims to have taught in every white school in the county. She found the Indiantown school rather tiring as she had so far to drive each day.

Leta Keith At The Organ

At present she is teaching second grade in the Port Salerno School. School teachers do not get Social Security, but they do get a pension, and Mrs. Keith intends to continue teaching until her time for retirement arrives.

Mrs. Keith's teaching activities have not been confined to schools, for several years ago she organized and trained a junior choir for the Jensen Beach Community Church. These children were very young, their ages ranging from six to twelve. Most of these are in high school or college now.

In conclusion, I asked Mrs. Keith if she had any hobbies. "Yes," she said, "I have two hobbies, Music and cutting." The accompanying picture shows Leta fabulating in one of these hobbies.

Ocean Breezers Return

Clarence and Caroline McKeen returned to their home on 3rd Street Sept. 8, after spending two months at Dutton, Kentucky. Carolina said that they enjoyed their stay at Dutton. They had a cottage on the Hadika Lake and they had a pleasant time attending functions that were held nearly all the time.

Jim and Mary Catterall arrived Sept. 13. They spent all of July and part of August with Mary's brother, Joseph Kopeski at Macatawa, Mich. They were in New Jersey for the balance of August. On the way home they stayed with Mr. and Mrs. Earl Adkins at Clayton Lake, Va., for five days. They called it a scenic spot, impressed with this part of Virginia. The mountains, peaceful, quiet, peaceful countryside, and the people appealed to Mrs. Catterall.

Dick and Ruth Wren returned Sept. 12 from spending the summer with her daughter, Maxine, and son-in-law, Hall, in Decatur, Miss. Dick and Ruth's two kids used to live near a good friend, Miss Hall,

LIVE.....and love it by DICK CAMPBELL

Beachfront Squeeze Is On

All that beautiful beachfront, and at last it happened.

We have been talking for a long time about the fact that more public beach is necessary to accommodate the people who still live here a long time after we are gone...our children and our children's children. No one has seemed interested enough to pick up the ball and pass the rounds to begin setting aside money to buy public beach before the price of land and beachfront on Hutchinson Island gets way out of hand.

Last week a man came into the office complaining that he couldn't get access to one long stretch of beach for fishing. The road was closed, and while he could walk it all the way down from Jensen's public beach, he wished that he could drive to it and do his fishing.

He said that he had asked a real estate man who has signs on the property if he would fix the road down past the public beach so that fishermen could get down there. The real estate man said, "No."

Why should any real estate man build a road on public property for the use of the public when that use might make a strip of land public by its use? As you know, if the public uses a piece of land for access for any length of time the land becomes public.

This was the first beachfront squeeze since the closing of access to the Inlet jetty, when Seminole Shores put up a fence and a plethora of signs.

There is only one recourse. The people should let their county commissioners know that they want access to the beach for fishing and swimming and all types of recreation. They should make their feelings known soon, for real estate is going up, and Martin County is beachfront poor.

As long as we feed the fact that Boca Raton recently floated a bond issue to buy beachfront, it cost the taxpayer a thousand bucks a foot to buy what they could have bought for less than half that a few years back.

You can get beachfrontage for just $250 to $350 a foot.

An over-zealous private property owner went to put up a "No Trespassing" sign, the other day, but the Duck would have to go off from Jensen to find an inlet beach.

GRASSROOTS OPINION

"When we attended school many years ago we were taught the Republic of United States was a government of the people, by the people and for the people. Today we are getting further and further away from this original meaning. We are close our small government as we might just as well accept most of our liberties, and freedoms and resign ourselves to the same conditions as the people in Russia live under. We are getting closer and closer with all the agencies government is now controlling, such as welfare, social security, medicare. And you are paying for it because it is taken out of your paycheck before you receive it, let along get close to it," St. Martin, Florida.

"It takes an awful lot of time and effort from those who claim to get into politics, emotionally and financially, regardless of people's political views. The people who run for office should be commended for their efforts. Many times they are criticized unjustly. Many times they are criticized justly. Many times they are criticized for their political views. Many times they are criticized for their political views. Many times they are criticized for their political views

OBITUARIES

Raymond H. Lappin

Raymond Harold Lappin, 61, of Egret Lane, Sea Gate Harbor, Stuart, died at Martin Memorial Hospital on Tuesday, Sept. 27, after a brief illness. A native of New York City, he had lived in this area for the past two years.

He is survived by his wife, Bessie, of Sea Gate Harbor; two brothers, Howard of Lynnfield Village, N.J., and Joseph A., of Sea Gate Harbor; one sister, Eileen Varra, Waukegan, Long Island, N.Y.

Funeral services will be held at Johns Funeral Home Chapel on Friday at 10:00 a.m. Burial will be in Fern Hill Cemetery.

Friends may call from 7 to 9 p.m., Thursday evening.

Elena Gregorie

Mrs. Elena Gregorie, 95, of 9th and Connell Sts., Palm City, died at Martin Memorial Hospital Thursday, Sept. 22, after a brief illness. A native of Newton, Ill., she had been a resident here for the past 52 years.

She is survived by one son, Harold Gregorie, of Lake Worth; one sister, Mrs. Anna Gifford of Elmwood Park, Ill., and two grandchildren.

Funeral services were held at Johns Funeral Home Chapel Monday with Rev. Furrest Watkins, Pastor of First Baptist Church, officiating. Burial was in Fern Hill Cemetery.

First Presbyterian Plans Meetings

The Deacons of First Presbyterian Church of Stuart will meet Sunday, Oct. 2 at 7:30 p.m.

The Christian Education Committee will hold a Study Course for parents on the first four Sundays in October from 6:30 to 7:30, taught by Mrs. Darrell Gregg.

Circle 1 will meet Tuesday, Oct. 4, Circle 4 will meet Tuesday, Oct. 4 at 7:30 p.m. with Mrs. A. J. Hamrick as hostess and Mrs. J. L. Beck as co-hostess.

BIRTHDAY CAKE FOR THE TWINS--Cathy and Collie Hendry, twin daughters of John Hendry, Jensen Beach, celebrated their seventh birthday last Wednesday, Sept. 14, with a party for friends at the Jensen Beach Causeway. Cake, ice cream, candy, and sodas were served and each guest favors were enjoyed by all. The sisters are shown above, anticipating the delicious refreshments.

Board Asked To Look Again At U.S.1

Eugene Williamson North Federal Highway, who has been trying to get zoning allowing him permission to build a homesite/mobile trailer park at property [illegible] north of the Stuart city limits, charges that the zoning board was illegally constituted at the two meetings it had sought permission for the trailer project—one of which was by only four as five votes were required, and no alternates.

Commissioner Elmer Flowers said Carl Studer, the Chamber of Commerce director, had moved to Okeechobee.

Studer had expected to appeal, but had not notified the office that he could not be present, so that an alternate could be appointed, according to County Zoning Director Fred L. Perry.

A third supposed vacancy on the board was filled by Mrs. Ruth Williamson, wife of Eugene Williamson, who had been appointed to fill the unexpired term of Studer.

Commissioner Elmer Flowers said Carl Studer, the Chamber of Commerce director, had moved to Okeechobee.

Studer had expected to appeal, but had not notified the office that he could not be present, so that an alternate could be appointed, according to County Zoning Director Fred L. Perry.

A third supposed vacancy on the board was filled by Mrs. Ruth Williamson, wife of Eugene Williamson, who had been appointed to fill the unexpired term of [illegible]

At the meeting [illegible] this with Williamson's problem and pointed out that he, Wachs, had sought zoning that would have permitted trailer parks, but Williamson had insisted on business zoning, along with a group.

Williamson acknowledged that Wachs was correct but stated the group had not understood that [illegible] trailers, a point he said he still doubted.

Atty. Wachs pointed out that Williamson had access to the circuit courts, and that the commission had no authority to overrule the appeals board. Williamson replied, "Of course I can go to the courts," but asked if every small businessman must go through the court to get what he feels is already legal.

Wachs said he would recommend that the county zoning board be asked to rezone Jensen Beach on the north side of Rte. 1 north of the Stuart line.

Jack Lockwood, owner of a trailer business in this area, said zoning as charged by the county zoning board which took over the Jensen Beach area, has made practically all property in the area non-conforming.

"The original feeling of the zoning board was that the area should have been zoned R-3 or R-4 to fit anticipated uses, appeared to be logical," he said.

Williamson admitted he had voted for zoning because he had been told that to do otherwise would be to downgrade the area. He said the group considered what could be done in any area.

A motion was made and adopted that the zoning board review the case in view of changed conditions.

The second Duval Beach [illegible] for the small area [illegible] will be held next Thursday, Oct. 6 at 7:30 p.m. at the Duval Beach Club House. Plans for the [illegible] will be discussed.

Duval Beach is a small area [illegible] Jensen Beach and Rio.

The Jensen Beach Mirror
ALL THE NEWS THAT FITS IN PRINT

There's something in it for everyone! Something important. Your newspaper provides entertainment, of course . . . the "sugar and spice" of life. But your newspaper serves still more vital purposes . . . by keeping you abreast of the news . . . by providing you with information and ideas . . . and by creating a "market place" where you can discover best ways to spend your shopping dollars. Yes, your newspaper makes a BIG difference to you!

JENSEN BEACH BANK

Through The Courtesy Of

CHARLES F. FRENCH

Well known Professional Numismatist has an exhibition in the Bank's lobby a remarkable collection of silver coins. One from each Century from 500 years before the Birth of Christ. Man has used coins as a medium of exchange for 2500 years, and the rise and fall of civilization is reflected by the perfection or crudeness of the coins. It has taken Mr. French many years to accumulate this collection.

If you are looking for a Bank where you will find all commercial banking services tailored to meet your banking needs, a bank where your business will be appreciated, and where you will have the feeling that your business is desired, then this is the Bank for you.

The people at this Bank take a personal interest in seeing that you get what you want, when you want it, and the way you want it.

FIT FOR A KING—Todays camping is fit for a king and you just have to go to Sandsprit Park near Port Salerno to discover all the wonders, comforts and joys of camping outdoors. The auto camper and modern allumium pellet tent have taken the place of formerly cumbersome canvas like pack-horse tents. A feature of camping and purchase of trailer lots are at Sandsprit Park in the picnic shady of the trees in page 12a.

Using Grand Jury Threats

It's Up To The People

What A Difference

ACROSS THE TABLE—State Attorney Arthur Steel, right, talks with Eugene Williamson last Thursday morning at the Courthouse. Williamson, convicted of murder in the death of Sandra Gail Beard of Jensen Beach, was sentenced to the death chair by Judge Paul Baker. He is to be executed on December 2nd unless the Florida Supreme Court grants him a new trial. Williamson had been convicted on two counts of the charge.

BUILDING FOR THE FUTURE

Since They Hatched. They're Really Growing

Susie's learning that little chicks grow into plump poultry quickly, just as a little Savings Account can grow into a big one. Start Susie's financial nest-egg now . . . open her own Savings Account, and with the help of regular deposits, plus our interest rates, it'll grow into a flock of dollars. Come in soon, start those dollars "hatching."

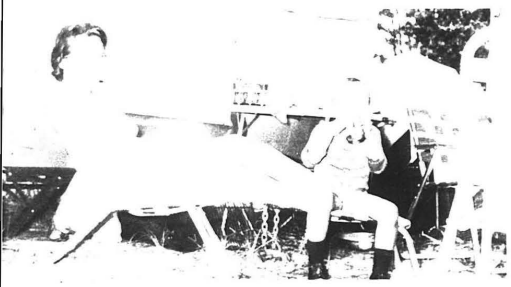
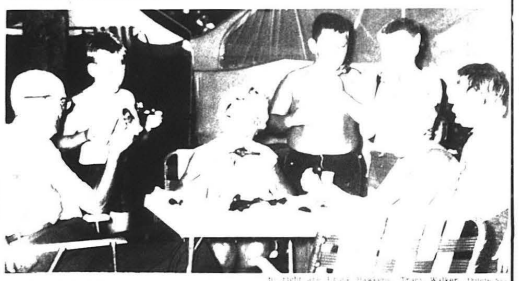
ALL THE NEWS THAT FITS IN PRINT

Today's Camping Is Fit For A King

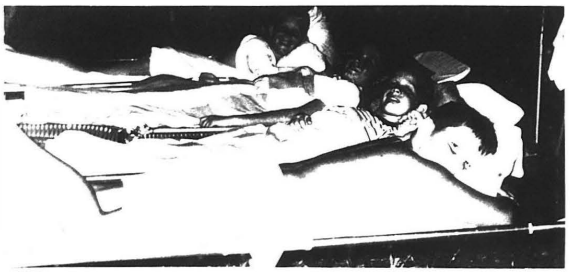
By Howard Lee Haid



CAMP ANYONE?—Roswell Tolbert sits at the table in front of his camper trailer and invites anyone to join him for food sampling, including the kitty in his lap.



ENJOY HOME—Enjoying the fruit in the Apache camper are Mrs. Howard Tolbert and Mrs. Howard Haid. Mrs. Tolbert and Mrs. Haid are sisters and Pat Hickey.



SLEEPING, OR WISHING—Whether these little sisters are planning to go to sleep, or are on a wilder hunt, is only conjecture. At any rate their parents have them well

grouped to guard it. Here first night of sleep outdoors, Heidi is dog off duty. From rear to front Zarin Aalaei, David and Steve Tolbert and Mike Hickey.

Gluckler Surveys Anglers

Fishing Is Great, Sportsmen Sometimes Aren't, Commercial Here To Stay

TO: Ed Gluckler
EDITOR, MIRROR: A general rule in newspapering is that a writer credits a source the better qualified the source, the better the credibility of the story, since it Gluckler appears to be two sounds well qualified to do his own source in the following story, we're permitting a first person story about local fishermen's complaints.

• • •

Millard Bowering, Jensen, boasts, appointed before the county commission recently to all kind of committees and beat the local fishing.

I'll confess I'm biased, although I'm a member of many organizations, the latter haven't been of much help to me in my fishing. I'm self-employed, and having only artificials as I do, I'm definitely not entitled to any of the benefits offered. I have neither corporation nor labor union status.

Because I'm interested in many of the ills afflicting local fishing, I believe still a long and solid background of conservation-minded sports fishing. Apparently, several other persons are also interested, for I've gotten letters to the editor about it, and I've talked to others who've called me about it.

I suppose it's natural for a person of my kind of background to be a bit self-centered, but I'm willing to admit that I'm also interested in the welfare of others. I have written to the commissioners, and I've talked to them.

I suppose it's natural that after talking locally about local fishing, I believe still a long and solid background of conservation-minded sports fishing. Apparently, several other persons are also interested, for I've gotten letters to the editor about it, and I've talked to others who've called me about it

A Timely Announcement From The First National Bank

Now that the Federal Deposit Insurance Corp. has increased the insurance on bank deposits from $10,000 to $15,000, we are pleased to make the following announcement to our depositors:

5% Beginning Nov. 1, 1966 the First National Bank will pay 5% on savings certificates when issued for 6 months with a minimum amount of $5,000 and in multiples of $1,000 in excess of $5,000.

5¼% On deposits of $100,000 or more the First National Bank will pay 5 1/4% when issued for six months.

Interest rate on all certificates of deposits issued will be subject to the prevailing rate of the Bank after the maturity of the certificate, and in accordance with federal laws and regulations.

4% We continue to pay the maximum permitted by law on pass book savings, 4% per annum compounded and paid quarterly.

Rogers Addresses Farm Bureau

Paul G. Rogers, United States Representative, addressed the Martin County Farm Bureau at its annual meeting Thursday night at the Holiday Inn. He spoke against a shocking reversal of the trend of Federal centralization and cited the Comprehensive Health Planning Act as the first absolute reversal.

"Until now, the trend set up by the several departments of Health, Education and Welfare, such as Defense, has been to set up a rubberstamp and funds use with little interest, if any, in the purposes," he said.

"The need earlier was for money and Health, Education and Welfare had so much to offer. Now, after the interest, Health, Education and Welfare has withdrawn so much that the states are left to fight for the beans that are left."

Rogers said that he supported the Partnership for Health Act of 1966 because it is a step in the right direction and that it would help to put the responsibility for health programs back in the states where it belongs.

This bill, which was passed by the House of Representatives, but died in the Senate Committee on Interstate and Foreign Commerce, before the end of the session, would consolidate certain categorical grant-in-aid programs for health services and provide for project grants for special health services.

Rogers said that he opposed the bill because it would be a step toward Federal control of health programs.

STUART KIWANIS RADIO AUCTION

Radio Station WSTU 1450 On Your Dial

Wednesday & Thursday, October 26th & 27th, 1966

7:00 TO 9:00 P.M. EACH DAY

Money raised in the Stuart Kiwanis Fun Radio Auction will go into the Kiwanis Boys and Girls Activities Fund to be used to help children in Martin County. Items and services to be auctioned are all new (unless otherwise noted) and were generously contributed by Martin County businessmen, who publicly thank them for their liberal help.

To bid on items in the Radio Auction, follow these simple rules:

Items to be auctioned are all on printed below. Each item is shown with a number, and description of the item, name of the contributor and the retail value. The auctioneer will describe each item to be auctioned by its number (NOT BY NAME) and will announce the retail value.

ITEMS WILL GO BY NUMBERS (NOT BY NAME) — KEEP THIS PAGE FOR REFERENCE

Wednesday, October 26th, 7:00 P.M.

Because The Mirror is proud to be classified as a 'family newspaper', that doesn't mean it is a namby-pamby publication, fearing its own shadow

The Mirror calls the shots as it sees them.... and has taken its lumps to prove it.

NEXT WEEK
The Mirror will again recommend candidates to the people of Martin County.

We are prepared to face the consequences of this right of every free American Newspaper.

The Editor

The Mirror

something in it for everyone! Something important.

County Actions

At Tuesday's meeting of the Martin County Commission, commissioners:

Authorized repairs to Sharp Rd., Jensen Beach, in order to provide safe way for the public and to continue U.S. Mail service, with the proviso that the road is not to be accepted as a public way because of the repairs.

Set a public hearing on Hutchinson Island zoning for Dec. 22, but provided for a work session between the planning board and the commission before that date.

Heard Charles (Chuck) Kindred ask for swap of land on narrow neck at House of Refuge and southerly. Kindred told the board he had asked State Outdoor Recreation Advisory Council to hear suggestions which he will give Friday to director Ney Landrum.

Heard Fred Bell, county engineer, say suggested bulkhead lines for the island had been sent to Tallahassee and last Monday.

Received clarification report from county attorney Dean Tooker on county zoning board of appeals.

Commissioner Elmer Bowers named Atty. H. Taylor to replace Carl Shuler, District 5 member, who has moved. James Rines will be alternate member.

Commissioner Jack Sunderson reappointed Atty. Tabor a member with Ernest Hodenbaugh an alternate.

Commissioner Frank Marcha reappointed Atty. Beckett a member, with Atty. Yurille as alternate.

Asked Tweed to discuss jury drawings with county-based judges on request by Bowers who criticized a system which permits drawing the same person out two of the three sessions a year. Bowers pointed out that under present methods, one commission district has 10 per cent of its voters on the jury list while another has 36 per cent.

Agreed to advertise for bids, from 100 to 120 feet of ground at West Lake, subject to legality of action to be determined by Tooker.

Heard new protests from Eugene Millan concerned formation of appeals board.

"SIGN YOU UP, SIR"—J. D. Lookadoo, center, smiles happily as he accepts another order from a customer during last Saturday's sale of "goodies" conducted by members of Jensen Beach Boy Scout Troop 481, At left is Tom Schreck. The Scouts sold about $100 worth of items and will continue their sale this Saturday from 9 to 12 at the Jensen Beach Post Office, Jensen each bank, and Stuart Shopping Center.

High Water Brings Excellent Bass Fishing

Huge schools of jacks in and just outside St. Lucie Inlet, plus schools of false albacore, big ones, both up and down the coast.

More Spanish mackerel due, with some in the Hole south of Stuart.

Blues had been quiet but plenty of action last Sunday for surf fishermen when the northeast winds swept them in along the coast.

Bottom fishing in St. Lucie Inlet good.

Shook trout, jacks active in the Indian River and south along the Intracoastal, with some blues and some pompano.

Tarpon continue active in both Forks and in the Kanitary below Hell Gate.

Hospital Drill Planned

A mock disaster drill will be held Nov. 3 at Martin Memorial Hospital, according to an announcement Tuesday by Guy N. Cromwell, hospital administrator.

Hospital personnel, including physicians and Auxiliary members, will be joined in the drill by representatives of Civil Defense, State Board of Health, ambulance associations, news media, and Martin County High school students.

The drill is the first step in the current training program and the last phase to prepare the hospital for a state of readiness to meet any community need.

Progress Report

(Continued from Page 1)

industrial development.

1965 issue of Jewett and Fleming Guidebook for shipment received Aug. 1, 1966; to Aug. 22 all 27,500 copies were received in the Chamber office. At present time 13,000 have been distributed.

Authorized First Federal Savings & Loan Association to fly new location in Jensen Beach.

Florida Press Association convention of 14 newspapers held at St. Lucie Country Club Aug. 19-21. Attendance the area, the causeway and the beach. Many articles have been written about our community.

Chamber will be represented in the Stuart Christmas Parade.

Monthly teenage dances have been held at the Community Center with an average of 50 teenagers attending each dance.

Chamber instigated and is handling petitions to be presented to Mtn. Board of commissioners pertaining to preserving our beachfront, purchasing beachfront property and access roads to the beaches for present and future use of the public.

In other business, it was announced in response to inquiries by members, that the engineer's drawing of the grade for the new road from Jensen Beach Cut-off Road south to Rio, has been completed. All rights-of-way have been obtained.

It was pointed out that a new zoning book will be available shortly for the use of the public.

Jury To Get Hinson Theft

The Courier and Ives

by Ives Carr

"THERE IS NO SUCH thing as strategic good when you are dealing with theologians," says Congressman Paul Rogers, sitting at his office desk, referring to proposed restrictions trading with the enemy. Sen. Alec Stout, Florida Democrat, is the Prime Red Herring behind all proposed restrictions added trade with Cuba or North Viet Nam," Rogers adds.

SAID DAN, "[illegible] American[illegible] ideologies trade with communist blocs nations, according to world TV news reports. If all else fails, Russia trades with China and North Viet Nam, Russia wants to expand its automobile industry—you will recall that our automobile industry was credited with being one of the main reasons we won WW II—and so Russia is out [illegible] industrialists into Russia to build factories for it. Pres. Johnson asked, sensibly, why can't we do the same? Well, after enough steel-starving Americans, Sen. Trouble-Tex, office-of-[illegible] considers everyone that expert business sits in Russia. Answer for wrap-itself. The peace-loving Kind like the Japs got from us in the 1930's—gave back at us in the 1940's.

DEAR READERS: If you have any bullets at all, you must agree of disagree with one of these two attitudes-editorially. If, note it, sign your name and address, and send it to the person you think should get it, DO SOMETHING.

HE WHO Reads, then says his say, lives his life the "three-cent" way.

Jaycees To Ask Fluoride Voting

Votes in a different poll, in which the Stuart Jaycees are seeking placement of the public water fluoridation question on the city ballot, have been running about two to one in favor of the fluoridation, according to bill Christopher, Jr.'s president, last Thursday.

At that time 253 ballots had been received with 161 saying Yes to the question, "Do you favor a public vote on fluoridation?", and 76 no's.

Jaycees mailed 1230 envelopes, some containing more than one ballot, Christopher said.

It is expected the Jaycees will appear at the Nov. 14 meeting of the city commission to request the question of fluoridating the city's public water supply be placed on the city election ballot.

Bell Sued By Mann

John S. Mann, who had been cited for maintaining an auto junk yard at a service station at Monterrand Interchange, Palm City, has filed a $75,000 damage suit against Martin County zoning director Farrell Bell.

Mann, represented by Carroll Investcliffe, alleged "malicious prosecution without probable cause". The suit asks trial by jury in Circuit Court and costs of suit.

Bell said he had made every effort to give Mann due notice of violations and had complied with all requirements of the zoning ordinances.

The papers served on Bell were turned over to county attorney Dean Tackett.

Jayvees Defeat Eagles

It was the Martin County Tigers, Sunday last. Thursday night, 14-6 score over the Jensen Beach Eagles for Varsity, at Jensen Beach.

A [illegible] first Stuart score. Gilbert, quarterback over the middle, point was run by [illegible] ender.

With the ensuing the Eagles put [illegible] ball to a 30 seconds left [illegible]

With 2:14 remaining, Gilbert to Jane Taylor with scoring pass. The Eagles the Tigers [illegible] yardage.

Lineups:
Eagles: Lillie, Frazier, TE, Jennings, Knight, Schiavetti, Fife, Erlund, Ellis, Sig Jensen, Jerry Ellington, Crowell, Tripp, Courtney, HIGH SCORES, Stuart Gulf, HIGH GAME, Tyler Austin

Stuart Tops Vero 23-12

Sports In The Mirror

A Haid Full Of Sporting Tips

H. Howard Lee Haid

HAID'S SHOOTING TIPS—In the past weekend, a friend of mine shooting over a local dove field was having great success hitting doves, limit. In the course of the afternoon, he succeeded in downing twelve of the elusive birds, a complimentary number by any standards, but how everything there is need not be mentioned with. The last part of his afternoon's hunt began when he began counting the cans he had shot. Seventeen of the twelve birds were so badly torn to shot that were completely unidentifiable, and then there were three.

I asked my friend at what range he was shooting the birds, and he explained he waited until they were almost on top of him before pulling the trigger. Consequently, he was virtually hunting [illegible] apiece by the light shot pattern at that range. I explained the principle of the shot pattern, and that the size of the shot at anything within about a 15 or 20-yard range would almost always give the same results. The best range is almost any where from 20 to about 40 yards away. In this range the shot has had time to spread a bit and offers the hunter a wider kill area. This, of course, all sounds a bit anti-climactic, and with the type of shot used, but the 20 to 30 yard pull of shot is enough to kill a dove most any time, and I would advise most hunters to use this as a guide line until they determine the best pattern of their own gun. After all, a couple kills of unusable, badly torn mutilated ears little to the sport.

OBITUARIES

Ethel T. Porter

Mrs. Ethel Thomas Porter, 66, of 201 N. Colorado Ave., Stuart, died Monday, Oct. 31 in a Fort Pierce convalescent home. Born in Long Illinois, a native of Greenville, N. C., she had lived here since 1956.

Mrs. Porter was past president of the Stuart A-w-ay Club, a member of the Stuart Garden Club, DAC, Daisy, Eastern Daughters of the Confederacy, the Sacred Society of Dames of Sacha Carta, and a charter member of Chapter F of the Friendly Stuarts. She was a graduate of Sweet Briar College, Virginia, Va., and a member of St. Joseph Church of Stuart.

She is survived by one daughter, Mrs. Charles A. Fox, Jr., of Stuart.

A graveside service was held Tuesday, Nov. 1 at St. John's Episcopal Church cemetery, Jupiter, with the Rev. Joseph Mountain officiating. Arrangements were by the Sharpe Memorial Funeral Home, Stuart.

Chris N. Miller

Chris Nelson Miller, 67, of 1111 Ellen Drive, Fort Pierce, died at Martin Memorial Hospital, Stuart, Illinois, Nov. 2 after a short illness.

He was a native of Sweden and had been a resident of Fort Pierce for 40 years.

He is survived by one stepson, George Jensen, and one stepdaughter, Mrs. Elizabeth Andrews, both of Brownsville, Texas.

Funeral services were held at Johns Funeral Home Chapel Oct. 31, with Rev. Donald A. Schneider, pastor of the Redeemer Lutheran Church, officiating. Burial was in Pine Ridge Cemetery, Fort Salerno.

Margaret Parsons

Mrs. Margaret Sowder Parsons, 55, of 640 Overbrook Drive, Stuart, died on Saturday, Oct. 29, after an accident of Oct. 4. Born in Indiana, she came to Florida in 1956 from Illinois.

She was a member of the Women of the Moose, Stuart.

Survivors include her husband, Frank Parsons, Stuart; one daughter, Mrs. Sharon Jackson, Jacksonville; one son, Frank Parsons, Jr., Stuart; and one brother, Ralph Sowder, Stuart.

Thomas (Pop) Lord

Thomas Hugh (Pop) Lord, 65, of Long Road, Palm City, died Saturday night at Martin Memorial Hospital after a brief illness.

A native of Kentucky, Mr. Lord had lived in this area for the past 18 years. He was a retired member of the Christian Unity Church of Stuart, and had been its Chaplain for some 10 years.

He established for the Youth Rehabilitation League for eight years, and was a member of the Stuart Chapter for the Veterans State Rehabilitation. He was a member of the Martin County Association for Retarded Children, and was to have been installed as the upcoming Sahib Shrine.

He was a member of the United Church of Christ, of Palm City, and had been a Deacon for three years as well as the Church's Stuart Representative to the Council of Small Churches in Florida.

Survivors include his wife, Mrs. Mattie Lord, Palm City; three daughters, Mrs. Charles Burgener of Arizona, Mrs. Arthur McClung of Palm City, Mrs. David Nelson of Stuart, Mrs. Frank Jackson, Jr., of Jacksonville, Fla.; two sons, Frank Jackson of Jacksonville, Fla., and Thomas Lord, Jr., of Stuart; and eight grandchildren.

Women Voters Finance Drive Is Under Way

The Martin County League of Women Voters have announced a finance drive, according to Mrs. Eugene Hutchinson, 'A-day' service chairman, She said the League had raised its treasury quota by some subscription luncheons prepared by members for next Tuesday's election.

The coffee and information festival is available at four locations, at Martin County Library, the Jensen Beach Bank, Bank of Stuart and First National Bank, she said.

Contributions are being sought, she added.

The League will sponsor a panel on "The Martin County School System: A Critical Appraisal", to be held at the library Nov. 17 at 7:30 p.m.

Mrs. Gordon V. Howell will be moderator. Panel members will be Mrs. T. H. Chambers, school board member for 12 years; Eugene Moore, former Martin County teacher, presently at a private school; and Walter Tilley, teacher and civic counselor in the local school system. Murray Hoge.

The public is invited.

Women Voters Did A Job

No one can deny that the League of Women Voters of Martin County more than justified their existance in the past election. The new slate of Martin County officials are proof for the voters in making certain information available to voters and candidates alike. An informed public is an intelligent public. An intelligent public votes. Among the many of America's ills, the latter ranks a high one and if it can be traced to ignorance, it is a crime.

In informing the public, the League of Women Voters filled a void that was previously left to just the candidates themselves and it certainly benefited the voters to have an unprejudiced question and answer session with candidates for public representation. The voters had only to read the printed answers and decide.

The election results, of course, is proof that it was followed this year by the voters.

The efforts of the League of Women Voters should be continued. Their work is commended.

Grumman Takes Its Place

Grumman Aircraft Engineering Corp. [illegible] continued to fulfill its obligations as a prime contractor, and the staff of [illegible] respected its integrity here and in other areas.

As has been the practice in many communities, leaders of the Grumman plant have participated in civic affairs. Another commendable [illegible] Grumman employees have been active in the Jensen Beach Area Chamber of Commerce. A number of [illegible] have served as officers of the chamber.

A number of the Grumman employees have been active in the Jensen Beach Area Chamber of Commerce. A number of [illegible] have served as officers of the chamber.

Just last week officials announced plans to build another hangar, valued at $300,000, and adding fifty more employees to the present force. This new hangar will house the present [illegible] and is [illegible] planned.

Grumman officials, director of public relations, Al Hammond, et al, are welcomed as civic and community leaders and we hope they will continue to be active in community affairs.

Hoover Asks For Help

America is a proud, powerful Nation. She stands tall and erect, inspired by a precious heritage of work, liberty, aspiration, and the will, prospered, and governed by herself, free people live, defend, and enjoy the full rights of man and the concepts of human liberty. Throughout the world, our Nation is a beacon of hope for oppressed people, for the right of self-determination of nations. I recommend to you and to the citizens of Martin County, and to all other citizens, a most stimulating challenge to meet this challenge. Within our boundaries, within 200 million citizens live, work, and play in freedom. Under the blessings of representative government based on the rule of law and a balanced system of powers in the legislative and executive branches, willful [illegible] and private well-being.

This extraordinary further gives meaning and direction to the [illegible] of people. Citizens, spreading confidence, [illegible] and [illegible] with [illegible] and [illegible] [illegible] apathy, disrespect for law, [illegible] and other [illegible] will [illegible] Present. What happens to [illegible] affect us [illegible] [illegible] [illegible]

607 Christmas Club Members Will Receive Checks From The First National Bank

IN THE NEXT FEW DAYS FIRST NATIONAL BANK CHRISTMAS CLUB MEMBERS WILL RECEIVE

$81,375.00

This Will Mean A Happier And A More Prosperous Christmas For Many Martin Countians

This would be a good time for your entire family to sit down and discuss a First National Bank Christmas Club membership for each of you. It would only take a few minutes and the amounts to be saved could be as little as 50¢ per week or as much as $10.00.

When next year's holiday season rolls around, even the youngest member of your family can be an independent shopper with their own Christmas Club Check from the First National. It's good training and they enjoy saving this way.

Stop in today.

LIVE.....and love it — by DICK CAMPBELL

I Went To Washington

Part Two

IN WASHINGTON—When editor Dick Campbell visited

The Courier and Ives

"Where else?"

I got lost twice in the building before I found my way to the right office. When I finally made it, I found the lovely receptionist at the information desk was in the process of giving directions to another lost soul. I just stood there, with my mouth open, waiting for someone to say something to me. Finally, the receptionist looked up and said, "Can I help you?"

REDINGERS' 24 FT. WIDE TRAILER UNFOLDS—In this picture, the upper side of the trailer has been raised to the level of the fixed lower side by hydraulic jacks and a crank placed in position for the operation.

Redingers Get 24' Wide Trailer

Early Monday morning, Nov. 7th there was a commotion at the corner of Sugg and Federal. Two men were trying to maneuver a 24 foot long trailer around the corners. This was the long awaited 24 ft. wide Magnolia trailer that the Redingers had ordered. It was finally turned into its allotted space at the south end of the park, the wheels removed, and blocks were put under the different blocks. The plan-ning of this trailer was ex-tremely complicated and quite a few spectators gathered to watch the entire show. The first step was to remove the front part of the trailer. Then the inner side hinged at the bottom lowered outward and rested on the ground. The outer wall attached by plates to the inner sides of the roof, with the help of sliding bolts was lowered to a vertical position. The roof was then lowered and put in place. The outer walls were then hinged, extended and bolted in place, with the other sides. Several months

EDITORS—The staff of the newly organized St. Joseph College newspaper is pictured above. Planning to get the first edition out around the first of December, the staff are, left to right, front row, Carolyn Higgs, editor; Barbara Fous, associate editor. Back row, left to right, are Sister John Louis and Sister Peter Nolasco, feature editors; Rose Imbesi and Jim Wright, photo editors; and Mary Holloway and Loretta Bulger, sports editors. A Dissel to the group is Janet Hutchinson. The Jensen Mirror is assisting in the formation of the newspaper.

10
reasons for reviewing a
WILL

- A marriage in the family
- A birth in the family
- A death in the family
- A move from another state
- A change in one's business status
- A change in tax status
- A change in tax laws
- A change in estate laws
- Acquisition of some assets
- Disposal of some assets

Do any of these reasons apply to you? If there's even a question about it, you'll be well advised to go over your Will with your lawyer, soon. We stand ready to supply any additional trust services that may be needed.

WWI Vets To Install

Veterans of WWI, Barracks #654 and its Auxiliary will hold their installation of officers Tuesday, Dec. 8, at Holiday Inn. Information and tickets may be obtained by calling Cdr. James Clark, 287-5896.

Seventy-six members and guests were present at the covered dish dinner and card party held Nov. 16, with Mabel Helen Ferguson acting as chairman. Thanksgiving decorations were in coordination. Mabel Durant Jaffendall.

Prizes were awarded to Helen Deaton, Catherine Myers, Edna Satterlee, Mary Rockwell, Mary Dickenson and Ina Busch.

Members were reminded that dues, and mixed blood bank privileges, are payable.

The members also expressed sympathy to the family of Bonnie Hedrick, who passed away Nov. 18.

GUEST SPEAKER AND CHAIRMAN—Governor Hugh Sawyer, left, was guest speaker at the weighty-set meeting of the Stuart Rotary Club last night in the Sheraton-Stuart Motor Inn. Shown with the governor is Dr. Ralph Stuart, president of the club. Governor Sawyer spoke on "Florida's Future." Dr. Stuart introduced Governor Sawyer.

56 VILLAS SOLD IN LESS THAN ONE YEAR

FISHERMANS VILLAGE

NO INCREASE IN PRICE

A private adult community close to shopping, churches, beaches, golf, fishing

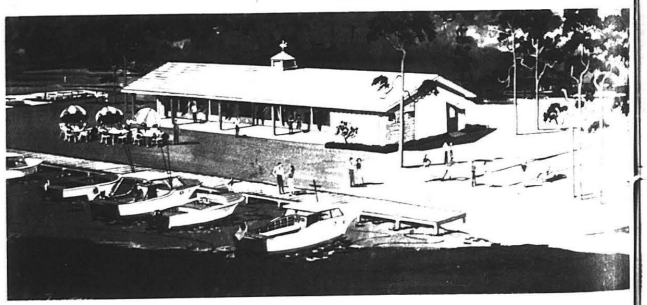
500 FEET OF WATERFRONT

on picturesque, deep water Krueger Creek

An entire community designed for gracious adult living unburdened by excessive housekeeping or yard maintenance chores. The villa type home provides comfort without wasted space, sturdy construction without constant maintenance and economical living among nearby friends whose pattern of life matches your own. Live a secluded, peaceful life right in the center of all conveniences within walking distance to down town Stuart.

All the comfort features you'd specify yourself

Built-in range and oven with range hood in matching colors
Just right size kitchen sink
Ample size mica-topped decorator kitchen cabinets in provincial antique white
Extra storage closets supplement large bedroom and linen closets
Colorful tile in baths
Bath fixtures in color
Mica bathroom vanity
Aluminum sliding glass doors to patio area
Aluminum awning windows
100 amp electric service
Gas-fired 35,000 BTU wall heater
Storage and utility room
Private entertainment patio
Fully painted exterior and interior
10' x 20' offstreet parking
Fully landscaped yard
Private Clubhouse
500 ft. private waterfront recreational area
Private boat dock and mooring



Share your own private recreation center

Your own private clubhouse with large screened porch and full kitchen is situated right on the banks of Krueger Creek near the boat dock. Think of the fun you'll have with something going on all the time. Barbecues, pot luck suppers, shuffle board, horse shoe pitching, bingo, etc...or just plain visiting. Come see it, it's all yours to enjoy.

Just about the Perfect Location

EAST OCEAN BOULEVARD

the direct route to the beaches

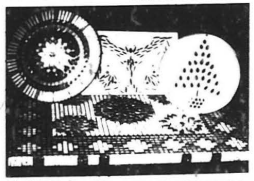
Mumps, Measles And Mosaic Tile



BY KLYANA—Two plates, a tray and tabletop made by Klyana.

Millie Klyana soon found there were getting the bug and started making tiles in little places as time went on. The largest table they have made is 42 inches in diameter, but they have not limited their art to the usual trays, trivets and tables but have tiled entire kitchens and bathrooms in many homes in their home area of Hollitick Isle.

At one Millie Klyana attended Nassau-Suffolk Arts Guild show where he met with compliments the block fireplace they had done for the same general area.

Klyanas have seven children and grandchildren in the Hollitick area where Al and Millie have a summer home.

Mrs. K has classes each Tuesday at Hollitick from 1 to 10:30 p.m. in the Local Town Hall room. Interested residents may call Mrs. Klyana for more information. I assure you those tiles work as a relaxing, creative hobby that are quite in accident, Mrs. Klyana said that often many who called "Millie's Laughing" and sometimes, two of the other members who take a class at the same time, come together, maybe and find something new to keep them interested. It has happened that the class has to be dropped in its middle and Millie and Al have moved to Hollitick and took it home. Well, it's a good thing that they are interested in more advanced work and this interest seemed to be nothing. So Al said.

Just said that it was attended by people in Hollitick. Until all the men and women had passed on the states and people in Italy and Germany and Italy through them, and the Christmas and Easter seasons and the Christmas and Easter seasons and the Christmas and Easter seasons

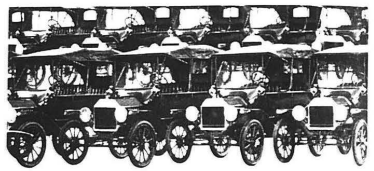
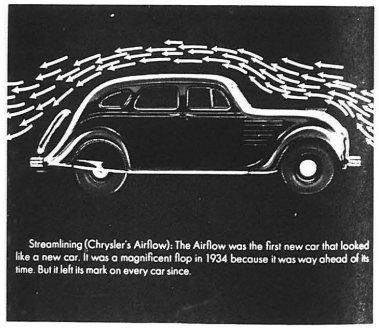
Three ideas that shook the automotive world.





Streamlining (Chrysler's Airflow): The Airflow was the first new car that looked like a new car. It was a magnificent flop in 1934 because it was way ahead of its time. But it left its mark on every car since.

MR. AND MRS. MORRIS WELLMAN

Wellmans Tell Of Oxcart Days

Mr. and Mrs. Morris Wellman are living at present, Nov. 28th, in the late Neal Robertson trailer-Wellman on Skipper, which was bequeathed to them and is now their property. Morris told us quite a lot about his Uncle Neal's family history, some of which is quite interesting.

About one hundred years ago, Neal Robertson's father at the age of eight, accompanied by his parents, who's surname would be Neal's grand-parents, left Scotland for the United States. Neal's grandfather was a ships carpenter by trade and he secured employment at a furniture factory in Grand Rapids, Michigan. Later, the urge to own land of their own, induced them to travel to Newago County where Neal's grandfather secured a homestead of 640 acres.

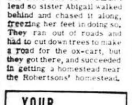
Neal's mother was born at Eagle, Michigan, to a Mr. and Mrs. Macumber and while just a babe in arms, her parents went to Grand Rapids with a team and wagon and all their household effects. At Grand Rapids they bought a team of oxen and a cow and also went to Newago County. It was early in March and cold. The cow wouldn't lead so sister Abigail walked behind and chased it along, treading her feet in doing so. They ran out of roads and had to cut down trees to make a road for the oxcart, but they got there, and succeeded in getting a homestead near the Robertsons' homestead.

They immediately went to work to build a rough shelter of logs, a lean-to they called it, until such time as they could build a permanent log house. There was no stove so they built a fire on the floor near the center of the one room shack. At times the children were so cold they had to be held near the fire to keep them warm.

These early settlers cleared brush from the land. The big stumps were left and corn was planted around them. Years passed and Neal's father married one of the neighbor girls, Estella Macomber. By this time the farm was about all cleared of brush and when the grandfather died, the land was divided between the children. Both the Macombers and the Robertsons had large families so Neal's father's share was only 80 acres. This he farmed for many years until Neal grew up. When his father retired Neal and his wife Irene took over the farm for a few of so, then went to St. Louis and Neal studied for plumbing business, finally settled in Detroit and worked for the Detroit News where he became distribution manager of the paper distribution until he retired in 1947.

There were no cemeteries in those early days and it was customary to bury the dead on private property. At Bulls Corner in Newago County, there is a small burial ground on farm property which contains the remains and the graves of Neal Robertsons four grandparents.

YOUR PHARMACIST SPEAKS



Robert B. Taylor R. Ph. Lawrence, Kan.

A tall, heavy-leaved plant with bell-shaped flowers which are known as foxglove or digitalis is brought to medicine a cure for dropsy of, more commonly, dropsy. This nasty sickness, (or!) sickness, had stumped medical agencies for centuries until the curative powers of foxglove, of the same plant family as nightshade and belladonna, were discovered.

Digitalis has been knocked about for centuries until it was admitted to the London Pharmacopoeia in 1725. This belated acceptance was short-lived, however, and digitalis was barked on a one-mile existence which was to continue for many years with the plant in and out of favor for various reasons. In your favor (we hope) is the quick, reliable prescription service which we maintain. We keep up with the latest advances in the field of drugs for your health and well-being. Get acquainted soon at THE PRESCRIPTION SHOP, 622 Chiltarabaw, in Stuart. Phone 287-3443. "PRESCRIPTIONS ARE OUR BUSINESS"

THIS WEEK'S HOUSEHOLD HINT: Before throwing out empty plastic shampoo bottles, give them a try as floating toys in baby's bath.

"PRESCRIPTIONS ARE OUR BUSINESS"

Wickes Attend Wedding

Mr. and Gertrude Wickes have returned from New Jersey where they attended their granddaughter's wedding. Gertrude was still there when Bob flew up for the wedding. Their granddaughter Linda Leigh Eisbrenner was married to Carl Arnold in the Dutch Reformed Church at Lincoln Park, N.J., at 2:00 p.m. Nov. 26th.

The reception was held at the Wayfarian Inn. This very old historical Inn is situated right on top of a mountain. It was a beautiful setting on a clear sky. Although the New York skyline was 40 miles away it could be seen in the distance. The grounds were beautifully laid out and well cared for. The interior of the Inn was even more sophisticated. Red carpets covered the floor and crystal chandeliers hung from the ceiling, while a wide winding stair was led to the upper floors.

From 1 to 2 p.m. cocktails were served to the 65 guests, then followed dinner and dancing till five o'clock. The young couple left for the Pocono Mountains in Pennsylvania, and stayed at the Honeymoon Lodge on the top of Pocono Mountain. Bob Linder I am told, caters to honeymoon couples such as Al and Gertrude talked, one could tell from their faces that it had been a very enjoyable experience, so Al's final remark was rather unnecessary when he said, "I wouldn't have missed it for $500.00."

Shuffleboard

Dr. Tom Moore tells us that Mrs. Koslow has been appointed chairman of the ladies committees. The snack bar will be open whenever visiting teams are playing at Ocean Breeze.

Beginners shuffleboard class will be held every Tuesday at 10 a.m. Archie Faille will instruct.

Round robin contests will be held every Sunday at 1:45 p.m.

Movie

The movie for Sunday, December 11th is entitled "Suspicion" with Gary Grant and Joan Fontaine. It is directed by Alfred Hitchcock and listed as one of the top Hitchcock dramas. Black and white.

The first District Tournament for the southern half will be held next Friday and Saturday, Dec. 9 and 10, at Ocean Breeze. The finals for both the north and the south halves will be held at Vero Beach, Monday, Dec. 12th.

Thank You

I wish to thank Doctor Allison, The Martin Memorial Hospital staff and the many friends who were so kind to me during my recent bereavement.

Mrs. Martha Dickson

Bridge

Eight tables of bridge on Nov. 29th produced the following winners:

Betty Spear, 1st; J. J. Wells, 2nd; Chas. Slezak, 3rd; John Sorenson, 4th; Al Pape, 5th; Otto Chihasz, 6th; Jim Catherall, 7th; and Sam Haney, 8th.

Pinochle

Clara Galoway, 1st, Chas. Huffman, 2nd; Maurice Van Marter, 3rd; Art Wingerter, 4th; J. L. Gartner, 5th, Bertha Edris, 6th; Marie Gardner, 7th; Al Pape, 8th; and J. J. Fager, 9th.

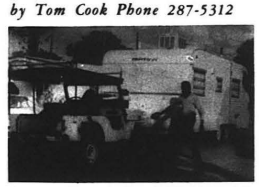
Door prizes; Carl Theilig and Irene Williams.

No score was turned in for duplicate bridge.

DAVE ROSSER TEXACO NOW GIVES S&H Green Stamps WITH EVERY PURCHASE at the intersection of 707 & Sewall's Point Road

OCEAN BREEZE NEWS

by Tom Cook Phone 287-5312



TRAILER IN--The once familiar call of "Jack, Trailer in!", is heard occasionally even now as some travel trailer arrives, such as this one Dec. 3 when Mr. and Mrs. W. H. Fairbanks arrived from California.

Boat Party Attends Game

Lawrence and Eleanor Moore of Bay Drive spent an enjoyable week-end with friends on a cruise in their 50 foot cabin cruiser. Their guests were Mr. and Mrs. Carl Engel of Key Lime and Mr., and Mrs. James Stevenson and Mr. and Mrs. Loring Munroe of Sunshine Manor. A stiff breeze kept the Ocean rough but the weather was ideal for traveling the Intracoastal Waterway. They left Saturday Nov. 26th at 5:30 a.m. and had all meals on board, and after a very enjoyable journey, arrived in Miami at 5 p.m. and tied up at the Plaza Hotel dock. Moore's boat sleeps six so Mr. and Mrs. Moore slept at the hotel and the others slept on the boat.

The big event was the football game at the Orange Bowl between the Boston Patriots and the Miami Dolphins and as all members of the party were from the Boston area, the Boston team got some vociferous support from at least one group. A very amusing incident happened during the game. The notorious "Upper" is the Miami Dolphin's mascot and he was in a tank behind the Miami goal. One time a goal was kicked and the ball dropped into the pool. The crowd roared as Flipper got his nose under the ball and flipped it out to the goal keeper. The announcer got a big laugh when he said, "Now that's one sour cool fish do that." Boston won the game 20 to 14 so our party felt they had accomplished something by giving the winners their support.

The Moores say the bus service to and from the Orange Bowl is very good. They stayed in Miami Sunday night and made the return trip the next day.

Mason Writes Friends

Bill and Lillian Tower received a letter from Luther Mason, which they received Monday. Bill, Nov. 22, "I did appreciate the birthday cards. I think I have the last visit to the surgeon next Wednesday, then they will then give some serious thought to going south. We have had a very nice fall. The weather had been cool but not uncomfortable so, we have had lots of rain. Most of the corn has not been gathered yet, as the ground is so wet the machinery cannot get in the fields. Thanksgiving Day, as usual, was outdoors at Clara's brothers place and the kids played outside all day. The helper turns was 74 degrees. Clara says he'll soon that she is giving serious thought to going to Florida, she is putting little piles of stuff here and there all over the house. Please give our best regards to our friends and we hope to see you before long."

Tau Masons

38 Attends Classes

Don Houchin says the Art class is away to a good start. So far he has 38 students, fourteen of whom are men. There are nine beginners, five men and four women. Don says the class generally are showing more originality; the painting is stronger and the students seem to have more confidence, which is good. In reply to my question as to whether he felt the class were really accomplishing something, Don said, "Oh, art classes started in 1957 and many of my students have stayed right through, so they must feel they are getting something out of it." I assured Don that the art exhibit last spring showed just that.

Ray Schaefer is making quite pleased with himself, Thursday, also as Ed and Vinnie were celebrating their third wedding anniversary that day, Dec. 1.

Personals

As I stepped inside Charlie Hoffmann's trailer last Thursday I couldn't help noticing a tremendous bunch of lovely pompon mums. Naturally I enquired "What's the Celebration?" Eva said their 49th wedding anniversary was Nov. 29 and the mums were from their son, Charles Jr., in Wyoming.

Some of these Northerners must have left the door open when they came down. We have had three nights in a row of 40 degrees which set everybody to checking their heating aparatus, However a bright sun soon takes the chill out of the air and the days have been quite enjoyable.

Mr. and Mrs. Marty Koltsch were pleased to have their son Marty Jun's stay with them for a week. He played golf several times on the Stuart course and he said he liked it. He thought the design was good and the course was well cared for. The players, he found, were very friendly and he had no difficulty in getting together a four-some. One day the two Koltschs, George Dell and George Henley went deep sea fishing from Boynton Beach. It rained while they were out. The mate was the only one with a raincoat and he enjoyed it all while the rest sat ,got wet, and shivered. In answer to my question of how many fish they caught, Marty said, "Just one measley fish,"To which I said "Cheer up, Marty," "You can't win all the time."

George Phillips is back and will be taking charge of the kitchen and the Men's Brotherhood of the Jensen Beach Community Church. Barbara Hoffmann, Tichets have been on sale for the past two weeks.

Eight shuffleboard teams went from Ocean Breeze to Fort St. Lucie Nov. 30 and came home the winners.

Mr. and Mrs. Schneider who were in the Fish trailer on Maiden's Drive have left the park and will sell their trailer. The Schneiders say they love Ocean Breeze but he has an arthritic condition and he missed the ocean air which he enjoyed so much at Daytona Beach.

Gus and Anna La Boda write to say that due to unexpected and emergency car repairs which had to be attended to, they are late in leaving but will soon be on their way south. Anna instructed in knitting in the club house. Their home at Poughkeepsie, N.Y.

JUST US KIDS--was one of the ten stalls at the All Saints' Episcopal Church Bizaar. Debbie Hafre, Susie Fulton, Joyce Fletcher, and Sandra Britton, not present, were the girls in charge of this display of articles which were all made by the junior girl members of the Church. When the doors were opened at nine o'clock a large crowd was waiting to enter, including a big representation from Ocean Breeze.

Richmond K.C. Attended Rally

K. C. Richmond was soaking up the sun on the patio beside his Airstream trailer on South Fifth when I called one day last week. We got very friendly and he had no difficulty in getting together a four-some. One day the two Koltschs, George Dell and George Henley went deep sea fishing from Boynton Beach. It rained while they were out. The mate was the only one with a raincoat and he enjoyed it all while the rest sat ,got wet, and shivered. In answer to my question of how many fish they caught, Marty said, "Just one measley fish,"To which I said "Cheer up, Marty," "You can't win all the time."

George Phillips is back and will be taking charge of the kitchen and the Men's Brotherhood of the Jensen Beach Community Church. Barbara Hoffmann, Tichets have been on sale for the past two weeks.

Eight shuffleboard teams went from Ocean Breeze to Fort St. Lucie Nov. 30 and came home the winners.

Mr. and Mrs. Schneider who were in the Fish trailer on Maiden's Drive have left the park and will sell their trailer. The Schneiders say they love Ocean Breeze but he has an arthritic condition and he missed the ocean air which he enjoyed so much at Daytona Beach.

Gus and Anna La Boda write to say that due to unexpected and emergency car repairs which had to be attended to, they are late in leaving but will soon be on their way south. Anna instructed in knitting in the club house. Their home at Poughkeepsie, N.Y.

Save 2 Ways with the JENSEN BEACH BANK'S FABULOUS Silver Stainless Tableware Offer!

Silver AND Savings PROGRAM - TODAY

Add $25.00 To Your Savings Account Or Open A New One For The Same Amount

Fire Causes Little Damage

A wall gas heater at the home of George H. Jones, 2191 St. Louis Road, Port Sewall, burned at 2:47 p.m. Thursday, Port Salerno Fire Department responded to the call and reported a smoke-filled house but little damage by fire.

Mrs. Jones was at home at the time.

Jailed Again

Hiram Morris, 36, of Port Salerno, was arrested and jailed by Deputy Sheriff Jim Morris on charges of breaking before Judge Mallory Johnson, who set bail at $3,000. Morris has been charged with totaling $11,250 for offenses he was alleged to have committed here last summer.

The new action was a request by a Pinellas Park, Fla., sheriff who asked Morris' return to Pinellas to be tried on charges of "receiving stolen goods".

Morris was recently also charged with breaking into houses closed for the summer in the Riverside Point and Rocky Point area south of Port Salerno. He has also been charged with house breaking, robbing phone booth coin boxes and receiving stolen goods here.

Lee R. Smith

Lee R. Smith, 75, of 6th and Amherst Ave., Golden Gate, Stuart, died at Martin Memorial Hospital Tuesday, Nov. 29. A native of Greenwood, Del., he had been a resident here for 15 years. He had been a lighthouse keeper in Delaware Bay for 20 years before his retirement. He was a veteran of W.W.I.

Santarsiero, Jr. Is Graduate Dealer From GM Institute

John R. Santarsiero, Jr., son of John Santarsiero, owner of Amity Buick-Pontiac in Stuart, has been graduated as a fully-qualified representative of sales and service of General Motors products, it was announced this week.

Santarsiero graduated from the General Motors Institute and is now qualified and accredited as a dealer. The graduation culminated three years of schooling by General Motors. Classes in all phases of the operation of a dealership were included in the courses taken by Santarsiero.

During the three-year study and special schooling period, Santarsiero graduated from minor schools in professional salesmanship, accounting, fundamentals of automotive selling and parts management.

The final course featured an eight-week period of intensive training, when Santarsiero attended classes from eight in the morning until five each evening, then had to study to prepare for the next day. The college, in Flint, Michigan, is accredited and students must be either specially selected or sons of dealers to attend.

Santarsiero is married to the former Jill Moseley of Stuart, and they live at 103 Spruce Ridge Road in Jensen Beach. He has been active in business with his father for the past six years.

GRADUATION CERTIFICATE AWARDED--John R. Santarsiero, Jr., son of John Santarsiero, owner of Amity Buick-Pontiac in Stuart, accepts his graduation certificate from Edward Rennex, sales development manager of General Motors, at Flint, Michigan. Santarsiero graduated October 28 from a three-year study and special schooling course at General Motors Institute.

Community Church Plans Busy Month

The Men's Brotherhood of Jensen Beach Community Church will hold its Holiday Supper Thursday, Dec. 8 at 6 p.m. to be followed by its regular meeting.

On Sunday, the 11th, the families of several local ministers will have a dinner party at Fellowship Hall.

Rev. and Mrs. Newton M. Tweedy, Rev. and Mrs. Jack Fernandez, Rev. and Mrs. Robert Greenwood, and Rev. and Mrs. Neil Gunsalus, and all their youngsters, will join for a holiday dinner.

Rev. and Mrs. Norman Feaster and daughter, Patti, and Rev. and Mrs. A. Sydney Lowrie will also join the group.

Members of the Church Aid Circle will serve, and Mrs. John Houser, M.N., will "babysit".

A Christmas Party for all members of the Church Aid Circle, Friendship Circle, and Men's Brotherhood and their spouses will be held Friday, Dec. 16 at 6:30 p.m. The meat will be provided. Guests are asked to bring their own table service and a 50¢ gift marked for man or woman.

Names A to K are asked to bring vegetable; I to q, bring salad or relish tray; R to Z, bring dessert.

The Sunday School Christmas Program will be presented by the youngsters at 7 p.m., Sunday, Dec. 18. All are invited to attend and enjoy the refreshments. Santa will be present.

Officers of the Church Aid Circle will be installed at the 1:30 p.m. meeting on Wednesday, Dec. 28. They are: president, Mrs. Patrick Tierney; 1st vice president, Mrs. Carlyle Luther; 2nd vice president, Mrs. Luther Gulse; secretary, Mrs. Clyde LeMesurier; assistant secretary, Mrs. Milton Melhorn; treasurer, Mrs. Robert Stiles; assistant treasurer, Mrs. Grace Buell.

Trinity To Feature Bell Ringers Program

The Bell Ringers of Vero Beach will present a special program of Christmas music Monday night, Dec. 12 at Trinity Methodist Church on Arch St., Jensen Beach.

The program, to start at 7:30 p.m., will include selections of the group, rendered through the medium of bell-ringing.

The public is invited.

The annual Church anniversary dinner was held in the new Fellowship Hall of the Church on Friday, Dec. 2. The Woman's Society of Christian Service was in charge of the covered dish dinner which marked the sixth anniversary of the founding of the church.

Following the dinner, Rev. Neil M. Gunsalus, pastor, entertained with a history of handwriting, and analyzed specimens of handwriting of persons in the audience.

The Ruth Circle will meet at the home of Mrs. T. F. Woods Monday, Dec. 12 at 1:30 p.m.

The public is invited to worship service at 7:30 p.m. Sunday. A series of slides will be shown telling of the work of the Methodist Church among the Spanish-speaking peoples of Florida.

COMPLETES BASIC--Airman David W. Morris, son of Albert L. Morris, 68 W. 2nd St., Stuart, has been selected for technical training at Keesler AFB, Miss., as a U.S. Air Force communications - electronics specialist. Morris, a graduate of Martin County High School, 1966, recently completed basic training at Lackland AFB, Tex.

AIR POLICEMAN--Airman William B. McCathern, son of Mr. and Mrs. Charlie L. McCathern, Rt. 3, Stuart, has been assigned to Tyndall AFB, Fla., after completing Air Force basic training. A 1966 graduate of Martin County High School, he will be trained on the job in air police duties with the Air Defense Command.

Distributive Education

As a result of top-flight training received in a course called "Distributive Education" at Murray High School, 25 ourselves are working in area motels, hotels and country clubs at the end of November.

Instituted by E. B. Horton, director of adult education for Martin County schools, the course is for both adults and, in special cases, high school pupils.

Eleven are employed as bus boys, four as waiters, two as maids and two as kitchen helpers.

More enrollees are being sought because of the demand for trained personnel.

Upgrading of skills is an important part of the program, set up by Guilly Mc-Hardy, social studies teacher.

"We have been fortunate in having with us top flight instructors in their fields," he said. "The program should result in increases in job efficiency," he added.

A "distributive occupation" is defined as "an occupation that is followed by proprietors, managers or employees engaged primarily in the marketing or merchandising of goods or services".

All Saints' Guild

All Saints' Guild will have a Christmas Party Tuesday, Dec. 13, consisting of a pot-luck luncheon at 12 noon.

Also on Tuesday at 8 p.m., Church School teachers will meet.

Those attending are asked to bring a 50¢ gift marked for man or woman, to exchange. Santa Claus will be part of the show, and refreshments will be served.

Lions District Cabinet Meet

A District Governors Cabinet meeting, attended by approximately 90 members, was held Sunday, Dec. 4, at Stuart, with the Stuart Lions Club as host.

The District encompasses the area from Camp Kennedy to Ft. Lauderdale. This was the first such meeting to be held in this area.

The Lions Foundation for the Blind will aid all blind but financially with a sight project which is too expensive for the Club to handle, according to Ross Philbrick secretary of the Stuart Lions Club. Co-chairman are Irving Kanarek, president, of Hollywood.

District Governor Jack Jones, Deerfield Beach, presided at the meeting at which Dr. R. N. Kuhn was M. C.

The ladies also attended the meeting presided with bouquets of flowers, courtesy of the Martin County Flower growers Association, and were taken on a tour of the Elliott Museum and House of Refuge.

Jensen Beach Lions who attended the meeting include ed President and Mrs. Al Eckert, Mr. & Mrs. Ed Hahn, Mrs. Dewey Hahn, Mrs. Awan, Mr. & Mrs. Pat Ward, Mr. & Mrs. Merrill Price, Mr. & Mrs. Jerry Heritage, Mr. & Mrs. Richard Campbell, Mr. & Mrs. Frank Hussey, Marvin Wahl, Chet Horan, Carl Hupfel, James Dean, Ralph Campbell, Ed Schmidt and John Lawson.

Society Presents Winter Program

The Martin County Historical Society has announced its gallery and performing art winter series for 1967.

The Friday night series will open Jan 13 with Miss Terri Schreckengost, mezzo-soprano, who is working on a Fulbright scholarship award. She will receive her masters degree in voice in June from Florida State University.

On Friday, Jan. 27, William DeLong arrives with his "Costumes & Caravans". He has traveled the world with this "Evening of Costumes" that takes one on a most unusual journey, following the ancient "spice trails" once used by the camel caravans, dating as far back as 2000 years B.C.

Friday, Feb. 10, Miss Doris Thurston, monologist, who has played Cliffy, now seen off-Broadway, on the straw hat circuit and appeared several musical comedies, will bring "An Evening with Miss Thurston." portraying from Queen Elizabeth to My Fair Lady.

Feb. 24, Michael Herron, concert-jazz pianist.

March 10, Wells Hively, concert pianist, who for many years accompanied Miss Lily Pons.

March 27 will end the season with Miss Vereda Pearson in her "Influence of African Music". She is listed as one of the outstanding Negro entertainers on radio, TV and in clubs.

'Guys & Dolls' Party Is Planned

A "Guys and Dolls" party is being planned by the Jensen Beach Women's Association for Monday, Dec. 12 at 7:30 p.m.

Ed Clay, of WSTU, will entertain the group which will meet in Hobe Hall of the Episcopal Church. He will present songs and a narrative of his year's tour with the hit play, "Guys Dolls".

Co-chairmen of the affair are Mrs. Leafy Gardner and Mrs. Florence Older.

Monday's meeting saw 55 members present. Mrs. Sabina Foster was welcomed into the club.

Hostesses were: Hazel Mason, chairman; Leah Wood, Thelma Watson, Inez Kilmer, Peggy Bean, Jane Livermore, Lillian Staples and Myrtle Whitman.

The same group will be in charge of the Christmas party to be held Dec. 19. This will be a covered dish luncheon, starting at 12:30.

Members are asked to bring a 50¢ gift for exchange, and their own table service.

Mrs. Lillian Staples will be chairman.

Hostesses for January will include Florence Henry, Mary Hopkins, Hazel Houghton and Gretchen Pohle.

The door prize was won by Peggy Bean.

Tigers Share In Suncoast Championship

Beginning with a 19-13 win over Boca Raton Oct. 21 to the final 33-0 victory over Jupiter, Martin County High School Tigers rolled up six straight wins and wound up with a share of the Suncoast Conference Western Division championship with Pahokee. Earlier in the season they had a 1-3 record.

"It's been a very gratifying experience. For a first year, it's been a good one," said Jim Navitsky, new MC coach. "We did well, perhaps better than I expected."

Navitsky pinpointed the Oct. 14 meeting with Dan McCarty, Ft. Pierce, as the turning point in the season for the Tigers. Outclassed 26-0 for the first three quarters, Navitsky substituted Glenn "Porky" Bryan at quarterback for the first time. Bryan directed a drive which led to a touchdown in a 26-6 loss. He maintained the position for the season and was impressive enough that Florida, Tennessee and Alabama coaches have contacted Navitsky about him.

Navitsky lauded the 6 foot 2 inch, 205 pound quarterback and pointed to his importance to the team. He also gave credit to Billy Cunningham who automatically kicked the extra points.

"But they all did a fine job for us," he concluded.

Davis and Hudson spearheaded a defense that was unscored upon in the last three games, while Bruner spent most of his time in the offensive backfield.

Martin County Tigers can be tagged "determined winners" this season.

Tigers Start Basketball Season With 40-39 Victory

Basketball got off to a good start last Friday night when Martin County High School Tigers took a 40-39 thriller from Florida Air Academy.

The Tigers sported a new head coach in Don Wallen, newly arrived from western Kentucky. Wallen expressed pleasure with the defensive efforts of the team, especially the squad's defensive tactics in holding 6'7" center Richard Brown to 28 points.

Wallen pointed out that Bob Cullinane, Jeff Bruner and Charlie Greenlees kept Brown boxed out so he was unable to pick off the rebounds.

After leading by three, the Tigers fell behind going into the final period with a 27-26 score, but went on to victory behind Cullinane's shooting.

A free-throw by Mark Hopkins, with 25 seconds left, gave the winning point. Cullinane and Hopkins led the Martin County scoring with 14 and 11 points respectively.

Friday night, Dec. 9, the Tigers will play Dan McCarty High School at home, Saturday night's game, Dec. 10, will be played in Vero Beach, and the next home game will take place Tuesday, Dec. 13 when MCHS plays Palm Beach.

Chips, Divots And Tips

by Matt Moore

The Handicap Championship at Martin County will start the second week in January. Sign up dates will start the 15th of December through the first week in January. All members are eligible and should post all current scores for handicapping purposes.

New handicaps will be computed by the first of January. The only way to have an honest handicap is to post all of your scores. The WSGA system, which we use, takes the best 10 scores of the last 25, so your 15 highest scores are always eliminated. Don't try to regulate your handicap by not posting certain scores whether they be extremely low or high. Post all scores and don't take out a double bogey for handicapping purposes. Let's make this a BIG tourney this year. Everyone get in there and sign up.

Elmer Pond shot 78, his first score below 80 this season. He played with Bill Snowden, Marty Anderson and Gene Wilchester. Snowden is the defending champion in the club handicap championship.

Dick Garlington, the pro's partner in the Blitz Saturday, three-putted six times and five-putted the 13th which is somewhat of a record. Dick hit a 40 wood on the green and finished with a score of 6, and believe me, he tried every time.

It's getting to the season when play will be getting heavy at the golf course. I want to urge all players to try to keep their place on the course and not dilly dally looking for balls too long. Five minutes is a reasonable time to look for a ball, but if you think it might take that long, ask the match behind to go through.

Saying/use this week: Hide the club a little lighter and not so tight and keep your head down a little longer for better shots.

HIGH SCORER--Robbie Cullinane, Martin County High School senior, was the leading scorer last Friday night with 14 points and 8 rebounds. MCHS played Florida Air Academy.

MARTIN COUNTY MARCHED--Three bands took part in the Christmas Parade on Saturday in Stuart, in which 6 units participated.

M.C. Golf Club Decision Is Expected This Month

A final decision is expected by the Dec. 27 meeting of the county commission on recommendations made in a $3,000 study of Martin County Golf and Country Club urged last spring, contracted for in July and delivered in September, according to a spokesman for the special committee on the problem.

County Commissioner Tilton Powers, with Commissioner Jack Saunderson and County Attorney Dean Tooker made up the Golf Study Committee. In recent meetings, County Engineer Fred L. Bell and Commissioner J. H. Bruner have been included in the work session groups.

In the sub-committee's most recent session last Tuesday afternoon, Tooker and Bell were instructed to coordinate the 15th of December through the first week in January. All members are eligible and should post all current scores for handicapping purposes.

"Something must be done to protect the public's interest," said one member, while another said, "We don't want to upset finances, contracts or agreements the club may have, but we can't stall much longer on action, either."

H & H guessed the club was making money, but criticized inadequate accounting, lack of internal controls, lack of statements and reports.

The committee has figures on costs, expenses, labor, including management and greens and maintenance directors. The firm recommended that new construction money be advanced by the county but recouped via a new lease on charter from the club to take effect after a reconstruction program, presumably about Jan. 1, 1968.

The Horwath report had stated: "The county's position is one where the commissioners feel this valuable land should not cost the taxpayers anything, and some citizens, no doubt, feel that the county should receive a fair return via rent."

THIS IS POWDERPUFF FOOTBALL!--With pig-tails flying, junior halfback Barbara Cloud is shown here on an end run, while Carol Book attempts a block. The senior girls at Martin County High School outtattled the juniors Saturday night to chalk up a 26-13 victory in the annual Pow-derpuff football game. During the half-time, Jeff Bruner, football and basketball star, was crowned Powderpuff King by last year's king, Tommie Wyatt, and Rachel Fenton, '66 Homecoming Queen.

A Haid Full Of Sporting Tips

by Howard Lee Haid

WHEN PLAYING WITH the big boys, one must be prepared to take the lumps, and man....I got my share. During the Perry Como Golf Tournament held over the Thanksgiving weekend, I was one among many trying to play a decent game....my average game.....and hoping to fire a real show-stealing sizzling round....Much to my dismay I did fire sizzling rounds...all in the wrong direction. By the end of the second day, the odds makers had me as a sure bet to capture last place and the title of World's Poorest Putter.

Like I've always said, if you have a good thing going for you, stick with it....and I did just that. The first day of play I putted for a total of one eagle and eight birdies and succeeded in getting only one bird. The second day found me trying for nine birdies and I got just one. Oy, the third day the cheese really got binding when I tried to get eleven birds and ended up with.....eep, you're right....exactly one.

I hesitate to mention the fourth day....for at this point I decided to throw caution to the winds, change my entire game, and ended up by firing my most impressive round....a stirring 49.....exactly 14 strokes over par.

So far, I'm sure I have impressed you with the amazing number of birdie putts I had available, but the real clincher to this whole story is....that out of a grand total of 33 potential birdies I managed to can two, salvage four pars and drop 27 sure-fire eagles from the astounding distance of about one inch. If there be a title for the World's Poorest Putter, I feel sure I have earned it after putting on such a fine display during those four days.

As one of my friends so aptly put it, "There's always next year", and he was right....maybe next year I'll be able to establish another record of some kind, but whatever the outcome may be, I'll be in there pitching and putting once again....

HERE IS A little thought about eating enjoyment from wild game. Many a disgusted look or comment has been made about various table fares set before the family as the result of a fine hunt. Most of the strong, disagreeable flavor in any game is the result of poor field preparation. This is due chiefly to failure to bleed the animal immediately and carelessness in dressing.

The first rule to follow for good finger-licking game is to bleed the animal as soon as possible after the kill. This will not only remove most of the gamey taste, but it will help keep the meat better and fresher until it can be placed on ice or in a freezer.

Care should be taken, also, when skinning the animal so that none of the hair or outer skin touches the meat. This will and does cause a musky taste in the meat.

Caution at the time of the kill will pay off in fine eating and will help persuade some of the "I don't like it" crowd to the pro side of GAME IS EXCELLENT TABLE FARE.....

Sailfish Entries

Alvin Kroll of 3 N.W. Mango Lane, Jensen Beach, has entered his catch of a 10-lb. sea trout in the Stuart Sailfish Tournament. Kroll caught the fish in the Indian River using spinning tackle and a Mirror lure.

Two other entries were a 43-lb. 8 oz. dolphin caught by Al Case, Wayland, N.Y., and a 7' 8" sailfish, also caught by Case.

Nov. Permits

November building permits in Martin County totaled more than $368,000, it was announced last week.

In the county, 94 permits were issued for $170,570, including 18 new residences.

Stuart building inspector's office issued 33 permits for a total of $97,915. One permit, for an addition to St. Joseph School, was for $65,200.

Total for November, 1965 was about $200,000 ahead of this year for the county, but an increase of about $70,000 was noted in the city's total.

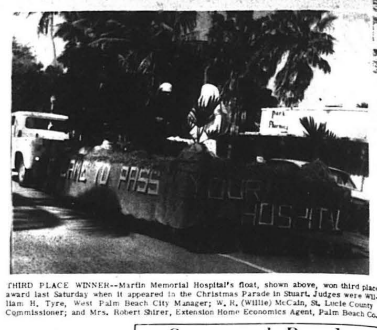
Christmas Parade Pictures

By Howard Haid and Alice Hickey

ARCHING ALONG TOGETHER--Jensen Beach Boy Scouts Troop #401 paraded last Satur- in the Christmas Parade, as one of 66 units entered. Also marching were Jensen ach Volunteer Firemen and Auxiliary members. General chairman of the parade was s. John Burgess, assisted by Mrs. Ned Aderholt, Mrs. J. M. Bevis, Mrs. James Bart- t, Mrs. David Rinker, Mrs. Albert Krueger, and Mrs. Robert M. Johnson.

SANTA COMES TO MARTIN COUNTY- Santa and Mrs. Claus arrived last Saturday in Martin County and joined the Christmas Parade sponsored by the Junior Woman's Club of Stuart. Santa and his helpers are shown above.



THIRD PLACE WINNER--Martin Memorial Hospital's float, shown above, won third place award last Saturday when it appeared in the Christmas Parade in Stuart. Judges were Wil- lian H. Tyre, Vero Beach Park Director; Ralph Bassett, Fort Pierce Chamber of Commerce Manager; W. H. (Willie) McCain, St. Lucie County Commissioner; and Mrs. Robert Shirer, Extension Home Economics Agent, Palm Beach Co.

St. Joseph Gets Diocese Property

Transfer of ownership of the St. Joseph Novitiate property in Jensen Beach from Coleman F. Carroll, Bishop of the Diocese of Miami, to Sisters of St. Joseph, Inc., St. Augustine, was revealed in a warranty deed filed at the courthouse Monday.

Price indicated by transfer stamps was $100,000, of which $75,000 was retained in a mortgage. A total of 35.48 acres of land in two parcels was involved.

Present value is far in excess of the price indicated by the state transfer stamps.

Former owner, as shown in a transfer last August, was Joseph F. Hurley, Bishop of the Diocese of St. Augustine and the Catholic Burse Endowment Fund, Inc., who sold it to the Miami diocese.

The land and original buildings were owned at one time by the Leach estate.

Tigers 68-52 Clewiston

The Martin County Tigers won their first conference game of the season Tuesday night, defeating Clewiston 68 to 52, and brought their season record to two wins and no losses.

Bob Cullinane was high-shooter again, hitting for 21 points, and led in rebounds with 13. He was followed by Mark Hopkins, who had 20 points, Charles Greenlees hit for 11 points and handled 12 rebounds, Bob Rhoday had nine points, Jeff Bruner hit for five points and had nine rebounds credited in defense.

Martin County led all the way through the game, and the scores by quarters were 18-11, 35-27, 50-45 and final 68-52.

When asked how the team did, coach Don Wallen said, "We played a lot better than last game, made plenty of mistakes. We hit 35 to 40 per cent this time, against the Florida Air Academy game when we hit 20 per cent.

"We can learn from our mistakes in the non-conference games coming up. We want to win all the games, but we especially want to win division conference games."

Disclose Study Results

Martin County's $44,000 St. Lucie Inlet study is ready for a show of results, it was learned this week.

The U. S. Corps of Engineers' plans for inlet protection have been tried out and will be discussed to officials. Ideas originated by the Coastal Engineering Laboratory at the University of Florida have also been tested.

Corps officials in Jacksonville have been invited to visit the Gainesville facility to view the results. Locally, it was presumed that U. S. Rep. Paul G. Rogers, county commissioners and members of the Safe Inlet Committee would also be invited.

Shoaling in the inlet is not expected to have any material affect on the plan.

Co Van de Kreek, in charge of the project, is expected to look at the inlet on Thursday.

To Sponsor Light Contest

An "out-of-doors" contest for Christmas lighting will be held in the Jensen Beach area, sponsored by the Jensen Beach Garden Club.

Fourteen members attended the Nov. 30 workshop at Jensen Beach Community Church. Instructions for the making of Melaleuca bark corsages were given by Mrs. Nellie Pezzoni.

TODAY'S SOLUTION

"Education Park" Plan Indicated

Jack Smouse, general coordinator of Martin County Schools, told the school board at a work session Monday night that he thought the most desirable plan for future schools in Martin County would be an Educational Park of some 300 acres.

The plant would be designed to handle a 1-4, 5-8 and 9-12 grade situation and would cost approximately $10 million for 6,000 students, Smouse reported.

LEGAL NOTICES

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT, IN AND FOR MARTIN COUNTY, FLORIDA.
IN CHANCERY. NO. 4462

FIRST FEDERAL SAVINGS AND LOAN ASSOCIATION OF MARTIN COUNTY, a United States corporation,

Plaintiff

vs.

ROBERT O'HARA, a/k/a Robert N. O'Hara, and MARY O'HARA, a/k/a Mary Jane O'Hara, his wife, et al,

Defendants

NOTICE OF FORECLOSURE SALE
BY CLERK OF THE CIRCUIT COURT

Notice is hereby given that the undersigned, DOROTHY PIERCE, Clerk of the Circuit Court of Martin County, Florida will, on the 19th day of December 1966, at 11 o'clock A.M. at the front door of the Courthouse of Martin County, Florida, in the City of Stuart, offer for sale and sell at public outcry to the highest and best bidder for cash, the following described property situate in Martin County, Florida, to-wit:

The East one half of Lot 16 and all of Lot 17, Block 3, FRAZIER CRESCENT, according to the plat thereof filed 8 April 1926, recorded in Plat Book 1, page 46, Martin County, Florida, public records.

TOGETHER with all structures and improvements now and hereafter on said land and the fixtures attached thereto, and all rents, issues, proceeds and profits accruing and to accrue from said premises, all of which are included within the foregoing description and the habendum hereof. Also all gas, steam, and electric water and other heating, cooking, refrigerating, lighting, plumbing, ventilating, irrigating, and power system, machines, appliances, fixtures and appurtenances, which are now or may hereafter pertain to or be used with, in or on said premises, even though they be detached or detachable, all of which it is hereby agreed are or when installed shall become a part of said real estate,

pursuant to the Final Decree of Foreclosure entered in a case pending in said Court, the style of which is First Federal Savings and Loan Association of Martin County, a United States corporation, plaintiff, vs. Robert O'Hara, a/k/a Robert N. O'Hara, and Mary O'Hara, a/k/a Mary Jane O'Hara, his wife, et al, defendants, and the docket number of which is Chancery No. 4462.

WITNESS my hand and official seal of said Court this 1st day of December, 1966.

What's a nice-looking car like you doing in a Volkswagen ad?

Nobody made a mistake. That shapely car is the new Volkswagen Fastback.

It's a VW ad because it's a VW.

We haven't made very many yet, so you probably haven't even seen one yet. That's why we're running this ad in the first place.

The Fastback isn't a VW in name only. It's a Volkswagen through and through.

The engine is air-cooled so it has no use for water or antifreeze. And it's in the back to make the going easy when the weather isn't.

The Fastback is airtight, like all Volkswagens, because it's made in the same plant by the same people.

Naturally, there are differences, too.

The Fastback engine is a little more powerful (the car will cruise at better than 80). It holds 5 nicely. It has disc brakes in front. The upholstery is for all kind of jazzy. And it the Fastback costs $2143.*

If you've steered clear of a Volkswagen because it wasn't big enough or good-looking enough or expensive enough, you may be forced into thinking it all through again.

Sorry.

News Notes

Jensen Beach Post Office will be open from 8 a.m. until 4:30 p.m. daily except Sunday for the transaction of business at the stamp and parcel post counter.

Stuart post office hours are 8:30 a.m. to 5 p.m., daily except Sunday.

•••

Stuart Fire Department's brush fire truck was used to fight a brush fire at Rinker's Crossing, off A-1-A, at noon last Thursday. Little damage was done.

•••

Vivian Davis, art director for the Adult Education program at Indian River Junior College, will hold the first outdoor art show for her classes Friday and Saturday, Dec. 16-17. The First National Bank property, 6th and Citrus, Ft. Pierce, will be the display area for over 100 oil paintings.

Mrs. Davis conducts four classes, two at Port St. Lucie and two at IRJC, with 65 to 70 students attending.

•••

James Crowder, Birmingham, Ala., brother of City Manager Joe N. Crowder, Stuart, died at Birmingham Friday, the victim of a heart attack.

Notified of his brother's illness, Crowder left early Friday for Birmingham to be with his brother, who died in the operating room of a Birmingham hospital.

The funeral was held Sunday.

•••

Sales tax collections in Martin County were up by 17.53% in November, 1966, over October, 1966, according to J. E. Straughn, director of Florida Revenue Commission.

November's collections amounted to $53,455.18.

•••

City Manager Joe N. Crowder, Stuart, has been appointed by Kenneth Thompson, president of the Florida League of Municipalities, to serve on the League's Legislative Committee for 1967.

This committee was established to present a program of constructive legislation affecting Florida municipalities to the state legislature.

Crowder was selected because of his continuing interest in responsive and effective municipal government.

Notice To Winter Visitors

When you arrive in Martin County, please register with the Chamber of Commerce, check in at the Post Office, and notify The Mirror of your local address. Make yourself easy to find.

Allapattah Bids Open Dec. 22

Bids for the Allapattah Road State Road Department project will be opened at the State Road Board meeting on Dec. 22, according to Clarence Davidson, District Four engineer for the SRD.

He admitted he and SRB member Chelsie J. Senerchia had been concerned when bid requests failed to appear on regular lists at the usual time earlier this month.

When the SRD moved into its new Tallahassee quarters late in November, specifications, including profiles and data, appeared to have been lost or misplaced.

Concern has been expressed locally about the "loss" because of the involvement of the Palm City Bridge allotments at stake.

However, the plans were found in time to publish ads in Tallahassee, a two-week requirement on bids involving road funds. Three weeks are required on projects in which Federal funds are at stake.

It is expected that bids will be opened on time, at the last meeting of the present road board.

ESSAYS FOR THE LIONS--The International Peace-Essay Contest, sponsored by the International Lions Clubs, closed Dec. 10. Here Sister Mary Jerome, SSJ, academic dean of St. Joseph's Junior College, Jensen Beach, submits ten essays by students of the college to Al Walker, president of the Jensen Beach Lions, while Bob Campbell and Merle Elles look on. Many local students have entered the world-wide $50,000 contest, formulated to stir an interest in peace and to challenge the men and women of tomorrow.

8 Religious Scenes

Christmas Display Is Readied For Causeway

A Manger scene will be the focal point of a religious display on the Jensen Beach Causeway during the holidays.

Eight Christmas carols, each depicted in life-size figures on a separate covered pavilion, will be completed and put in place within the next few days.

In addition to the Manger, there will be 60 life-size cutouts. Sponsored by the Martin County Ministers' Association, the work is being done under the origination and direction of Mrs. Richard Murphy, Stuart artist.

Frank A. Wacha, county commission chairman, said Friday the newly completed pavilions will be available for picnic use eleven months of the year, but will be given to the Association for the Christmas Pageant during December.

Mrs. Murphy and her committee have been at work on the artistic display for many weeks in the Education Building at the County Fair Grounds.

The display will be "unveiled" Dec. 23 from 7 to 8 p.m. when choirs from the various participating churches will sing, and the Jensen Beach Fireworks Fund will provide coffee for adults and candy canes for children.

The county ministerial association took on the project as a cooperative venture. Church groups have assessed themselves according to their ability to pay, a spokesman said.

1967 United Fund Drive Organizing

The Jensen Beach-Rio United Fund executive board met last Monday night to begin planning for the 1967 UF drive in this area.

A nominating committee, to suggest a list of officers for the coming year, was named by president Al Palmer. The committee is made up of past presidents Buck Campbell, chairman; Zola Swarthout, Anita Hoke and Palmer.

The new slate of officers and directors will be presented to a meeting of the board on Jan. 10 for a vote.

"We hope to accept new faces on the list of officers this year," Campbell said following a meeting of the nominating committee which followed the executive board meeting.

The date of the drive, the kickoff breakfast, will be announced at the meeting in January. The executive board plans another meeting before the general meeting Jan. 10.

Having A Christmas Party?
Get In The Mirror
Christmas In Pictures Edition

Again this year, The Mirror will have a special feature at Christmastime... the third annual Christmas party edition.

Anyone having a Christmas party is asked to call The Mirror office, 287-3126. We will register the party and have a photographer at the party to take a picture for the "Christmas In Pictures" edition.

This special edition will be released December 29. In that edition will also be pictures of whatever Christmas lighting displays that it is possible to take.

Don't Depend On Buoys

Inlet Dredging Is Under Way

Boatsmen who are unfamiliar with the layout of the marked channel at St. Lucie Inlet should not rely on buoys as they marked the inlet last weekend.

Several have been completely moved, and at least two are off station if the channel being dredged is the correct one, and it should be assumed that it is.

The red sea buoy lines up with the marked line of the south side of the two-hundred foot wide outer dredged channel, contrary to U.S. Coast and Geodetic Survey charts of the inlet.

The crew of the US Sidecasting Dredge Merritt has worked since Saturday, and the highly maneuverable dredge has been on and off most, if not all the bars in the St. Lucie Inlet area, and has created at least one on her own.

In spite of orders which emphasize that spoil is to be thrown to the south of the marked channel the craft is dredging, the method of operations being used on the weekend ended with spoil piped to the south on westerly runs and to the north on easterly passes.

One result has been the buildup of a bar awash at ebb tide north of the channel about half-way between Hutchinson Island beach line and the easterly tip of the jetty.

However, another result has been the washing out to sea of much of the sand loosened from the bottom and pumped out of the Merritt's hydraulic exhaust pipe, which conveys sand sucked from the bottom on one side of the vessel some 90 feet away on the opposite side.

The Merritt grounded frequently on the shoals she is removing, particularly when rolling with the southeasterly swell that kept the inlet in white water on ebbing tides.

Although the groundings in the inlet were temporary, the Merritt experienced one in the slight cove west of the west end of the jetty last Saturday. It took about an hour of pumping and maneuvering to free her at that time. It was not determined what she was doing in the area, not in the dredging plan.

HAVING A BALL!--Many local doctors attended the Tri-County Medical Association Ball held Friday, Dec. 9 at St. Lucie Country Club. Pictured above are, left to right: Dr. and Mrs. J. W. Grossnickle, Dr. and Mrs. John Powers, Dr. and Mrs. F. T. Kroeckel, and Dr. and Mrs. Richard Q. Fenix.

Last Call For Christmas Mail

Jensen Beach Post Office rang the warning bell to remind residents that this is the last round for Christmas mailing.

All out-of-town Christmas gifts and greetings should be deposited by Wednesday to be absolutely sure they will arrive at their destination on time.

Nationwide it is expected that more than eight billion pieces of mail will be delivered before Christmas, a new record.

Sailfishing Excellent

Sails, terrific. Plenty of local boats out and successful. Good fishing, shore to Gulfstream, for false albacore, kings, some 'cuda close in, dolphin outside.

Inside the reefs, along the beaches and bottom inside the inlet, Spanish mackerel, and blues. Blues also roaming up Indian River where bridge anglers have been successful with snook in recent days. Indian River area good in trout and snook, blues and usual bottomfish.

Some of the biggest trout, spotted sea variety, being taken in Intracoastal south to Peck's Lake.

North Fork good for jacks, snook, some redfish and sea trout.

County Actions

At the Tuesday meeting Martin County commissioners:

VOTED to bank another $300,000 in the county's four banks at four per cent interest to be paid at time of withdrawal, authorizing at the same time, deposit of an expected added tax collection in the next few days, to bring to a total of about $850,000 on deposit in county banks. The motion was adopted 4-1 with Commissioner Ed Miller opposing, seeking to put the money in government bills instead of local deposit.

VOTED to pay $4,150 for seawall work on Jensen Beach Causeway, as bid by Langford Marine Construction, which has been completed; to pay up to $200 for electrical service to the new pavilions on the causeway, and to pay the bill for pavilion construction in the amount of $1,988.76, all to be taken from Taxing District A.

AWARDED, on low bids, contract for two pick-up trucks to Web Ordway Motors, for $2,913.80; to Eastman Kodak, micro-filming equipment for the clerk's office at about $6,000, to be pinpointed by study of difference between original supplies and original equipment; to Jochem Chevrolet, at $1,71.35, new car for building inspector's use; and to Fred L. Bell, county engineer, and committee, for study and report, lumber bids.

ACCEPTED low bid of Friend, the Builder, for construction of an equipment shed at the county garage, for $6,803, but refused to open bids on eliminating termites in the Hunsinger addition to the courthouse on Bell's recommendation. Bell said other controls could be used.

AUTHORIZED Mrs. Dorothy Fierce's office to purchase $510 in equipment from surplus receipts.

PLACED authority to grant extensions of non-conforming uses in the county board of adjustment, rather than in the planning and zoning board as it has been.

GAVE permission to Mrs. Nellie Pezzoni, who said she couldn't afford to clear lots, to get a burning permit from fire departments with jurisdiction to burn lots instead of having them cut.

AGREED to change name of 2nd St., Port Sewall Plat to Country Club Lane, on request of Tom Sylvester.

AGREED to advertise abandonment of St. Lucie Blvd., Rio, on request by Don Johnson, Anchorage Boatel, Inc., for a hearing Jan. 10. Johnson said it did not go to the waterfront.

DID nothing on locating a garbage dump to replace the county's use of the city dump. Bell said the city of Stuart was anxious to get the county out of the city dump.

RENEWED a lease between the county and Tax Collector Alvin N. Andrews, at $1 a year for two years, for Lots #3 and 4, Clewis-land Second Addition, Palm City, for Civil Defense use.

TABLED action of setting new bulkhead lines on Hutchinson Island after Bell said his office was too busy to initiate action. A Jan. 27 hearing had been set by the board to change line as recorded by the Trustees of the Internal Revenue Fund in 1958.

"All property owners within 1,000 feet of any change area have to be notified 30 days in advance. Since this is of benefit to property owners, I believe they, or one of them, should take the initiative," said Bell.

There are about 50 members, he said.

AUTHORIZED installation of street light at intersection of SR 76 and St. Lucie Avenue.

HEARD Commissioner Powers report savings of $4,100 gained by relocating utility lines over Citrus Blvd, right-of-way.

AUTHORIZED payment of $1,013 for additional fire and extended coverage on courthouse addition and Hunsinger building, for a total of $113,000 more insurance.

HEARD Dean Tooker report that boiler and machinery insurance purchased recently covered only up to $1,000 loss of county records in event of claim. He asked that coverage be upped to $10,000 at added cost of $318.75 for three years, over three-year cost of basic policy, $3,419 to be paid. The insurance committee was asked to make study and act.

REFUSED for second time this year and third time in eight years, to appropriate $1,000 for float in Inaugural parade.

AUTHORIZED Bell to put markers for measured mile on Intracoastal Waterway between Wacha and Lyons Bridges as authorized by the U.S. Corps of Engineers.

AUTHORIZED the museum board to have roof on boat house re-shingled, but asked new study of putting up rusty iron gates at House of Refuge at cost of $350.

HEARD Tooker report bonding company had paid claim owed by Ralph Ward, $195.30, as reported by state auditor, reimbursing the county for deficit Ward left as retiring constable.

And HEARD Wacha report that county hopes to turn over budgeted appropriation for animal rescue services to that service, to permit to that service.

Indiantown Stalls Decision

Monday meeting the school board passed to the board-elect, the problem of 'What Schools Where' in the Martin County School system.

By formal vote the board deferred action until the new board takes office in January. The three members of the present board who leave office voted to pass the decision to the new board.

They were Mrs. T. H. Chambers, Mrs. Jeanette Odom and Henry Gunn.

Destefano 'polled' the audience prior to the voting, which voted about 40 to 1 in favor of a junior high at Indiantown. The lone vote in opposition was cast by Jack Smouse, general coordinator of the school system, who had written the plan reducing the Warfield School from eight to six grades.

The heavy turnout of Indiantown residents for the meeting was the result of a special meeting called at Indiantown by the Chamber of Commerce in order to inform the citizens of the proposed change.

Speaking for the Indiantown delegation in its request for consideration of a Junior High School were Robert M. Post, officer of the Indiantown Co., County Commissioner Elmer Powers; The Rev. Ted Lott, Jim Wright, Bill Woodfin, Olin Edwards and Paul Sleffker.

They covered growth statistics, pupil counts and breakdowns, classrooms and future classrooms in numbers, pupil benefits and transportation difficulties.

Both present and new board members at the meeting indicated they continued to favor one large high school for the county, that at Martin County High School.

While that point appeared to have been settled, no move was taken on plans for proposed new classroom construction at the high school.

Herf Rossmann, of Rossmann and Ferver, Architects reported that footing for the band suite had been dug and that soil conditions were satisfactory.

The board, with new members, planned another work session on plans for realignment of the schools in the county Monday at 7:30 p.m. at the courthouse.

NEW PRESIDENT ACCEPTS- R. V. Johnson, newly elected president of the Stuart Board of Realtors, is pictured above after accepting the gavel at installation ceremonies held last Friday evening.

No Skeeter Scare Here

Concern was expressed recently by residents of Rio who noticed a crew spraying with hand sprayers around houses and businesses in the area.

"There is no cause for alarm," said officials in charge of mosquito elimination.

Investigation revealed that the sprayers were employees of a Federal-State program sponsored by the Department of Health, Education and Welfare and the State Board of Health. Crew members were spraying to eliminate culex mosquitoes, said to be carriers of encephalitis and yellow fever.

There have been no reported cases in Martin County, and the spraying is being done as a preventive measure to eliminate any such possibility.

Spraying with malathion, the nine or ten men, using a half-dozen trucks, carry on the program of almost house-to-house inspection.

County officials say the spraying helps in fighting all types of mosquitoes.

Nancy And Girls Came Close In Orange Bowl

Nancy Lenahan, 13, winner of the Miss Stuart, Jr., title two years in a row by a unanimous vote of the judges, went on to compete for the second year for the Junior Orange Bowl Queen title at Coral Gables last week.

She had been a princess in the 1965 ceremonies.

This year Nancy again was selected as a princess by the judges at Coral Gables but rules forbade serving as princess two years in a row, so Nancy was unable to accept the honor.

Had she been elected "Queen!", she would have been permitted to reign.

Nancy was listed in the top seven contestant's out of 1800 young lovelies from South Florida, and her princesses also received high listing by the judges.

Lynn Roebuck and Lucinda Sue Langbehn, runners-up to Nancy locally, were in contention almost to the last judging.

Winner was a Coral Gables girl, but according to James McMahon, Stuart Youth Center director, who helped stage the local contest, Martin County entrants were as lovely as any.

Car Funds Still Needed

The St. Joseph's College car-fund still needs support if the Academic Dean is to continue her travels throughout the county and state, to interest students in attending Martin County's only Junior College, according to a recent press release from the college.

All contributions are tax deductible.

LEGION AUXILIARY #126--Thirty-five ladies of the volunteer sewing group, American Legion Auxiliary Post 126, are shown here enjoying their annual Christmas luncheon held last Thursday at the Legion Home. This group meets every other Thursday in Jensen Beach to sew for veterans in hospitals. Each member donated a gift to be used at one of the children's Christmas parties in the area. Guests were: Mrs. Margaret Newman, executive secretary of the American Red Cross; Mrs. Elsie Smalley, former secretary; and Mrs. Emma Snyder, president of the Auxiliary. Mrs. William Vaught was supervisor.

New Indiantown Campsite Is Listed

A new Martin County camping facility at Indiantown has been announced by the Florida Development Commission, according to its state-wide news bureau releases. The new camping area adjoins Indiantown Marina on the Okeechobee Waterway, 35 miles northwest of West Palm Beach on SR 710, according to the FDC.

"Shaded by century-old oaks, the camping ground is laid out on lush green grass and is within only a few hundred feet of the Marina's rest room, shower and snack bar facilities," the report said.

Nearby points of interest were listed as Palm Beach County's race track facilities, Circle T Ranch rodeo, and South Florida's Parachute School at Indiantown, where sky-divers train daily.

Charge for using the camp area, marina and picnic grounds is $3. "Fishing equipment and boats may be rented at the marina for a fishing trip on the waterway or into Lake Okeechobee; in season, excellent deer and bird hunting can be found in the Indiantown vicinity; and shopping and banking facilities are available half a mile from the marina," the release continued.

"The community lies on the old military road joining the forts of early Florida, which while closed to traffic, provides an excellent hiking trail," said the release.

Eagles Return To Nest

A rare pair of American Bald Eagles, the almost extinct national emblem of the United States, has returned to Jonathan Dickinson State Park near Stuart for their annual winter vacation.

Captain Paul Walker, park superintendent, said the eagles migrated this month to the nest they have build alongside a park road. Walker said the birds fly north every spring to an unknown destination.

In an effort to protect the vanishing species, the park has erected a roadside sign near the next warning, "Caution: Low Flying Eagles."

SEWING FOR VETERANS--Members of the American Legion Auxiliary Post 126, Jensen Beach, have been meeting at the Legion Home every other Thursday to sew much-needed articles for veterans in hospitals. They attended their annual Christmas luncheon last Thursday, with 35 members and guests present. Left to right, seated above, are: Mrs. Clara Vaught, supervisor; Mrs. Margaret Newman, secretary of Red Cross; Mrs. Elsie Smalley, former secretary; and Mrs. Emma Snyder, president of the auxiliary.

County Needs Discussed By Educators

Needs of Martin County business and industrial firms in the vocational curriculum of Indian River Junior College were discussed at a meeting held Dec. 12.

Dr. Maxwell King, president, and Harold Hooper, dean, of IRJC, Ft. Pierce, met with the Education Committee of Stuart Chamber of Commerce, arranged by John C. Gray, committee member, according to John F. Hall, chairman.

Other attending members were: W. R. Burson, local manager of Southern Bell Telephone Co.; Thomas L. Crook, MC Superintendent of Schools; Frank DeStefano, chairman MC School Board; R. A. Melrose, local manager Grumman Aircraft Engineering Corp.; William N. Stewart, manager, General Re Fittings, Inc., and Allyn H. Weigel, president of the Stuart Chamber.

Robert E. Taylor & Pat Eastman

Robinson Crusoe, the storied castaway, figures in a round-about fashion in the history of medicine. Crusoe, actually Alexander Selkirk, a young Scot, was rescued from Juan Fernandez Island early in the 18th century by a Captain Thomas Dover. It was Dover, a self-appointed physician, who "invented" a new medicine, a combination of opium and ipecac which was sold under the name of Dover's Powder and, to the best of our knowledge, still sells today. The powder has some value in curing a variety of aches and pain when used in moderation, but Dover subscribed to the belief that if one grain is good, then two are better. In fact, some of Dover's dosages ranged from a horrendous 60 to 100 grains. As a result, opium which had been used for countless centuries, since the days of the early Sumerians, fell largely into disuse because of Dover's indiscriminate use of the drug. Regarding proper and prescribed dosages, we want you to know that fast and accurate prescription service is a specialty at THE PRESCRIPTION SHOP, 622 Colorado Ave., Stuart. Phone 287-3443. PRESCRIPTIONS ARE OUR BUSINESS.

THIS WEEK'S Household Hint: Marks from adhesive tape will be removed by rubbing with cotton dampened with nail polish remover.

Hideaway Isles Properties Sold

A quit claim deed carrying state transfer stamps showing a sales transaction price of $80,000 was filed last Friday at the Courthouse, with Pine Tree Lanes, Inc., seller, and Nordan n vestment Co., Ft. Lauderdale, buyer.

Pine Tree Lane, Inc., is headed by Walter E. Travers, president, and Kathleen W. Travers, secretary-treasurer, developers of Hideaway Isles.

Address of purchasers was given as 1776 E. Sunrise Blvd., Ft. Lauderdale, in care of Donald J. Lanny.

Listed in the document for a change of hands were 27 lots in Hideaway Isles, parcel two; 11 in three; nine in four; plus 80 acres in another plot; and all of parcel six except 15.69 acres.

Women Voters To Meet Fri.

Martin County's League of Women Voters will meet Friday, Dec. 16, at 7:30 p.m. in the Community Room of the First National Bank.

An open meeting on water resources is planned under the co-chairmanship of Mrs. Wilbur Forrest and Mrs. John W. Hussey. The public is invited.

SOUTHERN BELL PAYS TAXES--Southern Bell Tel & Tel managers Bill Burson, left, of Stuart, and Bruce Abernathy, right, of Ft. Pierce, present Alvin Andrews, tax collector for Martin County, with a check for Southern Bell's property taxes in the amount of $48,805.73. Southern Bell is the largest tax payer in Martin County.

PRESIDENTS--Pictured here are Guy N. Cromwell, retiring president, and Mrs. Walker M. Hupfel, newly-elected president of Martin County Association for Mental Health. Mrs. Hupfel was elected at the Dec. 8 meeting of the association in addition to Mrs. Richard Hoke, vice-president; Rev. Allan Stuart, second vice-president; Mrs. John Huening, treasurer; Mrs. Janet Lavery, recording secretary; and Mrs. Mary Hartman, corresponding secretary.

MARTIN COUNTY HIGH SCHOOL TIGERS--Pictured above are members of the 1966-67 Tigers basketball team and head coach Don Wallen. Left to right, kneeling, are: John Rhodes, Craig Leonard, Mars Hopkins, Jack Naylor, Wilmer Thomas, and coach Wallen. Standing, Jack Sameck, Lance Kable, Rodey Cullimore, Jeff Bruner, Charles Greenlees, Bruce Urquhart, and Alfred Davis. The Tigers are 2 and 2 and will play Riviera Beach, away, Saturday night.

Tigers Lose Two In A Row

Martin County High School Tigers' basketball team had a busy, but unproductive, weekend, losing to Dan McCarty 73-66 Friday night, at 1 to Vero Beach's Indians Saturday night, 115-56.

The Tigers had won their first two games and were off to a good start under coach Don Wallen.

Friday night's game on the home court saw the Tigers make 28 of 38 free throws, compared to the Eagles' 15 for 31.

The game was close-scoring, though the Eagles led by eight points twice in the second quarter, the last time at 30-22, Charles Greenlees made two free throws for the Tigers with six seconds remaining in the half to cut the margin to 31-28.

In the third quarter, Jeff Bruner twice stole passes, and Mark Hopkins and Bob Cullimore brought the score to 50-47 for Martin's lead.

In the last quarter, Cullimore made 12 of his game-high of 26 points, including four straight free throws for Martin's last lead at 64-61.

Hopkins had 19 for the Tigers, while Greenlees turned in nine points and Bruner seven.

In the junior varsity game, Martin County scored a 49-36 victory over Mc- affo.

In Saturday night's game with the Indians, played at Vero Beach, the Tigers were helpless against Dick Tansey who totaled 30 points in the third quarter. Hansee led the home team Indians to the Shoreast Conference inter-division triumph, and the second Vero win in two games this year. He chalked up 45 points against the Tigers.

During a full court press, and substituting freely during the second quarter, the Indians rolled easily to a 50-26 halftime score. The Vero team is now averaging 115 points per game.

Mark Hopkins led the Tigers with 18 points, Greenlees hit 14 and Bruner followed with 12 points for the Tigers.

In the Junior Varsity game Vero Beach led 50-45 over Martin County.

The Tigers' next game will be played Saturday, Dec. 17 at Riviera Beach.

Christmas Tournament

A four-team Christmas tournament will be held Dec. 27 and 28 between Martin County, Fort Pierce, Vero Beach and Orlando Edgewater High Schools with Vero as host team. Details will be published next week.

Motorcycle 'Scrambles' Sunday

A motorcycle "scrambles" will be held Sunday at 1 p.m., one mile east of the Turnpike interchange on SR 714. The meet is sponsored by The Sailfish Club Cycle Club of Stuart.

Previous races at the site have drawn entries from Miami, Tampa and Orlando, in addition to local riders.

Troubles will be given. The races are held under strict sanction rules of the American Motorcycle Association.

A Haid Full Of Sporting Tips

by Howard Lee Haid

Not everyone can afford to buy a custom-built fishing rod, but everyone can afford to own one—provided he assembles it himself.

That special measure of satisfaction found in possessing a finely crafted piece of equipment is available to anyone who devotes a few hours to the task, and at less cost than a comparable model purchased across the counter.

With the advent and refinement of modern fiberglass, custom rod making need no longer terrify the do-it-yourselfer. Excellent kits of components are available through sporting goods stores and mail order catalogues. You can select styles to meet every fishing need from ultra light spinning to heavy boat rods. Prices usually range from $7 to $15 and include everything but the labor.

The initial step in constructing a rod is to thoroughly familiarize yourself with instructions and all parts.

Depending on the type of rod chosen, cork grips and reel seats go on first. Handles for casting and saltwater rods are usually already made.

Position guides according to the maker's marks and wrap them on with thread, completing the job with an easily learned whip finish.

The tip is attached by dropping a dab of melted ferrule cement on the end and quickly slipping on the guide.

With some added wrappings for decoration and several applications of varnish, you have a rod to be proud of.

Who knows, the first rod may come so easy you may decide to start building your own Christmas gifts.

Chips, Divots And Tips

by Matt Moore

The saying that "Good things come in bunches" holds good for Martin County golf course the past week.

Not so bodes in one score made. Rechal Crispin aced the 5th hole using a #7 iron. He was playing with C. C. Blake and C. C. Anderson, if Poet Yost aced #2 using a #4 iron. He was playing with Ralph Jones and Virgil Simonsen.

Also two eagles were made. Van Van Horne holed his second shot at right with a #7 iron, and Apple Boland, after missing his second shot had an #4 iron send the third right into the hole for easie throw.

So, good things are happening at Martin County golf course, and with Christmas coming on, it's a good for your Merry Christmas, a lot of good golf shots, and if you can't make that below-in one in 1967.

The eighth night strikes this out, but Pin-going commercial for just $15, (soft Bruce Hall golfer of golf out at Christmas, Golf shop we have everything for golf. We fit the golfer from head to toe. From balls to clubs in all grades and prices, you can choose the gift or you may purchase a gift certificate so that he or she can make a selection.

The winning team in the Blitz Saturday was Paul Hardwick's team of Ted Hearn, Curt Wildcat and Dick Garlington, with a score of 140.

Blind Bogey winners were Neal Pope with 80 and in second place with 75's were Howard Haid, Ted Hill and Paul Thomas.

Tip of the week is in the timing of your swing. So if you are slicing or shanking, you are willing too late in the down-swing to turn your wrist. The club face and your left wrist are alike at all times. One of the worst errors in golf is to swing back with the club face closed, and most average golfers do. Go the opposite of closed. Open the face while so that your wrists still be loose and so that you can close the face coming down. And remember, everything you do in golf swing has to be done before the club face strikes the ball. As soon as you start down at the ball, start your wrist turning back to the ball so that the club will be shifted and compress the ball. Compress the ball and there'll be no side spin or shanks.

Till next time, good swinging and good golfing...

Junior Women Planning Ahead

The executive board of the Junior Woman's Club of Stuart will meet Dec. 19 at the home of Mrs. Hugh Gawn.

The next regular meeting will be Jan. 9 at the club house at which time awards to winners in the Christmas Parade will be given.

Hostesses will be Mrs. Ed Geary and Mrs. Michael Harris. The program, presented by Jack Snouse, will be "School Mobile Unit".

A luncheon and tour is being planned for Jan. 12. More information will be announced later by Mrs. Al-

Legion Holds Christmas Party

Jensen Beach American Legion Post #126 and Auxiliary held their annual Christmas party Monday, Dec. 12 at the Legion Home.

Over 150 members and their families attended the covered dish supper including roast turkey prepared by members.

The decorated Christmas tree provided an appropriate background for Christmas carols sung after dinner, led by Mrs. Harvey Hiltz, with Mrs. Dorothy Grimm at the piano. Each child received a gift, and cards were played by the adults.

The next meeting will be Jan. 9, 1967.

Square Club Has Party

The Christmas party held last Friday night was attended by 45 members, who received gifts from Santa Claus.

She Guise, Olive Donaldson and Marie Knight served refreshments.

A "Crazy Hat Party" will be held at the next meeting, Friday, Jan. 13.

Fashion Show

A fashion show will be presented at the Christmas party planned by the Men's Garden Club of Martin County for members, wives and friends.

The party will be held Dec. 20 at 7 p.m. Entertainment will be provided and there will be gifts for the ladies.

Moose Lodge Plans Party

A Christmas party will be held Dec. 18, starting at 2 p.m., for children of members of Moose Lodge #1282, Stuart, at the new lodge.

Parents are requested to bring a 50¢ gift for exchange, wrapped and labeled as to age and sex.

Santa Claus will present the gifts, and refreshments will be served.

Gardner Resigns As Secretary

Wally Gardner, the secretary of the Jensen Beach Lions Club since it was chartered eleven years ago, has had to relinquish the post. The 87-year old, very popular secretary has been in the hospital for the past month and will have many months of recuperation ahead following an operation.

Gardner will take on the title of honorary secretary, according to Lion president, Al Walker. Gardner is at Martin Memorial Hospital.

Joe Sves has been appointed to fill out the term of Gardner.

Audubon Party Set

Martin County Audubon Society will hold a Christmas party-luncheon Dec. 20, starting at noon.

Guest speaker will be Dade Thornton, president of Tropical Audubon Society, trustee of Miami Museum of Science and Natural History, and director of Florida Zoological Society and the Everglades Natural History Society. His subject will be "New Federal Parks".

Thornton has written for many magazines, and his photo exhibits can be seen from Washington to Miami.

Those attending are asked to bring a wrapped White Elephant gift for exchange.

Lions Party Date Changed

The annual Jensen Beach Lions Club Christmas party and Ladies Night will be held Wednesday, Dec. 21 at Seymour's Inn, according to Al Walker, president. The date was changed by the Lions so as not to conflict with the annual Christmas party of the Jensen Beach Elementary School which will be held at the Community Center in Jensen Beach.

The dinner meeting will start at 7:15 p.m.

Bob Campbell is chairman, assisted by John Lucas, Virgil Wilson, Harold Baker, John Larson and Pat Ward. Guests of honor will include dignitaries of Lions International.

Frank A. Ward will act as master of ceremonies, and gifts will be distributed by Santa Claus.

A special menu is planned and entertainment will be provided. The Lions Den will be decorated in Lionesses and the committee.

Woman's Club Played Cards

Mrs. Charles H. LeConte was chairman of the Dec. 7 card party held by the Woman's Club of Stuart. She was assisted by Mrs. Anton Ginter, Mrs. Harold C. Woolley, Mrs. R. J. Donnelly, Mrs. Ethel Wiegand, Mrs. J. B. Livermore, Mrs. John J. Mart, Mrs. Margaret Williams, Mrs. Gladys Mecomb, Mrs. Allen Moore and Mrs. Ralph Hartman, Sr., who served coffee.

Christmas decorations were by Mrs. C. Munch and Mrs. W. A. Gevner. Flowers were supplied by Mrs. J.M. Hellipsteidl.

Christmas Party

The annual Christmas party, in the form of a covered dish luncheon, will be held Monday, Dec. 19 at 12 o'clock by the Jensen Beach Women's Association at the club House.

Members are asked to bring a 50¢ gift for exchange.

The "Guys and Dolls" party held Monday evening saw 117 members and spouses attending at the Parish Hall of All Saints' Episcopal Church, Jensen Beach. Entertainment was by Ed Clay of MGM, who read and told anecdotes of his experiences in the "big time".

Co-chairmen were Leafy Gardner and Florence Older, assisted by Joanna Brunner, Zilah Rhoads, Betty Dale, Dottie Kalb, Peggy Selby and Grace Walker.

Prizes were won by Lou Hunter, Chris Kebart, Herb Hiers, M. W. Schuman, Ed Wiegand, Frances Urquhart, Mrs. William Harens, Tom Beggs, S. T. Lillie, and Joanna Brunning.

A special prize was won by Mrs. Alice Gumbs.

ANNA MILLER CIRCLE OFFICERS--Members of the Anna Miller Circle met for a Christmas Party last Thursday at The Anchorage. Officers are pictured above, not in order: Mrs. Charles Beyer, president; Mrs. George Beddows, vice-president; Miss Myrtle Dyer, treasurer; Mrs. Mary Dlugolecki, secretary; Mrs. Dan Medley, recording secretary; Mrs. Ted Hearn, parliamentarian.

Woman's Club Plans 'Christmas In Song'

"Christmas In Song" will be the program presented at the Dec. 27 meeting of the Stuart Woman's Club. The program will start at 2:30 p.m., sponsored by the music division of the Fine Arts Department.

Mrs. Sarah Oughterson will direct the songs, with Mrs. Harold B. Loring as accompanist.

Speaker at the meeting will be Mrs. Lloyd Benson of Delray Beach, director of the 10th District of the Florida Federation of Women's Clubs. A luncheon for Mrs. Benson will precede the meeting.

Hostesses are: Mrs. Merrill K. Riley, Mrs. Ethel Weigard, Mrs. Russell Livermore, Mrs. Harold Woolley, Mrs. Dorothy Fetterer, Mrs. David Irons, Sr., Mrs. Beakes Smith and Mrs. Jas. Langford.

Demo Women To Meet Mon.

An organizational meeting of the Martin County Democratic Women's Club will be held Monday, Dec. 19, at 7:30 p.m. in the commissioners' meeting room in the courthouse.

A slate of officers will be presented, according to Mrs. Frank Wacha, acting president.

The public is invited to this open meeting.

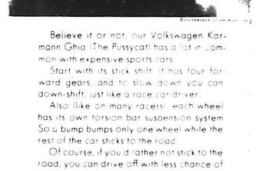
Come in and drive a Pussycat wild.



Believe it or not, our Volkswagen Karmann Ghia. The Pussycat has a lot in common with expensive sports cars.
Start with its stick shift. It has four forward gears, and to slow down you can down-shift, just like a race car driver.
Also like on many racers, each wheel has its own torsion bar suspension system. So it bumps bumps only one wheel while the rest of the car sticks to the road.
Of course, if you'd rather not stick to the road, you can drive off with less chance of getting stuck, because a VW engine is in the rear. It bears down on the rear wheels, giving them extra traction in mud and snow.
A lot of people buy our Pussycat strictly for its looks.
Later they find out that it's more car than they bargained for.

Jupiter Island Bridge Load Problem Arises

Requests for safe-cross- information, sought by ree companies in the con- ete mixing business and hers, led to a State Road epartment confrontation er load limits and their nforcement on the two brid- s linking Jupiter Island to mainland at a meeting d Monday on Jupiter Is- nd. An agreement to press r new load-limit studies as agreed to by the SRD. However, it took the Ju- ter Island Garden Club and prospective tour by club embers from five south- astern states in four big ses to speed action on all onts.

At Monday's meeting, nducted by the mayor of e Town of Jupiter Island, uscom Bettle, some of- ials who attended were larence Davidson, District ur SRD engineer from Ft. uderdale; his assistant, H. Owens; and Jimmy ston, district SRD main- nance engineer of Ft. erce, in addition to oth- .

Many building contractors the area were represent- also representatives of dscaping and nursery ms doing business on the and, representatives of er affected communities luding the Village of Ju- er Inlet Colony, whose yor Dr. George M. Shear- was present, the Village Tequesta, with both mayor ert E. Sylvester and Rob- Hart, Village manager lending, and Mrs. Louise Johnston, Jupiter's vice-mayor, who was on hand.

Also attending were Fire Chief A. V. Baird of District 1, Palm Beach County, whose department covers both Jupiter mainland and the island villages of Tequesta and Jupiter Inlet Colony, and Fred L. Fell, Martin County engineer.

Charles Carter of the West Palm Beach carpenters' local, and Al Peterson, agent for the carpenters' union, represented labor, concerned with loss of jobs in the varied construction projects on the island.

Bill Lund, of Lund Construction Co. of Jupiter, who is building four homes in the town of Jupiter Island, was also present.

Assisting Mayor Bettle were Nat Reed, chairman of the Jupiter Island council's committee on roads and bridges, and Town Manager Richard Tuggle, Rear Admiral, Ret., U.S.N.

About 65 persons jammed the council's meeting room in the Jupiter Island fire and police building, with another 60 or so gathered outside around windows and doors, listening to the proceedings.

Mayor Bettle explained that the town was only a mediator, although an interested one, and he pointed out that all interested parties had been invited to attend the meeting in an attempt to iron out difficulties.

The "south" bridge, which links the island to Palm Beach County, had been posted for a six-ton limit, while the north bridge, on Bridge Road, Martin County, had been posted for an eight-ton limit.

After the half-hour meeting, it was revealed that the issue had been raised by the representatives of three concrete companies who had been asked to supply concrete for a seven-story condominium to be built by DaVosta Construction Co., Tequesta, on the south end of the island.

"They would need 1,000 truckloads of concrete by trucks weighing loaded up to 30 tons," said one of the SRD representatives.

At least one contractor was set to defy the load limit, however.

"The load limits are posted only to warn of a weakness, not to prohibit traffic, and then if you damage the bridge, you can be held responsible," he said. "We were told we couldn't move anything across the Palm City Bridge. We found out we couldn't be stopped, even by the SRD," he said, and asked to be anonymous.

"They wanted to know what would happen if the bridge were dimaged, and we told them," said the SRD representative, who said the call had been placed to the West Palm Beach office of the SRD, where the engineer told the callers:

"If you destroy a bridge, you buy a new one, that's all."

The south bridge, a product of the late 20's, has been an orphan in Palm Beach County's road and bridge plans for years, chiefly because it's location at the extreme north end of the county made it so remote it was "forgotten", according to Tequesta officials.

Recently it has been put on the new waterway bridge construction program by Florida Inland Navigation District.

Davidson, who backed up everything the unidentified SRD engineer told the concrete mixers, said funds for the preparation of preliminary plans were in the SRD-FIND budgets for the coming fiscal year, that the new bridge would take 14 months to build, and that an optimistic prediction might put a new bridge on the site in two years.

He apologized for the failure of a bridge engineer to be present but said he was unavoidably detained en route from Tallahassee.

When asked how long it would take to get a new engineering survey with the possibility of strengthening and up-grading both bridges, Davidson estimated 'several weeks', pointing out that the SRD board had set the new limits March 5, 1963.

He established that the Florida Highway Patrol polices traffic weights on the bridges, can prosecute for over-loads; that fire apparatus, if it uses the bridges, make their municipal owners responsible for damages done to the bridges and that the load limit postings are to be observed, not merely as warnings of capabilities, but as controls over loads on the structures.

Reed established the prediction that it would not be known for some weeks what could be done.

Davidson admitted he was stymied.

Mayor Bettles asked, "Can you make some exception, such as for the ladies of the garden club?"

Mrs. Kemp Calef spoke for the garden club: "We had 130 women from nine southeastern states due here on four Greyhound buses Jan. 10 for a trip over the bridges to the island. They'll leave the Island Jan. 14. The buses weigh 11 tons apiece loaded," she said.

"The SR Board set the load limit and we can't override the board," she was told.

"Wouldn't it be a good idea to call the SRD and ask that an engineer be sent?" a visitor asked.

"Reed has already gone to the phone," Tuggle said.

A few minutes later, it developed that the SRD could and would have a bridge engineer on the spot in a day, possibly less.

The Sunday School Christmas program will be presented at Jensen Beach Community Church Sunday, Dec. 18.

The program will start at 7 p.m. and all are invited to attend, enjoy the refreshments and see Santa Claus.

HAPPY EIGHTH BIRTHDAY, MELBA!--Melba Martz, daughter of Mr. and Mrs. A. D. Martz, Molba Drive, Jensen Beach, had lots of friends at her eighth birthday party last Friday, Dec. 9th. Molba is seated in center front of picture. Left to right, front row, Lilly Chen, Susan Mosley, Doug Proctor, Michelle Martz, Megon Yarboro and Donna Forta. Middle row: Barbara Bussert, Jay Pitchford, Alice Roberts, Sharon Hamen, Sharon Sumner, Donna Bellas, Tami Bessemer, Kathy Brady, Cheri Higbee, and Charles Schommer. Back row: Gail Grossnickle, Tommy St. Clair, Susie Fulton, Robin Mosley, Kim White, Michael Yarboro, and Doug Kirk.

CHRISTMAS WREATH- Mrs. Carl H. Turner, member of the Garden Club of Stuart, poses with a wreath she made as part of the Christmas program presented at the Woman's Club Monday afternoon.

PURE BEAUTY--This arrangement of fresh flowers, by Mrs. E. D. Hambert, shown above, was a thing of beauty exhibited to members of the Stuart Garden Club when they met for a musical Christmas program on Monday.

HAWAIIAN TABLE DISPLAY--Mrs. Harry Swinglehurst arranges a display of flowers to be exhibited to members of the Women's Garden Club of Stuart on Monday. Background Hawaiian music was provided by Mrs. Clyde Coutant, vocalist, who accompanied herself on the ukulele.

Joint Christmas Party Set For Community Church

A Christmas Party for all members of the Church Aid Circle, Fellowship Circle and Men's Brotherhood, and their spouses, will be held Friday, Dec. 16 at 6:30 p.m. at Jensen Beach Community Church.

Guests are asked to bring their own table service, a dish to pass, and a 50¢ gift marked for man or woman.

Names A to K are asked to bring vegetable; L to Sr. bring salad or relish tray; St to Z, bring dessert.

"Glitter Ball" Set For Anchorage

The Anchorage Yacht Club will be the scene of a gala "Glitter" Ball Saturday, December 17.

The event, to start with dinner at 7 p.m., will open the Holiday Week at the Club.

Reservations are requested.

WHITE CHRISTMAS--This exhibit was entitled "White Christmas" at the meeting of the Garden Club of Stuart held Monday. Mrs. Fred B. Morris, shown above, assembled the arrangement to the music of "White Christmas".

Soroptimist Ball Will Be Saturday

The Soroptimist Club of Stuart will hold its International ball Dec. 17.

Proceeds will go into the scholarship fund which will benefit Martin County students.

A floor show, starting at 11 p.m. will feature "Kloe's Kloset Klock Revue" from Ft. Pierce, and live music will be furnished, according to chairman, Mrs. Edna Wolf. Co-chairman is Mrs. Marie Lucas.

Breakfast will be served following the dance.

Further information may be obtained by calling Mrs. Wolf at 287-0366.

LEGAL NOTICES

NOTICE OF PUBLIC HEARING

TO WHOM IT MAY CONCERN:

YOU WILL TAKE NOTICE that in accordance with provisions of Section 336.10, Florida Statutes, 1965, a public hearing will be held by the Board of County Commissioners of Martin County, Florida, in its meeting room on the second floor of the Martin County Courthouse in Stuart, Florida, on the 10th day of January, 1967, at 9:30 A.M., o'clock, or as soon thereafter as the matter can be heard, the Petition of the ANCHORAGE BOATEL, INCORPORATED, and RALPH S. GRAVES and ETHEL GRAVES, his wife, the fee simple title owners of the hereinafter described property, requesting that said Board of County Commissioners close, vacate and abandon a portion of St. Lucie Avenue, hereinafter described, and renounce and disclaim any right of Martin County, Florida, and the Public in and to the land; said lands being described as follows:

That portion of St. Lucie Avenue lying between Blocks 1 and 2, East of Martin Boulevard, shown on the Plat of Rio-St. Lucie Terrace, recorded in Plat Book 1, Page 14-B, Public Records, Martin County, Florida.

All interested parties may appear and be heard at the time and place above specified.

DATED this 13th day of December 1966.

BOARD OF COUNTY COMMISSIONERS OF MARTIN COUNTY, FLORIDA

Christmas Holidays

The Annual Christmas program of Jensen Beach School will be held Thursday, Dec. 22 at 7 p.m. in the Community Center.

Because of increased enrollment, the program will be presented by grades one through three. Later in the spring, the upper three grades will give a program.

Due to limited space, parents of participating children will have reserved seats until 6:45 p.m. ALL CHILDREN MUST BE ACCOMPANIED BY AN ADULT.

Room Christmas parties will be sponsored by the PTA Wednesday afternoon, Dec. 21. Room mothers will be in charge.

Christmas holidays begin on Thursday, Dec. 22 and school will reopen Tuesday, Jan. 3, 1967.

MUSICIANS AND NARRATOR--Participants in the flower-arranging portion of the Christmas program presented Monday by Stuart Garden Club were accompanied by Mrs. J. C. Cress, vocalist, Mrs. Robert T. Koster, harpist, and narrator Mrs. H. A. Dane. Appropriate background music was offered while members arranged their exhibits.

News Notes

About $600 worth of power tools and an adding machine were taken from Porter Lumber Co., Jensen Beach, sometime Friday night or early Saturday morning.

The sheriff's department is investigating.

•••

Grumman Aircraft Engineering Corp., Stuart facility, will get approximately $2,828,100 of a $9,427,000 U.S. Army contract for 18 planes ordered Friday, according to an announcement made by the Department of Defense in Washington.

There was no local comment on the contract, presumed to be for Mohawk planes, being used heavily by the Army in Viet Nam for surveillance work.

•••

Robert B. Thomas, Stuart, received a Bachelor of Social Welfare degree at commencement exercises at Florida State University on Saturday.

Thomas was the only Martin County graduate at the mid-winter graduation.

•••

Martin County For Kirk Committee is reserving an aircraft for a private flight to Tallahassee Jan. 3 for the inauguration and inaugural ball. Fred Meyers is in charge of the arrangements. The plane will return to Stuart after the ball.

•••

Mrs. C. R. Vanderveer was elected charter president of the Martin County Democratic Women's Club at its organizational meeting Monday night.

Elected charter officers were: Mrs. Guy N. Cromwell, 1st vice-president; Mrs. Frank A. Wacha, 2nd vice-president; Mrs. Ed Dassori, secretary and Mrs. Walter Eichen, treasurer.

Mrs. Etta DeStefano is installation chairman to plan for installation of officers sometime in January.

•••

Frances Langford and her Frances Langford Show will return to Martin County on Friday, according to a phone call received Tuesday from Miss Langford who was in Hong Kong. She is expected to arrive at Witham Field around 10 a.m., accompanied by Tony Romano and Johnny Cuzzins.

•••

The Martin County League of Women Voters heard Mrs. Wilbur Forrest and Mrs. John W. Hussey speak on the pollution of natural resources, water pollution in particular, in this area, at a meeting held recently in the Community Room of the First National Bank of Stuart.

Answering questions from the floor was Chuck Kindred, national vice-president of the Izaak Walton League.

•••

Walton J. Parson, chairman of Retail Merchants Association, a reorganization of the Retail Merchants Division of the Stuart Chamber of Commerce, said Thursday the association is setting up paid memberships running through Sept. 30.

The association runs the bad check telephone warning relay, makes business improvement awards, clean up surveys, and participates in many other local projects, he said.

•••

Ed Miller, Skyline Dr., Jensen Beach, who was hospitalized recently, returned home last Saturday and is recuperating nicely, according to his wife, Mrs. Marie Miller.

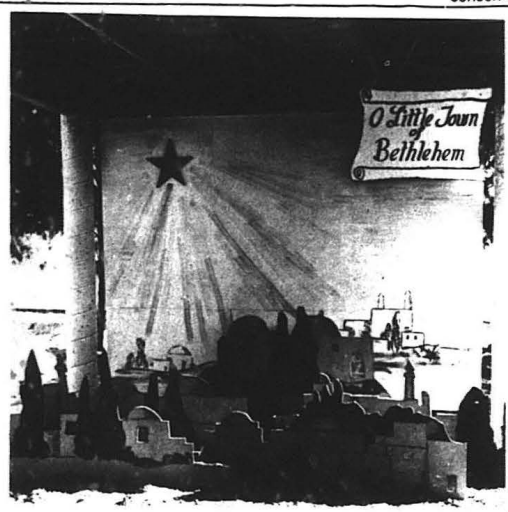
•••

Terri Schreckengost, 22, of Jensen Beach, will fly to New York on Jan. 4 to audition for the National Screening Committee for a Fulbright Grant Scholarship to study voice in Munich, Germany. At the same time she will audition for the Lake George Opera Festival for the summer season.

•••

Paul Poppenhager, owner and operator of the local skydiving school in Indiantown, announced this week that his club will host a nation-wide skydiving meet to be held in Indiantown Dec. 30, 31 and January 1. Some 50 to 75 divers will attend the three-day meet, and at present 47 have registered for the event, according to Poppenhager.

Each contestant will be required to jump approximately 15 times during the three days, he said, and each contestant will earn points as approved for these meets



THE TOWN--A cleverly designed replica of Bethlehem, birthplace of Jesus Christ, is one of the scenes on the Jensen Causeway. Christmas carols are the theme of the eight displays. A Nativity scene will be the focal point of the exhibit.

DESERT SAND--Authentic even to the desert sand covering the pavilion, this scene depicts the carol, "We Three Kings Of Orient Are", as one of the Christmas displays making the Jensen Beach Causeway a center of holiday attraction.

Utterly Beautiful

Causeway Religious Scene Unveiling Will Be Friday

The first annual display of Christmas carols, utilizing ten picnic pavilions on the Jensen Beach Causeway, opened Monday. It was described as "utterly beautiful" by one passer-by, and that, according to other viewers, was an understatement.

The brainchild of County Commission chairman Frank A. Wacha, the display is sponsored by the Martin County Ministerial Association. The pavilions are already decorated and lighted with scenes depicting Christmas carols.

Just erected, the display drew 2,100 cars across the west bridge from Jensen Beach on Monday and Tuesday of this week. The number was counted on a State Road Department counter installed on the road. Tuesday night, from 6 to 9 p.m., 300 cars passed over the bridge.

The eight scenes will be viewed at the opening ceremonies Friday night from the north pavilion, where choirs of three churches will sing.

Eight Christmas carols are displayed in the exhibit. The center display uses two pavilions and is a Nativity scene, using life-size figures donated to the exhibit by Owen K. Murphy of Port Sewall.

All the designs and much of the painting of the figures is by Mrs. Richard Murphy, a Stuart artist. She is a member of the Redeemer Lutheran Church and was commissioned by the Ministerial Association to do the design of the scenes.

Mrs. Murphy was assisted by members of the Martin County Art Association in weekly work sessions painting scenes for the tableaux. The wooden cutout figures were made by the junior and senior high school shop classes. There are 60 figures, some as large as six foot high.

Plans to hold an Epiphany ceremony, burning the Christmas trees, on January 6 are now under way as the close of the display.

Causeway Christmas Program

Invocation, the Rev. Forrest Watkins; Scripture reading, "Christmas Gospel", the Rev. Donald K. Schroeder.

Christmas carol, by all, "O, Come All Ye Faithful".

First choir, First Baptist Church of Stuart.

Caroling by all, "Hark, The Herald Angels Sing", followed by the second choir, the Sisters of St. Joseph Novitiate, Jensen Beach.

Caroling by all, "Joy To The World", followed by the third choir, First Presbyterian Church of Stuart.

Caroling by all, and the fourth choir, of the Jensen Beach Community Church.

Prayer for Christmas and the New Year, the Rev. Norman Feaster, All Saints' Episcopal Church; caroling by all, "Silent Night", and the benediction by the Rev. Allan Stuart, president of the Ministerial Association.

The pavilion scenes will be lighted nightly through the season.

A Community Christmas program will be held on the Jensen Beach Causeway Friday, Dec. 23, at 7 p.m., sponsored by the Martin County Ministerial Association.

The Rev. Allan Stuart will serve as the master of ceremonies during the program, which will be held in the pavilion across the highway from the new series in which Mrs. Phyllis Murphy has prepared the figure displays depicting Christmas carols and the Nativity scene.

Pastors on the committee for the association are the Rev. Norman Feaster, the Rev. Donald Schroeder, and the Rev. Forrest Watkins.

The latter will accompany the community carol singing, and Mrs. Harold Whelan will be the carol leader.

A 25-foot high Christmas tree in fireworks, which will burn for about seven minutes, with changing colors, will appear either at the end of the Causeway pier or on the south side of the Causeway on a barge in the river, depending upon the direction of the wind.

The fireworks have been designed by the members of the Jensen Beach fireworks committee, headed by Bill Yurillo, assisted by Frank Wacha, Vince Bocchino and Jim Pauly, Carl Barker, Woody Woodruff and Mike Quinn. The committee has been preparing the tree at the Jensen Beach Volunteer Fire Department.

Following the hour-long show, coffee for adults and candy canes for children will be served by members of the Jensen Beach Fireworks Fund.

Jensen Beach Community Church will have a 7 p.m. Communion Service on Saturday, Dec. 24, Christmas Eve.

All Saints' Episcopal Church, Jensen Beach, will have two services Christmas Eve, 8:30 and 11:30 p.m., and a 9 a.m. service Christmas Day.

First Presbyterian Church of Stuart, North River Shores, will have a Christmas Eve Candlelight service at 7 p.m.

St. Mary's Episcopal Church, Stuart, will hold an 11:30 p.m. Christmas Eve service and a 10 a.m. service Christmas Day.

A 7:30 p.m. Christmas Eve service will be said at St. Monica's Church in Stuart.

Holy Faith Episcopal Church, Port St. Lucie, will have a 10 a.m. service on Christmas Day.

Garden Club Announces Light Contest

Jensen Beach Garden Club has announced it will hold a Christmas lighting contest in Jensen Beach. Judging will be held the evening of Dec. 26.

To be eligible to enter, residents can call Mrs. Wm. Weiss, president, Mrs. Basil Vincent or Mrs. Chris Kalb.

There will be two divisions, residences and businesses. Cash prizes will be awarded the winners.

WHITE SAND--Using white sand to look like snow, this winter scene of carolers before a house is one of the displays on the Jensen Causeway. The Martin County Ministerial Association is sponsoring the presentation.

Oppose South Site

School Overhaul Plan Is Continuing

One high school, districts for elementary schools, and only the immediate future of the junior high school set up in doubt, appeared to be the course after the third work session of the school board on the topic was held Monday night.

Chief opposition to plans for a three-school junior high arrangement appeared to come from parents whose children would be in the presently-named South Junior High, which would be in the Murray Junior-Senior High School buildings at Port Salerno.

As stated at the work sessions, opposition was not over desegregation, but rather over the location of the school, which is in the Negro district of Port Salerno.

The fight by Indiantown residents for a junior high school in their area appeared to be "almost won" at the meeting held at Stuart Junior High School, when new board members said the present eighth grade Warfield School would be retained. There is a possibility of adding a ninth grade.

James Littman, school board attorney, told the board and about 30 persons attending the session, that requests for holding off a single school system were hopeless in view of Federal regulations, still standing.

Walter Odeo, principal pro tem at Murray High, said he thought more preparations, particularly through exchange teaching positions, should be made for at least another year before the one-high school system is adopted, adding that he felt the county was moving "too fast" in its integration plans.

A dozen people at the session spoke against the South District junior high's location.

Thomas L. Crook, superintendent of schools, said he was working with commissioner Jack Saunderson on a new street layout which would permit vehicle access to the buildings from the west rather than from the north as at present. Such a road layout would avoid travel through the present Negro community, it was pointed out.

Both White and Negro leaders, at the meeting and throughout the county, have admitted the county's schools have achieved integration with a minimum of upset and almost no troubles or demonstrations.

Final actions on the newest plans will probably be adopted at an early January meeting of the school board.

Anticipated enrollment of all schools, all races, in Sept. 1967, is 4,945, with 855 in the one county high school. The division there is being estimated at 730 Whites, 170 Negroes. The school opened with 781 pupils this year.

To handle the increased enrollment, the board is leaning toward a plan to build four regular classrooms, one arts-crafts room, one home economics room, in two "pods".

Anticipated junior high enrollment totals 1,135, with 592 including 175 Negroes, 417 Whites, at North (present Stuart) Junior High; 92 Negro and 308 White at South (present Murray), and 143, including 49 Negroes and 94 Whites at West (Warfield) if eight grades are kept at the school, including only seven and eight of the junior high grades, and 207, including 76 Negro and 131 White, if the school goes to a one-through-six, and seven-through-nine arrangement.

Apparently ready for adoption is the elementary district plan, with Booker Park and Warfield in West; Palm City in Central West; Parker, East Stuart Elementary, in Central East; Jensen in North; Port Salerno, Dunbar and Hobe Sound in South, with Pioneer School remaining county-wide, remaining county-wide.

The school board, out of deference to Mrs. William Murfin, new member from District 3, whose husband is State Republican Executive Committee Chairman, is expected to delay its Jan. 3 meeting. Mrs. Murfin has been scheduled to appear at all the Tallahassee inaugural activities on the same date. The meeting will probably be postponed.

The board legally must re-organize Jan. 3 for the coming two years.

Hoke Mayor

Harry Hoke was the top vote getter as he won re-election to his third two-year term as mayor of the Town of Ocean Breeze Park Tuesday. Unopposed, Hoke polled 59 out of the 70 votes cast.

Elected to the one-year term as alderman was Gene Hoke, who polled 57 votes. Two-year aldermen elected were Betty McNabb, 57 votes, Grace Lewis, 54 votes, and Walter Tabor, 44 votes. There were four candidates in the two-year alderman election.

Sims Elected

Arthur E. Sims was elected Mayor of the City of Stuart Monday night as the board re-organized for the new year.

Elected vice-mayor was William F. Todt, who served one term as mayor two years ago.

Sims, starting his sixth year as a city commissioner, who served 14 years as a member of the county commission, served six years as vice-chairman of that body, and for years as its chairman, was unopposed.

The nominating motion was made by commissioner Ray Cooke, seconded by commissioner Dan McClure.

Commissioner Jack Hartman made the motion for Todt, seconded by Cooke. There was no opposition.

Joe N. Crowder was re-appointed city manager; T. Ty Oughterson was re-appointed city attorney; and Mrs. Callie McCrary was re-appointed tax collector, city clerk and treasurer.

Crowder, in turn, re-appointed all department heads including Ed Glasscock, his own administrative assistant as well as tax assessor; Jesse J. Taylor, chief of police; Paul Myers, public works superintendent; Wm. Wheeler, building inspector; Fred Walton, water superintendent; Milton Griffin, fire chief; William Ambler, park superintendent, and David Gale, sewage department.

Agree To Restudy U.S. 1

At the suggestion of the county commission, Martin County zoning and planning board members last Thursday agreed to restudy the zoning of the area north of Stuart City limits along US 1, as far north as Jensen Cutoff Road, and eastward to Northwood.

At the petition of landowners along US 1, the area was zoned for C-1 business about a year ago. The area includes that in which Eugene Williamson kicked off the project, which is 100-feet wide inside and 200-feet wide from midway out the jetty to outside that rockpile, appeared to be well over project depth in all areas.

Dredging Completed

The U. S. Sidecasting Dredge Merritt completed dredging St. Lucie Inlet Friday afternoon and left for Cape Hatteras Saturday. The crew of 12 aboard the dredge, a converted 107-foot U. S. Navy Yard derrick with a 31-foot beam, worked 11-hour days from Saturday to Thursday (Dec. 10-15) while here.

As the new job concluded,

A Community Christmas program will be held on the Jensen Beach Causeway Friday, Dec. 23, at 7 p.m., sponsored by the Martin County Ministerial Association.

The Rev. Allan Stuart will serve as the master of ceremonies during the program, which will be held in the pavilion across the highway from the new series in which Mrs. Phyllis Murphy has prepared the figure displays depicting Christmas carols and the Nativity scene.

Pastors on the committee for the association are the Rev. Norman Feaster, the Rev. Donald Schroeder, and the Rev. Forrest Watkins.

The latter will accompany the community carol singing, and Mrs. Harold Whelan will be the carol leader.

A 25-foot high Christmas tree in fireworks, which will burn for about seven minutes, with changing colors, will appear either at the end of the Causeway pier or on the south side of the Causeway on a barge in the river, depending upon the direction of the wind.

The fireworks have been designed by the members of the Jensen Beach fireworks committee, headed by Bill Yurillo, assisted by Frank Wacha, Vince Bocchino and Jim Pauly, Carl Barker, Woody Woodruff and Mike Quinn. The committee has been preparing the tree at the Jensen Beach Volunteer Fire Department.

Following the hour-long show, coffee for adults and candy canes for children will be served by members of the Jensen Beach Fireworks Fund.

Christmas In Pictures Edition Continues Next Week

Due to the outstanding response to The Mirror's "Christmas In Pictures" edition, requests for photos far exceeded the space available to print them. For this reason, The Mirror is printing two "Christmas In Pictures" editions, both this week as a pre-Christmas special, and next week as the December 29 edition.

Brazilians To Visit IRJC

Ten Brazilian young people will be accepted as guests of Indian River Junior College for a four-week period, according to Dr. Maxwell King, president. This is in accordance with an agreement with the Bureau of International Hosts.

The group will arrive Jan. 7. Housing is needed and the public is asked to respond by calling Sam Lawder at 464-2000.

Rigid rules are set by the committee. One guest to a family, and the host will fill out a performance report at the termination of the visit.

The purpose of the program is a better understanding between people of different societies. The young people are selected on the basis of academic excellence, personality and desire for durable peace among nations.

ENJOYING CHRISTMAS PARTY--The three ladies pictured above, wearing Christmas decorations in their hair, enjoyed the Anna Miller Circle Christmas Party held December 8 at the Anchorage. Left to right, they are Mrs. Kitty Coulston, Mrs. Alice Gumbs and Mrs. Ralph Norkin.

Load Limit Suspended On Hobe Sound Bridge

The load limit on the Bridge Road, Hobe Sound, bridge to Jupiter Island, has been temporarily suspended pending action set for the Thursday meeting of the State Road Board, according to Town Manager Richard Tuggle, (Adm. USN Ret.)

Tuggle said Saturday morning that the six-ton load limit on the South bridge, in Palm Beach County, would not be lifted.

State Road Dept. bridge inspectors checked both bridges after requests for clarification.

The temporary suspension of the limit on Bridge Rd. bridge was not clear, Tuggle said, although he said it did mean that heavy traffic could use the facility if owners would certify to the SRD damages to the bridge would be at the vehicle owners' risk.

Walton-Eden To Party Fri.

The Walton-Eden Property Owners Club will hold its Christmas party at Walton Community Hall Dec. 23 at 7 p.m. Members are asked to bring a $1 exchange gift. Refreshments will be furnished by the club.

NO HOLLY—NO TINSEL

CHRISTMAS 1966

The traditions of Christmas—the tree with its lights, tinsel and decorations, the holly wreath on the door, the mistletoe and the colorful collection of Christmas packages, all contribute to the Spirit of Christmas.

It is a time of year when old acquaintances are renewed—a time for family reunions.

Sometimes in our effort to make this a bigger and better Christmas, we are inclined to let the material things of life overshadow the most festive holiday of the Christian world.

Let us pause and reflect on its true meaning—and in our mind's eye go back to the first Christmas—the birth of the Christ child in a stable in Bethlehem. Just what message should we draw from this momentous event? It conveys a dual message, as a famous clergyman once said, "The family that prays together, stays together," and it also in a dramatic way points out the attribute of humility.

And when man is on the threshold of nearly a half-million mile round trip to the moon, one should conjure the thought that a woman traveling 65 miles on the back of a donkey made the most significant trip of all time.

Learn From Santa Claus

gain at Christmastime, the United States at war and the thought of peace on earth, d will toward men seems as much of a am as ever, but nevertheless, Christmas a day of family gatherings and good cheer, erfied when we seek to be helpful to the licted and less fortunate.

But above all, Christmas is a time for the ildren. It is a great mystery of life to m. Fortunate are those who can believe Santa Claus for a few years. What a thrill is for them to go to bed looking forward the morning when they will find a stocking led with presents and candy and a Christas tree shining with light. Just the smell such a Christmas morning is something at stays through life. Doubly fortunate is the child whose stocking hangs in front of a fireplace on Christmas morning.

The visit of the unseen Santa means more than just gifts. It causes even the children to think of the less fortunate and to share their blessings with others.

Christmas dinner with family and friends is a never to be forgotten occasion for young and old alike, so as you enjoy it this year in your home, think of the countless millions over the world who are not so blessed, and resolve to do your best to make Santa Claus a reality for someone. In the meantime, if you gain humility from the good fortune that is yours, Santa Claus will not have called in vain.

Quick Aid To Suffering

A central telephone for the various fire partments of Martin County has proven its orth in the short time it has been in effect. ow we can learn from the experience of hers and bring quick aid to the suffering bringing the various volunteer ambulance rvices in the county under the same serfe.

Utilizing a twenty-four hour Civil Defense ergency system, the people of Martin unty can find aid more quickly. It is only matter of the various agencies getting gether.

With a one-telephone number hookup for bulances, a trained dispatcher could d the proper ambulance service and bring e emergency equipment to the door of the fected within minutes.

A central telephone service would end the arching in Hobe Sound, Jensen Beach and antown for ambulance service by disught and often hysterical people in need of help. Only the Central Martin County and Town of Ocean Breeze Park ambulance services have twenty-four hour manned telephones.

It is this way, though, with any volunteer organization. Firemen often were victims of misplaced telephone calls before the central phone system went into effect. Just as is now happening in the ambulance service, the Stuart Fire Department would often get fire calls from Jensen Beach, or Fort Salerno.

The ambulance services are quick to respond to calls for aid. They might be one minute quicker with a twenty-four hour, one-number telephone system.

We urge the various ambulance services and the Martin County Civil Defense to get together and give the people the security of a twenty-four hour, one-number telephone in emergency ambulance service. It will pay in human life.

LETTERS TO EDITOR

The Editor:
This is a word of appre- tion to "Dick" Campbell giving to our home town "Mirror".
Reading the Mirror is a ecessity; our sense of it's reful preparation and var- interesting matter makes "looked for" each week, t most of all, one feels it's objectivity and purpose is of high order and will insure it's continued growth in our community.

The nine state awards by the Florida Press Association is appreciated and shared by your community.

Congratulations and continued progress in your work.

Sincerely yours,
E. L. Hain
22 Melba Drive
Jensen Beach

To The Editor:
I wonder if residents of Jensen Beach realize what wonderful service they get at the Jensen Beach Post Office?

Recent moves that we have made required three changes of address. In spite of this, our mail has come through promptly, thanks to the efficiency of the staff at the J.B. Post Office.

Merry Christmas.
Sincerely,
Charley Stookey
Long Beach, Miss.

ROCK-A-BYE-BABY- A registered nurse was on hand Sunday afternoon, Dec. 11, to care for the children of local ministers when they met with their families at Jensen Beach Community Church to enjoy an early Christmas dinner party. Shown here, left to right, are Mrs. and Rev. A. Sydney Lowrie, Mrs. and Rev. Robert Greenwood with Cynthia, one-month old; Mrs. and Rev. Nell M. Gunsalus with three-month old Lydia; Mrs. and Rev. Jack Fernandez with three-month old Dwayne; and Mrs. and Rev. Newton M. Tweedy with Mark, five-months old. Rev. and Mrs. Norman Feaster, All Saints' Episcopal Church, were unable to attend the dinner party.

MINISTERS' CHILDREN--Pictured here are the children of local ministers who attended the family Christmas party at Jensen Beach Community Church Dec. 11. Left to right, front row, are Mark Greenwood, Dwayne Gunsalus, Warren Tweedy, Bonnie Tweedy, Dana Tweedy, Dayton Tweedy, David Fernandez, Diane Fernandez, Denise Fernandez, Myron Gunsalus. Standing at rear, Gay Tweedy holding Cynthia Greenwood, David Tweedy holding Mark Tweedy, and Joy Tweedy holding Lydia Gunsalus.

Jaycees Seek Nominations

Stuart Jaycees are seeking nominations for the annual Distinguished Service Award given annually to a man between 21 and 36 who gives the most meritorious service to his family, his church, his community and his nation. The banquet will be held Jan. 21.

Nominations may be made to Stuart Jaycees, Box 595, Stuart, including a brief description of nominee and reasons for the nomination.

LIVE.... and love it by Dick Campbell

Why Just At Christmas?

"He who would strike a man wrongfully, first insults himself." The old Chinese believed that if you could not talk your way out of an situation you weren't very much. That was a way of life that the old Chinese followed.

Why will nations stop fighting a war, calling a truce for several days, so that one army can celebrate a religious holiday?

Why will nations stop fighting a war, calling a truce for several days, so that one army can celebrate a religious holiday?

This is happening over this holiday, a holiday of peace.

I believe that it is because the nations are just a little but ashamed that they are fighting a war. I believe that the leaders of those nations, way down deep, believe that war is wrong, and that war and killing and destruction of anything is wrong.

Think about it. Where does the respect for religion begin or end. How can men, after celebrating a religious holiday designed to spread peace and good will among men throughout the world, begin again to kill, to maim, to destroy?

The fact that the leaders would call a truce to celebrate the birth of Christ throughout the world proves that they have feelings and have a sense of the wrong that they are doing. That we must fight a war is, in itself, wrong.

One thing has lived in my mind since I was a small boy. Someone told me that in China, there was a saying,

Not true today, for to-day Chinese is the time of the past in a Chinese People's Republic. To-day the Chinese, power and war and use of force is the only way.

Perhaps that is why we fight. Perhaps we are sick and make because we know there is no other way to keep such people from our doors. Perhaps, as Ambassador Lodge recently said, it is a matter of fighting them there or here.

Yet, they would call a truce, in honor of our Christian holiday. It is something to think about.

WHATEVER HAPPENED to the post-World War II "zoning" for dispersal of industry? Johnson's War Against Poverty comes largely from our failure to require that new "defense"

The Courier and Ives

To The Editor:
Through the generous contributions of Ocean Breeze Park, L. & F. Corporation, Poor Bob's, Tilton Insurance Agency, E. C. Warfelein, Bandy Lightweight Roofing, Jensen Lanes, Inc., Norman Decker of Bait Box, Melaleuca Cottages, Helsel's and Maxine's, Bryan's Pharmacy, Indian River Sales, Bridge View Motel, Snook Nook, Seymour's Inn, Frank Forsberg, and Mrs. Helen Youngworth, the Jensen Fireworks Committee will host the Martin County Ministerial Association and all who come to the Jensen Beach Causeway the evening of December 23.

There will be candy for all the children, and coffee and cupcakes for the adults.

The community spirit displayed by the above-named donors is what makes the Jensen Beach area a spirited community.

Thanking the donors, I remain,

Respectfully,
Frank A. Wacha

plants be built at least one H-bomb's blasting range from another.

DISPERSAL: Makes military sense because there seems to be no likely military area defense, such as London had during World War II. Dispersal of industry, together with extension of the Federal Savings and Loan concept, might very well have created by now a nation of suburbanites with virtually everyone living in his own home. Instead, we have problems of growing urbanization, pollution, congestion, and slum areas, all being used to justify so-many welfare state programs. None should have become problems of such magnitude in the first place.

FEDERALISM OR FREEDOM: We never had a choice.

SOCIAL SECURITY, Medicare, and welfare for folks who are no longer working have been made more necessary by inflation, than by any of the other causes. The dollar of 1939 is worth less than 43¢ now. Few people can save so much as that required for self-sufficiency and such inflation decimates the will. Much of today's problem facing the aged and infirm might have been avoided if we had had a chance to choose. Our country could have had vast funds in its federal savings and loans and banks for developing itself for its citizens, if yesteryear's Republicans had given us a choice. Savings could have been guaranteed on a commodity dollar basis...what a brake that would have put on federal spending...how much more responsible would federal fiscal policy have been! Right or wrong, the individual never had a choice.

REPUBLICANS have been for and against foreign aid to Iven Carl as have Democrats who started it. Foreign aid has been as much an investment as the loans of World War I. Instead of creating envy and dislike its welfare state handouts, why didn't the Republicans propose a choice? For instance: They might have extended their original concept - the federal savings and loan associations, a better solution to the problem. Setting up and bringing in such associations from needy foreign lands would have built or rebuilt them within the framework of individual initiative and freedom with a minimum of expense to us, and would have given us responsible working partners in every hamlet and voting booth in every one of those foreign lands.

THESE ARE NOT My proposals for a new order. I have selected the foregoing examples because I feel they offered and offer enough merit to illustrate my point. There is a positive way, a Republican way, to meet every problem this country faces or ever faced, but the problem must first be acknowledged, then a solution offered. Too often Republicans have gone down to defeat by denying there was a problem when they should have been proposing solutions that could succeed by utilizing individual initiative and freedom.

Wacha Bridge Wins Beauty Award

The following article appeared in the "Enterprise" of Thomasville, Ga., accompanied by a three-column picture of the Frank A. Wacha Bridge, Jensen Beach:

"A Thomasville firm which has built hundreds of bridges since its establishment in 1926 has been awarded a merit citation for construction of the movable span bridge at Jensen Beach, Fla., in Martin County.

The bridge, erected by Scott Construction Co., was one of 18 in the nation named "most beautiful in a competition sponsored by the American Institute of Steel Construction.

J. F. Scott, general superintendent and vice-president of the firm, said the contract with the Florida State Road Department was $775,000 and the bridge, open to traffic in October of 1965,

OCEAN BREEZE NEWS

by Tom Cook Phone 287-5312

Park Prepares For Christmas

Ocean Breeze cannot boast of snow to herald the advent of the Christmas season, but signs are all around us to show that Xmas Day is getting very close. To date, Dec. 18, Christmas cards and parcels are pretty well taken care of and now plans are underway for the coming festive season. We expect more than our usual spots of visiting relatives in the park, and some who are not afraid to brave the cold weather, are spending Christmas with relatives in the north. During the past week, while the women were making their party plans the men were risking their necks, hanging outside decorations and colored lights. Xmas is still a week away so decorating is not complete but at present it would appear Ocean Breeze will make a good showing. We have a bigger and better Xmas tree than ever in front of the Club house this year. North Sixth Street has the most outstanding display of lights as usual. The residents of this area have always been very co-operative in planning their street decorations and everyone has contributed to the general effort. This year, more than ever, one gasps with pleasurable surprise as they come upon this fairyland of light and color. This is, in my opinion, the best display in this vicinity and we congratulate North Sixth for their wonderful achievement.

OLIDAY GREETINGS!--our Ocean Breeze reporter, Tom Cook, and assistant, Nellie, wish all of our readers a very Merry Christmas nd Good Health and Happiess through the New Year.

Bridge

Bridge results for Dec. 13 as follows: 1st Mrs. Winson; 2nd R.Stewart; 3rd C. Slezak; 4th Ruth Hale; 5th A.Forsyth; 6th Nan Campbell; and 7th Olive Patterson.

Pinochle

Six tables of Pinochle on Dec. 15 gave the following scores: 1st John Sorensen - 750; 2nd Bill Downey - 745; 3rd Marcia Morash - 734; 4th Jen Wingarter - 730; 5th Pearl Wyse 729; 6th Ralph Ortt - 719 points.

Skidmores Delayed

We have a letter from A. G. Skidmore of Robinson, Ill. dated Dec. 13, in which he writes: "We are having a very wet fall, so as a result our corn is not harvested. Seven inches of rain were recorded this past week. We need several days of near zero weather. We see by the Mirror that you had a few cool nights but warm days.

We wanted to be settled in our trailer on Mallaleuca by this time and wading in the breakers, raking in sand-fleas, and pulling in the pompano, whiting and the blues on the surf. Agnes misses going to the surf with me and reeling in my lines, while I rake fleas and then bragging about how many fish she cought on the lines I had cast out.

We promise you this; If you will wish us some cold weather, we will sneak away quietly, so it will not follow us to Ocean Breeze. Hope to see you soon.

Glen and Agnes Skidmore

AARP Discusses Burials

The A.A.R.P. meeting in the clubhouse held Dec. 15 was well attened in spite of the many activities at this time of the year. The attendance was well over one hundred, the majority of whom were men. Evidently much time and effort had been put into investigating and pricing the many details connected with burials. Marty Koltzsch spoke at some length on this subject which we all have to face sooner or later, but in too many cases we postpone until too late. There were so many figures involved that one person suggested that these details should be typed and mimeographed. This may be done.

President Bill Krowarz then gave a report of the National A.A.R.P. convention in Salt Lake City which he attended recently as a delegate. He told the audience that the National A.A.R.P. organization was responsible for getting a minimum social security allowance for those people over 72 who have not been able to build up a social security fund. They also have hopes of getting social security payments to older people increased. In order to vorable legislation, he obtain this and other favorable legislation, he stressed the importance of a large membership.

Bridge

Duplicate bridge winners; 1st Chihasz and Wilmot; 2nd Dr. and Ness Moore; 3rd Forsyth and Stewart, winners for North & South.

East & West winners; 1st Tokash and C.Mitchell; 2nd Skinner and Lillie; and 3rd Armstrong and Proseus.

HOSTESSES- Hostesses at the dessert card party held last Thursday, Dec. 15 at All Saint's Hall are shown here. Left to right, they are; Connie Hileman, Trudy Chihasz, Bea Barrett, Pegg Barks and Lillian Tower.

Redingers Hold Open House

The Redingers' invitation to their open house attracted 180 interested guests, Dec. 16th from 10 to 12 and from 1 to 4. The refreshment table was tastefully decorated for the Christmas season. Coffee and an assortment of cookies, baked by hostess Lila, were served to the visitors by four of their park friends; Orlee Ecklund and Mary Wall in the forenoon and Bessie Holmes and Flora Reverdy in the afternoon. Mr. and Mrs. Redinger Clyde and Lila, showed the visitors through their commodious and well arranged 24 x 50 Magnolia trailer.

The Redingers are looking forward to seeing their son Tom who is coming home fornChristmas. Tommy will be starting his third year at the University of Florida

OCEAN BREEZE CHRISTMAS TREE

Camera Club Hears Talks

The Camera Club meeting for Dec. 15 was in the nature of a combined workshop and Entertainment evening. Due to the many pre-Christmas activities at this time, the attendance was not up to the usual.

President Doug Blyth started the workshop period by giving a talk on "Which Camera Shall I Buy". Blyth said the Instamatic Camera has had phenominal sales in the past years, surpassing in popularity the advent of the Brownie Camera. He went on to say that this type of camera filled a need for those who wanted to take pictures but who knew nothing about cameras, and if this camera was used as it was intended, it would give good results. However, he said, this camera has its limitations, one of which was the square format, which was demonstrated on the screen. Another feature a prospective buyer should consider is that this camera will not take other lenses, such as telephoto, side angle and close-up portra lenses.

Next, Clyde Redinger talked on the use of portra lenses. These are extra lenses which by means of an adapter can be fitted over the ordinary lens, making it possible to photograph very small objects. Clyde illustrated his talk by some very fine slides he had obtained by the use of these portra lenses.

Jiff Ogle's talk was on the subject of the Sterioscopic Camera. The sterioscopic camera is not new by any means, Cliff said, but ways of using it and of showing the slides, is relatively new. He explained briefly how the sterio camera works and how slides are made in order to view them through a sterioscope. These same slides also can be shown on the screen and viewed in three dimension by wearing special glasses.

For the second part of the program, Charles French took his audience on a cruise on Long Island Sound and other northern waters by means of color slides. The pictures in this series were all taken from the water with the exception of a few taken in Quebec. This feature was a novelty as most pictures we see are taken from land, mostly on automobile trips.

Next week, Dec. 22, Ben Morgan will show slides of the western states, the Badlands and Canada. J.H.Rand will show pictures he took during the cruise of the sea Lake Powell last summer. This is one of the most spectacularly colorful lakes in North America.

Thank You

To the Ambulance drivers, and my many friends and neighbors in Ocean Breeze I want to say Thank you, to each one, for their prayers, letters, cards and also visits while I was in the Martin Memorial Hospital. Now I am at my Sons home until I am able to walk, when he will bring me back to my trailer. Hope all of you have a Happy Holiday Season.

Sincerely,
Jennie B. Buston

Sweedish Christmas

By Nellie Cook

I expect all of us have nostalgic memories of our childhood days and the Christmas seasons of those years. This is Mrs. Herman Larson's story, and may I say now she is known as Ann to all her Ocean Breeze friends.

"I was born and raised in a rural area in Central Sweden. Our nearest city was Linkoping in the province of Ostergotland.

My parents were farmers and grew oats, and hay and raised pigs and sheep, and kept a horse and about five cows. In addition to our farm acreage on the mainland, we owned a small island situated in a lake within sight of our home, and it was here my two sisters, three brothers and I spent many happy afternoons picnicking, playing games and relaxing on warm summer days, but as fall came and the days grew shorter and colder our thoughts turned to the approaching Christmas Season. In mid November preparations started with the butchering of pigs and a calf from which mother made a variety of sausage and head cheese. Later there was Lut-fish to be prepared, which takes about ten days, and then the baking started with many kinds of cookies and limpa - bread which is a sweet rye bread, white bread, coffee cakes and rolls. The house had to be sparkling clean from garrett to basement to greet the Guest who was to be born on Christmas Morning.

We children always counted the days to Jul (Christmas Eve), which was really a big day for us children. Early in the morning Dad went to the woods to cut a spruce tree, bring it home and fit it in the holder, then we kids had a ball, trimming it with apples we had saved for the purpose, candles, ginger snap boys and other little figures, and real Christmas Candles. Oh there was a lot of excitement and anticipation about "Tomten" coming and what he would bring each of us. Tomten is, ofcourse, the Swedish name for Santa Clause. While we had been busy with the tree, father had been feeding the farm animals and putting out bundles up on poles for the birds, for everybody and everything must be well fed at this festive season. Work for the men of the farm ended at noon, except for the evening feeding of the livestock. As a rule the men went ice-fishing or visiting, and ofcourse they must have a "Skol" with the neighbors before the evening meal. This was served as a smorgosbord with lut-fish, rice cooked in milk and served with cinnamon sugar and rich milk, and for fun we put a miniture thimble and an almond in the rice. If a girl got the thimble it meant she would be an old maid.

Mrs. Herman Larson

After the dishes were cleared away we all sat around the tree and Dad and Mother took turns reading us the Christmas Story from the Bible and saying a Prayer, then Dad would say he had some animals to take care of and would go out. You all will know how hard it was for us children to wait for Tomten, but after a while there would be a knock at the door and it would slowly open and a bundle of small packages was put inside, but of course we all knew that Tomten had many places to go and a lot to do, so he could not linger with us.

We all were so excited to see what he had brought us, our gifts were mostly useful things, stockings that Mother had knit for us girls and sox for the boys, and a small toy for each, how we enjoyed it all and could hardly settle down to sleep, but then we had to be up at 4 a.m. to get ready for the Church Service at five. The Church being some distance away Dad had to see that we and sleigh ready while Mother got us attired in our best clothes. The sleigh ride to Church was beautiful and memorable, the jingling of the bells on the horses, the frosted trees, the pure white snow which was lighted by the lanterns each sleigh carried and the merry greetings back and forth as the folks all gathered together. Christmas was the only time when the Church was lighted with candles and I think the only time the Old State Church was filled to capacity.

After Christmas the parties started, and lasted for three weeks with dancing around the tree for the young and the young at heart, then on the twentieth das after Christmas we plundered the tree for all the goodies it held and which we had eyed for so long, and the Jul Season was over for another year. So ends the dream of a Swedish American Emigrant's memory of a very simple Christmas, but so very thankful and with a heart full of love for the delicious background and the more abundant life I have found in my beloved United States of America."

Fred Leacoxes Move Into Ocean Breeze

Mr. and Mrs. Leacox, Fred and Helen, are the proud owners of the new 12 x 72 foot Skyline mobile home located at the East end of the new "South Ten" addition. The Leacoxes have been coming to Florida for many years and to the Jensen Area since 1949, but they never felt the urge to buy a home until they visited their friends the Wilbur Smiths on this new addition. The Leacoxes were so impressed with the "South Ten" addition to Ocean Breeze Park and the attractive trailers there, that before hardly any time had elapsed they were looking at movlle homes and first thing they knew, they were the owners of their present home. Mrs. Leacox said it all happened so suddenly she can hardly believe it. When we called, Leacox already had the awning up and was busy outside while his wife was arranging the interior and getting the feel of a trailer.

Both Mr. and Mrs. Leacox were employed by a Detroit Bank for many years, but more recently they were fruit farmers at Hart, Michigan, where they grew pears, peaches, apples and cherries. Cherries being their main crop. Deciding to retire, they sold their fruit farm but retained a summer home, and they are now taking up mobile home living in Ocean Breeze. Their neighbors bid them welcome and trust they will like trailer living well enough to make it permanent.

Scotts Purchase Fred Meyers' Trailer

Walter and Alva Scott of Cape May, N.J. have wintered in the Sorensen trailer on Sixth and Broad since 1962. Just recently they purchased the cabana-trailer, 15 Mallaleuca Drive, previously owned and occupied by Mr. and Mrs. Fred Meyers, and have taken up residence there. The Scotts anticipate selling their Cape May home and spending the majority of their time in their newly acquired residence. The Scotts moved from Trenton to Cape May following Walter's retirement in 1953 and with one exception have spent their winters in Florida. They first visited Jensen Beach in April 1950 and stayed at Bob Bair's Crossroads cottages. River fishing was good in those days. One day Scott and Bair caught a nice string of trout in Bailey's Boat Basin. Walter's hobbies are fishing, hunting, hiking and gardening. His wife Alva enjoys cards and varied other activities.

•••

Mr. and Mrs. Ed Hackbart left Dec. 19 for Westchester, Pa. where they will spend Christmas and New Years holidays with their son nd family. They will return Jan. 2.

Leoba Fischer Weds Theodore Fahlen

Mrs. Leoba Fischer and Theodore Fahlen were married on Friday, Nov. 25, 1966 in Brooklyn, N.Y. After the wedding they went to Callicoon, N.Y. where they both have many friends, and stayed until just recently when they returned to Ocean Breeze and took up residence in Mrs. Fischer's home on South Fifth. Mrs. Leoba Fahlen has been a resident of Ocean Breeze for many years, Ted Fahlen lived on Kumquat from 1962 to 64, after which he took an extended vacation in his native Germany. Leoba was also vacationing in Germany this past summer and the two met while there and on their return to New York were married.

Movie

The movie for Dec. 25, is "Don't Go Near The Water", starring Glen Ford, Gia Scala, and Earl Holliman. This is a comedy of war-time service on a South Sea island remote from combat. Cinemascope and color.

FOUR-GAME WINNERS--Round Robin four-game winners are shown above, left to right, Archie Faille, Maude Van Marter, Ness Moore, Sylvester Garing and Ada Colby.

Shuffleboard

Last Wednesday Dec. 14 another Indian River Shuffleboard League game was played at Ocean Breeze between Vero Beach and our team, the result being a win for Ocean Breeze of 17 to 13.

•••

Thursday Dec. 15, Ocean Breeze went to West Palm Beach for a friendly game. The result was quite a set back for Ocean Breeze of 12 to 28 which no doubt was partly due to the difference in courts, as the West Palm courts are very keen this season. Of course, that is an alibi. The real reason is ....

•••

The weatherman tried to scare us with a promise of showers on Sunday Dec. 18, but the weather held good and nine courts were occupied for the Round Robin Games. Two more four game winners were added to the list for this season, Sylvester Garing and Archie Faille.

There was great activity at the Shuffle-courts Monday morning as the Christmas tournament got under-way.

New Rules

The Ocean Breeze Shuffleboard Club held a meeting in Clement Hall Dec. 16 at 9:30 a.m. The meeting was conducted by Dr. T. Moore, shuffleboard commissioner, assisted by Harry Boone who is Chief Referee of the Central East Coast District. The business of the meeting was to discuss new rules and to clarify established rules of the Florida Shuffleboard Association. In addressing the meeting Dr. Moore said that although during friendly games it is not required that rules be adhered to, it is a good idea to get to know the rules and to practice them. This tends to create a better feeling during shuffle players. It is hoped that rules taken by the Association, quite a number of questions were asked and the members present showed a keen interest in the matters discussed.

Smith Named Constable

Floyd Smith, fire chief and civic leader in Indiantown, was named a constable by Gov. Haydon Burns last Thursday in what probably will be the last appointment of the governor's term in Martin County.

Smith will replace David W. Gale who recently resigned to take a position with the city of Stuart.

Smith, 48, is a brother-in-law of Deputy Sheriff Floyd McAliley, who is Chief of Martin County deputies.

Smith's appointment will run for the next two years.

The district, outlined four miles all directions from the Indiantown Court House in Indiantown.

AA-Mrs. Mary Ethel Fulton has been selected to appear in the 1966 edition of "Outstanding Young Women of America" for her work with the Metropolitan Club, church and civic activities. Mrs. Fulton is married, has two children and lives in Port Salerno, Jensen Beach.

Jensen Written Up In 'Stars & Stripes'

Mrs. Paul Mathews, Hibiscus Park, Stuart, recently received a letter from her son, stationed in Viet Nam, with an enclosure from "Pacific Stars & Stripes". The article, written by Jack Randolph, Outdoors Columnist for the paper, was entitled, "Something For The Fishermen", as follows:

"The last time I fished in Florida, I decided to do a little night fishing along some of the Indian River bridges in hopes of picking up a snook or sea trout. I was fishing unfamiliar territory and had to rely upon tips from other anglers to find my way about.

One bridge I had heard about was located at Jensen Beach. When I finally fished that bridge in the wee hours of a windy morning, I was pleasantly surprised to discover that the bridge was built with fishermen in mind. On either side of the channel an illuminated pier was built close to the water, just for anglers. It was an ideal fishing platform and the lights attracted plenty of bait which in turn attracted plenty of fish".

Mrs. Mathews' son is Lance Corporal Loren G. Foster, Marine, Danang, S. Viet Nam.

THE MILAZZOS ENTERTAIN--Last Saturday night was a busy one for Mr. and Mrs. Anton Milazzo of 206 Sandra Drive, Jensen Beach, who entertained the following friends at their home. Left to right, front row: Langley Robertson, Bill Chan, Ed Schmidt, Chet Martin and host Tony Milazzo. Second row: Frances Lawrence, Frances Scranton, Jessie Fitten, Honey Friend, hostess Ruth Milazzo, and Connie Haire. Third row: Claire Scranton, Jane Schmidt, Lillian Hanson, Mary Alice Martin and Kitty Robertson. Back row: Whitey Fitten, Ed Lawrence, Bob Haire, Jim Friend and Jack Scranton.

WILLING WORKERS--Jensen Beach Community Church was the scene of a covered dish Christmas Party last Friday night, attended by members of all Church groups and their spouses. Pictured above are the chairmen and committee in charge: Mrs. Hilda Costello, Mrs. Mary Meyers, Mrs. Dorothy Kalb, Mrs. Orlena Braun and Mrs. Doris Breffle.

Duplicate Bridge Scores

Sixteen tables in two sections competed in last Wednesday's session of Stuart Duplicate Bridge Club at the Youth Center, Newcomers Mr. and Mrs. A. L. Godley, Mrs. A. Forsyth and R. Stewart were introduced.

North-South winners: 1st, Fran Wilson and Mrs. P.J. Bartholomew, 1008-1/2 pts., 2nd, Jupe Bowling and Lou Collins, 103-1/2 pts., 3rd, Mr. and Mrs. T. D. Kelly, 84 pts.; with a tie for 4th and 5th between R. Stewart and Mrs. A. Forsyth, and Ann Saladino and Ida McPherson, 81 pts.

East-West, 1st, Mr. and Mrs. S. W. Snelling, 94-1/2 pts., 2nd, Dr. and Mrs. L.H. Miller, 94 pts., 3rd, Inez Clanton and Gay Cammack, 86 pts., 4th, Mr. and Mrs. M. Schaeferle, 85-1/2 pts.

In Section "A" North-South, 1st, Mrs. Ed Schimmand and B. Melhorn, 91-1/2 pts., 2nd, Dr. J. W. Grossnickle and Jay Mann, 67 pts., 3rd, Ann Kuhn and Hazel Leister, 64-1/2 pts.

East-West, 1st, Joseph & Stella McCue, 70 pts., 2nd, and 3rd, tie with 67 pts., Dodie Pryor and Toni Heinig, and Capt. Jim Brown and Ken Payne.

WW1 News

In addition to the elected officers previously listed in The Mirror, the following Buddies of V.W.W.I. Barracks #854, were installed at the dinner held Dec. 6, attended by 219: George Conover, adjutant; Jack Hilliard, flag bearer; and Mathew Blasco, banner bearer.

Appointed members of the Auxiliary were: Bernice Webber, secretary; Henrietta Horton, flag bearer; Trudy Chilhasz, banner bearer; assistant conductress Mary Stockwell; Helen Ferguson, membership; publicity Eleanor Uffendell; V, A.V.S. Julian Clark; hospitality and community service, Hazel Heritage; legislation, Helen Schneider; musician, Shea Hainly. Americanism Carolyn Conover, patriotic instructor Lucette Ashley; historian Mary Kestner.

Chairman Marcella Ideus and Eleanor Uffendell extended thanks to all who contributed to the Dec. 10 bake sale.

CARVERS--Assisting Joe Forsberg, right, in carving one of the turkeys served to residents of Stuart Trailer Town at their Christmas dinner party held last Saturday night, are, left to right, Catherine Hayton, Sadie McCormick, Julia Avera, Walter Avera and Margaret Forsberg.

HE RIOT SQUAD"--Band members of "The Riot Squad", a local band formerly known "The Smacking Bandits" are shown above performing at the December 10 Teenage istmas Dance. This group is a favorite with the teenagers who enjoy the monthly dances d at the Jensen Beach Community Center.

AIRMAN AND CHAPERONES--Gloria Wilder, center, above, was chairman of the Teen-e Christmas Dance Saturday, Dec. 10, in Jensen Beach Community Center. Shown with oria are Ruth and Alli Bowman, chaperones.

PLANNING CHRISTMAS PROGRAM--Members of Trinity Methodist Church, Jensen Beach, are shown above during a planning session for "The Holy Child", a children's program presented Sunday, Dec. 18 at the Church. Candlelight service followed the program. Pictured bove, left to right, are: Mrs. Eugene Rathgerber, Mrs. Hoper Welker, Mrs. G. W. Shipes, anist Mrs. Thomas Woods, superintendent of Sunday School G. W. Shipes, Mrs. Kermit right and Mrs. Kermit Tucker, director.

MOOSE CHRISTMAS PARTY--Moose Lodge #1282 of Stuart held a Christmas party for children of members at the new Moose Hall last Sunday, Dec. 18. Posing for Mirror photographer is Louise Ann Chagnon seated on Santa Claus' knee, while a little friend awaits her turn.

AND I WANT--Mrs. Collier of Jensen Beach Five and Ten told Santa Claus what she wanted for friends and family when he visited downtown Jensen Beach last Friday.

SANTA VISITS JENSEN BEACH--Santa Claus came to down-town Jensen Beach last Friday and boarded a fire engine awaiting him. Here he is pictured, with friends, in front of the Jensen Five and Ten.

INTERMISSION--Over 100 teenagers packed the Jensen Beach Community Center Saturday night, Dec. 10, at the Christmas Dance held for teenagers from ninth grade up. These monthly dances are sponsored by the Jensen Beach Chamber of Commerce. Pictured above are some of the dancers, resting during intermission.

PEANUT LEAGUE HONORED--Members of the Peanut League Champion Baseball Team were honored by their sponsor, Rio Civic Club, at a Christmas party held at the Clubhouse Dec. 17. Gifts were distributed by Santa Claus and refreshments were served. Coach Harry Lentz is in background.

CHRISTMAS PARTY FOR THE CUBS--Cub Scouts from Troop #410 enjoyed a Christmas party at Stuart Youth Center last Friday. The Cubs donated canned goods and gifts for the needy children of Martin County.

County Tax Monies Are Tabulated

A tabulation of tax monies, assigned to the county commission and the school board in Martin County, showed the following cash on deposit in various accounts as of Friday:

County Commission; tax collector turned over $797,155; $40,000 in time deposits in each of the following banks, Jensen Beach First National Bank of Indiantown, and Bank of Stuart.

In checking accounts; $52,943.05, Jensen Beach; $53,817.00, First of Indiantown; $478,019.78 First National; and $53,507.69 in Bank of Stuart.

Of the $478,019.78 on deposit in the First National on Friday, $300,000 was slated to go to the other three banks at $100,000 apiece in four per cent interest bearing savings deposits Monday.

The school board has received $926,127.62 from the tax collector, of which $50,000 has been put in a certificate of deposit at five per cent in the First Bank of Indiantown.

The balance is in checking accounts, according to F.M. Boatright, assistant school finance officer who spoke in the absence of Mrs. Eloise Easter, who was ill.

Boatright said about $400,000 of the school's cash had been turned over in the past week and that discussions were being held to determine what investments would be made.

By state law, only funds not needed for six months may be used in short term investments, according to Dean Tooker, county attorney, during Friday's special meeting of the county commission at which the investment situation was once again discussed.

In other action at the special meeting, the board;

AWARDED contract to two suppliers to purchase microfilming equipment for the clerk's department, $5,889 went to Eastman Kodak, and $1,390 to Dakota Microfilming Service.

AWARDED contract to Stuart Paint & Supply for purchases of lumber and supplies if and as needed for work on Hunsinger annex to the courthouse.

DECIDED to purchase industrial carpeting for the first floor of the annex, instead of vinyl tile, Fred Bell, county engineer, said the tile would cost $2,900 laid, while the carpeting will cost $1,600.

AWARDED to Houston Office Supply contract for shelving in law library at low bid of $1,895, installed.

REHEARSAL--Children of Trinity Methodist Church, Jensen Beach, presented "The Holy Child" last Sunday evening as part of a Christmas program held at the Church. They are shown here during rehearsal last Wednesday night, left to right, front row: Eugene Rathgerber, Kim Welker, Bennett Richardson, Myron Gonsalus, Dean Tucker, Joyce Rathgerber, Roger Welker, Kim Budd, Rene Westwell and Susan Rathgerber, back row, pianist Mrs. Thomas Woods, Donna Rowe, Kim Richardson, Charlene Bright, Robert, Pamela Bishop, Sharon Kirby, Tina Richardson, Alt Kirby, Kevin Woodwell, David Rathgerber and Cory Shipes.

Langford Plans Bulkheads

Application has been made to the Dept. of the Army, U. S. Corps of Engineers at Jacksonville, by Langford Marina, Jensen Beach, to revive and modify a permit issued May 12, 1959, to Ralph Eminde, to construct bulkheads and to dredge a 115 foot wide by 3,900 feet long channel to a depth of eight feet in the Indian River.

New plans call for a 10-foot depth in the existing channel. Dredged material will be deposited in three open water spoil areas.

Maximum height of the spoil would be two feet below the mean low water mark. Approximately 20,000 cubic yards of spoil would be deposited on the banks which are north and south of the channel, west of the Intracoastal Waterway.

Protests or comments should be submitted to the Corps office in Jacksonville prior to Dec. 27.

879 Articles Sewn For Sunland Hospital

A total of 879 articles were shipped there, 12 to Sunland Hospital, Orlando, completed in time for Christmas by the sewing group of the Jensen Beach Women's Association.

Under the direction of project chairman Mrs. Helen Richardson, the shipment included 339 stuffed toys, 57 Christmas stockings, 50 tinker toys, 19 quilts, 18 muu muus, 13 aprons, 29 bibs, 64 pairs shorts, 174 pairs bed slippers (Scuffies), 115 new Christmas greeting cards, four bed pillows, five blouses, and 10 pairs of mitts.

Also included in the shipment were 21 packs of playing cards, rolls of ribbon and old jewelry.

The next meeting date for the sewing group will be Jan. 12, 1967.

GIFTS FOR THE NEEDY--Assistant Cub master, H. C. Hoffner and Mrs. Julius Passante look over canned goods and gifts donated to the Cubs for the needy children of the area. Each Cub Scout brought a present and two cans of goods which will be donated to the Stuart Fire Department for distribution through its welfare program.

Mr. and Mrs. Bill Swift of Rio are presenting an organ recital each evening between 7 and 8 o'clock at their home. The organ is hooked up to an outdoor loud speaker system and Mrs. Swift will play Christmas music.

The Swifts live at the east end of Olive Ave., Rio.

LANGFORD SHOW IN VIET NAM--Members of the Frances Langford Show are shown above with an unidentified General in Viet Nam. Left to right, they are Johnny Cuzzins, Miss Patti Thomas, 1st Marine Division General, Miss Langford and Tony Romano. Cuzzins and Romano entertain regularly at The Outrigger in Jensen Beach. The group is expected to return to Witham Field Friday morning, Dec. 23, after a two-month tour of entertaining troops.

Marines Thank Langford Show

The following is a letter received by Miss Frances Langford (Mrs. Ralph Evinrude) from a Marine Major following one of the numerous performances given by the Frances Langford Show in Viet Nam;

20 November, 1966

Dear Miss Langford:

I wish to thank you for the wonderful show you presented at this Battalion Headquarters on 17 November. Your voice is as classical as Glenn Miller's music, and many of us recalled fond memories from the ever-popular songs you sang. I understand the Gunnery Sargeant on Herring's Hill had tears in his eyes as you sang the special number for them. In addition, my Sargeant Major admitted he got a little tingle in his back as you sang.

Please pass on to Miss Thomas, Mr. Romano and Mr. Cuzzins our sincere best wishes and thanks for a job well done. With Americans like the four of you making your contribution, and troops like these making their contribution, we can accomplish any goal we set.

Thanks again for your wonderful entertainment.

With kindest regards and best wishes, I am,

Sincerely yours,
W. P. Ritterman
Major
U. S. Marine Corp

MERRY CHRISTMAS GREETINGS TO ALL

Tuned to the glad spirit of the holiday season is our wish for you... a Christmas sparkling-bright with joy and merriment, and rich in true peace and contentment.

To you we send our wishes warm, and greetings most sincere, at this happy time of year. May we thank you, too, for the privilege of serving you.

Dear Friends:

It is a genuine pleasure
at the Holiday Season
to depart from the usual routine
of business and wish you and yours
A MERRY CHRISTMAS!
May the New Year bring you much Happiness
and a full measure of Prosperity

Sincerely yours,

W. B. Tilton Real Estate & Insurance, Inc.

A LIVING CORSAGE--This lovely corsage, assembled by Mrs. Nellie Prezioti as part of the display program last week presented by Stuart Garden Club, is made of real holly, podocarpus, and melaleuca bark roses.

Sir Charles Ramsey Dies In Hobe Sound

Admiral Sir Charles Gordon Ramsey, KCB, Knight Commander of the Bath, of the Royal Navy, died Monday at his home in Hobe Sound. He was in his 85th year.

Surviving are his widow, a daughter, Mrs. Lachlan Gordon-Duff of Whitehouse of Park, Banffshire, Scotland; a granddaughter, Mrs. Jeffries Lockett, Chessire, England and two grandsons, Colin de Clair of Kenya and Dudley de Clair.

Adm. Ramsey joined the Royal Navy in 1897, serving in the famous training ship HMS Britannia. At the battles of the Dogger Bank and Jutland he commanded HMS Acheron, Destroyer of Adm. Sir David Beatty's fleet being mentioned in Sir David's dispatches relating to the latter action.

He was aide-de-camp to the late King George V in 1933. After promotion to rear Admiral in 1934, he commanded the Second Battle Squadron from 1935 to 1937 and was created a C.B. in 1935.

He was promoted to Vice-Admiral in 1936 and served as Commander in Chief of Hoyath, a major command of the British Navy from 1939 to 1942, being created a KCB in 1940 and promoted to Admiral in 1942.

He maintained residences at Greenwich, Conn., Hobe Sound, and in Scotland.

South Bridge Hobbers Barge And Loses Fight

About midnight Christmas ve, the South Bridge to Ju- er Island at Jupiter lost a ttle with a barge.

The bridge was knocked r its spindle, making Ju- ter Island a one-bridge land. The tug was owned Atlanta Towing Co. of eksonville, according to N. Landry, bridge en- neer with Fl. Lauderdale istrict Four State Road De- rtment office.

Just two weeks ago, of- cials of four municipali- es, the SRD, and private ilers of concrete, sup- lies and other heavy items, scussed the amount of ight the bridge could car- .

The bridge, built in 1928 1929, according to the RD, is on the list of Flor- a Inland Navigation Dis- ict for reconstruction. owever, it was recently timated that completion as three years away.

The bridge was opened the tug and barge by e 70-year old bridgeten- r, C. Edward (Ned) Get- ell of Hobe Sound, who aid he went to the south de of the span to get the me of the tug. A stiff rth wind caught the span d turned it into the path the barge. The bridge hit e barge, which in turn ted the swing span up and its spindle, he said.

The oil barge then hit the an, which had a clearance about seven feet when hit. The crash was heard at e Jupiter Island Beach Club arina, which sent a boat take off Getchell, who was injured.

The tug and barge pro- eeded southward. The Ju- ter Light Station of the . S. Coast Guard sent a rew to position red lights warn vessels using the terway. Jupiter authori- es marked the road west the bridge, while Jupiter let Conony authorities arked the east side.

In the event of fire, one re truck will be left on the land, according to Fire hief A. V. Baird.

Bridge Road bridge, about 10 miles north of the damaged bridge, was cleared temporarily for unlimited loads after having been posted for an eight-ton limit until the Dec. 12 meeting at Jupiter Island Town Hall.

The Hobe Sound bridge may be re-posted to protect it as the only remaining link between the island and the mainland, it was indicated Sunday.

Al Walkers Win Rio Contest

Mr. and Mrs. Al Walker of Kubin Blvd., Rio, again won first place in the Rio Christmas lighting contest sponsored by Rio Civic Club.

Second place went to the Walter Wood residence on Olive Ave., and third place Martin Blvd.

Honorable mention went to Mr. and Mrs. John Swift of Olive Ave.

Judging was done Christmas night by Mrs. Marian Haskins and Albert E. Palmer, Chairman of the lighting committee was Joseph Foster.

THANK YOU, SANTA--Scott Emmeck, 2 1/2 year old son of Mrs. Scarlet Emmeck, Jensen Beach, presents Santa Claus with a gift from all the children at Tiny Tots' Nursery, following their Christmas party held Dec. 22.

St. Joseph College Plans Expansion

Groundbreaking for the St. Joseph's Junior College $350,000 science and administrative complex is scheduled for February, according to Sister Mary Jerome, academic dean of the college.

A federal grant for $113,265 awarded the college in September, will partially finance the new construction. It will be an L-shape building to which the college hopes to add a connecting L-shaped addition for humanities and a library by 1970.

The college hopes to build dormitories for students in the future, said Sister Jerome. February's new construction is expected to be completed in September when classes begin.

The two-year college was first opened to lay-students this year, at which time 35 lay-students registered.

Students and educators are seeking to have the two-year college expend to a four-year institution. To this, Sister Jerome said, "We want to continue to present a strong two-year program for our students. I am convinced having students transfer to a wider background at bigger colleges is better for them."

"We have small classes so the students get individual attention. The student at St. Joseph's is a human being, not just a number," she added.

FIREWORKS CHRISTMAS TREE- The over 3,000 persons attending the Christmas caroling on Jensen Beach Causeway last Friday evening saw a spectacular fireworks Christmas tree burn in many colors. The tree, designed by the fireworks committee of the Jensen Beach Volunteer Fire Department, was located on the north side of the causeway on a barge in the Indian River and burned for seven minutes, changing colors.

News Notes

There will be no meeting of the Martin Memorial Hospital Auxiliary on Monday, Jan. 2, because of observance of New Year's Day. The next meeting will be February.

•••

Paintings of the Seminole Indians by Jim Hutchinson, local artist, are on display at the Fort Pierce Art Gallery in a show that continues through Jan. 6. The paintings in the current exhibition are all new.

•••

The public is invited to view the beautiful rose garden at Redeemer Lutheran Church, East Ocean Blvd., Stuart.

•••

Income tax liens totaling $7,841.38 for years ending Dec. 31, 1963, and Dec. 31, 1964, were filed against Elton H. and Rose Schwarz, North River Shores, at the courthouse last week.

Included in the total was $4,811.22 allegedly due in 1963, and $3,030.16 allegedly due in 1964.

•••

Jensen Beach Bank has installed a time and temperature sign in front of the bank. The new addition was installed Tuesday afternoon and evening.

Notice To Winter Visitors

When you arrive in Martin County, please register with the Chamber of Commerce, check in at the Post Office, and notify The Mirror of your local address. Make yourself "easy to find".

3,000 Attend Caroling At Causeway Spectacular

An estimated 3,000 persons crowded around the largest pavilion on the Jensen Beach Causeway last Friday evening to hear four local church choirs sing carols, and watch an 18-foot high Christmas tree in fireworks as it burned in many colors on a float off the north side of the causeway near the fishing pier.

This was the first of what officials and residents of the area hope will be an annual Christmas carol sing on the Causeway.

Carols were sung by the choirs of First Baptist Church of Stuart; the Sisters of St. Joseph Novitiate, Jensen Beach; First Presbyterian Church of Stuart, North River Shores; and the Jensen Beach Community Church.

Mrs. Joan Platts sang the opening solo, and the crowd joined the caroling choirs on several numbers.

The invocation was by Rev. Forrest Watkins; scripture reading, "Christmas Gospel", by Rev. Donald K. Schroeder; a prayer for Christmas and the New Year by Rev. Norman Feaster; and the benediction by Rev. Allan Stuart, president of the Martin County Ministerial Association, sponsors of the occasion.

The new pavilion scenes depicting Christmas carols, as done by Mrs. Phyllis Murphy, Stuart artist, assisted by other local artists, were viewed on the south side of the causeway in the newly-erected pavilions. The center display was an outstanding Nativity scene utilizing 'black lighting'.

The Christmas tree in fireworks, built under the direction of Bill Yurtillo and other members of the Jensen Beach Volunteer Fire Department, reflected its multiple colors and hugh star in the shiny, calm waters of the Indian River to close the one and a half hour program.

Candy canes were distributed throughout the crowd, and coffee and cupcakes were served by members of the Jensen Beach Volunteer Fire Department Auxiliary.

15,377 Cars Visit Causeway

A State Road Department counter, installed at the west side of the Jensen Beach Causeway, recorded 15,377 cars crossed the bridge in seven days.

From 6 p.m. Dec. 19 until 7:30 a.m. Tuesday, a period which included the Christmas ceremonies on the causeway, the counter kept on ticking.

The count on the long weekend alone was 4,698, from 6 p.m. Christmas Eve until 7:30 a.m. Tuesday.

Samaritans Deny Call

Martin Wahl, chairman of the Jensen Beach Area Samaritans, Inc., the Jensen Beach ambulance service, expressed regret Tuesday that the Samaritans were not called for the local service Friday night when a hit-run driver stuck and injured a Stuart woman on the Jensen Beach Causeway.

"It is the policy of the Samaritans to answer all calls whether accident, sickness or others that might need the services of the Jensen-Rio ambulance. But the Samaritans cannot answer a call when none is received," said Wahl. He was critical of the fact that the Central Martin County ambulance was called from Stuart.

James Humphrey, treasurer of the latter service, said the drivers had been instructed to respond to calls without question, and did so Friday night, when the call was made through the sheriff's radio despatcher on duty at the time.

Sheriff Roy C. Baker said the despatcher on duty was new in placing ambulance calls, and when the call came from the deputy on the causeway, the despatcher called Central Martin County Ambulance service, not thinking about the Samaritans.

Wahl visited the sheriff's office the next day and distributed stickers with phone numbers at which calls for the Samaritans may be made.

The Central Martin County ambulance made a fast run to the causeway, it was pointed out, but ten minutes might have been saved by using the local service.

Wahl said he was beside the telephone at the time and could have handled the call immediately.

GOING DOWN?- John Coppe, assistant instructor at the Indiantown Skydiving School, shows the proper form to display at 5,000 feet while free-falling to chute-opening height. Spectators will be able to witness the skydiving feats during a three-day Nation-wide Invitational to be held at Indiantown on December 30, 31 and January 1.

County Board Will Reorganize

The Martin County commission set up a new schedule of meetings for January and will re-organize Jan. 3 at 9:30 a.m. Commissioner-elect J. A. Hussey will be sworn in at that time.

Hussey acknowledged introduction, as made by Wacha to the public, at Tuesday's meeting, but said nothing more.

Because Hussey will attend a short course for commissioners at Gainesville Jan. 22-24, and because of a meeting of the tax committee of the State Association of county commissioners scheduled for Jan. 22, the last meeting of the month will be held Jan. 31 instead of Jan. 24.

A hearing on Hutchinson Island zoning will be heard at the Jan. 31 meeting. The subject was tabled Tuesday at Wacha's request.

Another subject to be taken up at the Jan. 31 meeting is a hearing on a zoning classification change at Seagate Harbor from R-2 to R-1-B, as asked by residents there and approved by the zoning board.

A special meeting will be held Jan. 13 to open bids for electrical, air-conditioning and ceiling work in the courthouse addition, and air-conditioning and heating work at the Levi M. Johnson Agricultural Center.

Bids on both jobs were opened Tuesday, but two bidders supplied no bonds, and on one of the projects there was a difference of $1700 between bids, thus a decision to call for new bids.

The board, in other action:

APPROVED payment of two bills over bid price on Jensen Beach Causeway, one for about $400 for additional dragline work, the other for about $300 for an extension of the seawall on which the original bid was $4,150.

HELD off, in advance, a $9,000 note for voting machines and an addition to Charlie Leighton Park, Palm City, from District C funds, $5,334.40.

GAVE Gulfstream Council, Boy Scouts of America, exclusive use of Phipps Park for a camporee of the scouts along the so-called Treasure Coast on March 31 through April 2, and asked County Engineer Fred L. Bell to see that additional water spigots were installed for the event. Several thousand boys are expected, according to John W. Keller, Boy Scout leader.

GAVE Bell authority to study lighting problems at St. Lucie Blvd. and Jensen Cutoff Road intersections on U.S. 1, with idea that more light might slow accident rate.

ACCEPTED Edgewood, Wentworth and Riverside Dr. in St. Lucie Park, a subdivision as yet unaccepted as a platted development, but asked Bell to investigate reason it has not been submitted for acceptance. He said roads and drainage are acceptable.

EXTENDED interim zoning for another year in all non-zoned county lands to hold the areas until the zoning board can get to work on them. Eugene Williamson was told the zoning board has agreed to investigate a zoning change on U.S. 1 north of the Stuart city limits, as requested.

Seek Fire Funds

The annual drive for funds is being conducted by Jensen Beach Volunteer Fire Department and letters are being sent to regular and part-time residents in the district.

These volunteer firemen, with their modern equipment and housing, have achieved the rating of "excellent" by the Florida State Fire college.

The firemen point out that all contributions are tax deductible and ask that checks be made out to Jensen Beach Volunteer Fire Department, P. O. Box 223, Jensen Beach.

All firemen are volunteers. There are 20 members in the fire department, and 20 members in the very active Women's Auxiliary.

Visitors are welcome to call at the fire house weekdays from 8 a.m. to 1 p.m. to view the building and apparatus.

Lions Will Parade

The Jensen Beach Lions Club is celebrating the 50th year of Lions International.

The Lions will have a parade Saturday, Dec. 31, starting about 10 a.m. at Langford Park and will drive through the streets of Jensen and Rio.

This parade is to show their appreciation for the support they have received from the community.

Lighting Winners

Six prizes were awarded Dec. 26 by the Jensen Beach Garden Club at its annual Christmas lighting contest.

Cash awards were won by George Nunn, South St.; Bill Stephens, Melba Drive; Horace Donley, North Drive; Frank Dobson, Margeurite Court; and William Cook of Margeurite Court.

A prize was given to the Martin County Interstate Association for its outstanding display in Jensen Beach Causeway.

Bolita Raid On Mars Hill

Elbert, 42, and Frankie Silas, 40, Savanna Road, Mars Hill, Jensen Beach, were charged with operation of a lottery and possession of bolita slips Saturday in a raid conducted around 9:30 a.m. by Deputy Sheriffs Jim Holt, Tom Wyatt and Henry Herbert.

Mrs. Silas has been a leader in civic and school affairs and has been a member of the Jensen-Rio United Fund, Mars Hill Community Center, Community Action Committee which is a Federal poverty project, and active in Operation Headstart affairs.

Doris Silas, 17, same address was also charged with possession.

Bonds totaling $2,500 were set and raised on the two facing double charges, and $600 on Doris.

Seized as evidence were 13 policy play dream books, dream almanacs, an adding machine and pads of tickets used for bolita.

Justice of the Peace Harvey Pilsy issued warrants prior to the raid.

County Citrus Queen Sought

The Stuart-Jensen Elks Lodge will sponsor a candidate from Martin County in the Citrus Queen Contest to be held in February at Winter Haven.

A local contest will be held Jan. 21 at the Elks Club. Entries must be submitted to Martin County Citrus Queen, P. O. Box 391, Stuart, by Jan. 15.

Contestants must be between 19 and 25 and never have been married. A picture and biographical sketch must accompany all entries.

The Elks will be responsible for travel expenses to and from the Winter Haven contest.

OCEAN BREEZE NEWS

by Tom Cook Phone 287-5312

Personals

Walter and Vivian Rose who have spent the last six winters at the corner of Banyan and Sixth, will not be down this winter. Their northern home is at Beverley, Mass.

Gracie Allan with her sister Garnett Gorman and daughter Reva Brady arrived Dec. 10th for the winter. Grace said that before they left they visited with Jim Fethers at Cass City, Mich., and he said he didn't think they would be coming down this winter.

Ray Scamehorn says his son and his wife, and Ray's grand-daughter would be here by Dec. 27. They are bringing a brand new car for Mr. and Mrs. Scamehorn. They will be staying for a week.

The St. George's trailer-cabana on North Fifth looks real smart with a new coat of paint both inside and out. Fred Failing did the job.

Mrs. Ed Whitlow, a former resident of Ocean Breeze and mother to Sheila Serrell is back in the park and staying with Mr. and Mrs. Joe Serrell. She flew from Popular Bluff, Mo. to Tuyrony, Ark. where she joined her other daughter Mrs. Don Wilke. The two ladies flew to Little Rock and Shell's cousin Ruth Scott drove them down to Ocean Breeze where she will spend the holidays, returning afterwards to Little Rock alone.

Herman Larson's son Wally and daughter-in-law Ione spent the Christmas holiday with their parents, Mr. and Mrs. Wally Larson told us that they were kept well informed about Ocean Breeze affairs due to the fact that they were subscribers to the Jensen Beach Mirror.

James and Lucy Smejkal are the owners of the new Greenbrier 10 x 40 trailer on North Eighth, located on the spot which the wash rooms occupied a year ago. Harold Schroeder was erecting the aluminum awning when we called. Harold tells us he has known the Smejkals for about 50 years. They are from Two Rivers, Wis. They are not new-comers to Ocean Breeze.

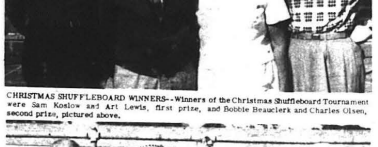
Jim Nixon on South Tenth through a fall last July, has damaged an eye. He had an operation for detached retina at Binghampton, N.Y., and he had a follow-up operation at the Jackson Memorial Hospital in Miami, early in December. A check by Dr. Camberon, Fort Pierre, last week confirmed the belief that the eye is progressing satisfactorily.

Mr. and Mrs. George Millar, formerly of 5 Mango have bought the Grace Harvey trailer on Indian River Drive. Mrs. Millar informs us that their grandaughter Nancy Coffee flew in Dec. 18 from Massapequa, L.I. and also their daughter and son-in-law, Mr. and Mrs. B. E. McConnell arrived Dec. 24 from the same place for the holidays.

Myrt Huntington spent Christmas with her brother in West Palm Beach.

We are glad to hear Johnny Keller is much improved and is walking in the hospital. She suffered a broken hip and shoulder some time ago.

CHRISTMAS SHUFFLEBOARD WINNERS--Winners of the Christmas Shuffleboard Tournament were Sam Koslow and Art Lewis, first prize, and Bobbie Beauclerk and Charles Olsen, second prize, pictured above.



THIRD AND FOURTH PRIZE WINNERS--Third and fourth place prize winners in the Christmas Shuffleboard Tournament held recently at Ocean Breeze Park, were Dr. Moore and Hal Reid, third place, and George Reed and Frank McLain, fourth prize winners.

Schlaifers See Tornado

Harold and Mickie Schlaifer are spending their second year at Ocean Breeze on Eighth street which is the new name for the new street which bisects the new river-front addition. The Schlaifers are from the vicinity of Amarillo, Calif., and have spent the past six months traveling with their trailer, one passenger, contrary to regulations, rode in the trailer all the time. In this case, seeing it is their stepniece cat Tony, we'll excuse them.

It was about the middle of June when they reached Amarillo, Texas, that it struck that would be about tornado time, "You didn't see any do you?"

"Yes", they both replied at once, "We did". Then Harold proceeded to tell how they were watching a very black cloud getting closer every minute.

Tornado warnings were being sounded and people were running to shelter when they both saw the funnel descend from the clouds to the ground. It hovered for about 15 minutes, then slowly lifted up as the cloud passed over them. The rain came down in torrents, the lightning flashed and fell in just a short time and water was running everywhere, and hail stones 4 inch. It was almost dark, Lately, they heard the storm had touched down some 20 miles away and completely demolished a 20,000 chicken ranch. It then travelled into Oklahoma where it did a great lot of damage.

From Amarillo they travelled west and north to Washington and circled back through the Dakotas on its way. There are a lot of very small towns on this route and Harold said the Kiwanis Club have been responsible for making several small RVs along this route to accommodate tourists the like of themselves. There were rest rooms and a good fired barbeque but no electricity. There was no charge and the stay was limited to 48 hours. These rest places were near very small towns that had no accommodation for trailers and were submerged to compete with or substitute for commercial trailer parks.

After 10,000 miles of summer traveling the Schlaifers are happy to stay put and take part in the square dancing.

PARK SECRETARY MILDRED MARSLAND

We had a telephone conversation with our daughter in Winnipeg, Canada, about 9 p.m. Dec. 21. We were having a cool spell, outside temperature was 55 degrees. Ten-perature in Winnipeg at the same time was 20 below zero. So, QUIT BEEFING about our cold weather.

Mr. and Mrs. Richard Cook with children Lyn, Dianne and Pam are spending the Christmas holidays in the park in the Maxie trailer on North Sixth. Carter Cook is also with them. Carter and Richard are sons of Joe and Alyon Cook who reside on South Tenth.

Max and Bea Smith have left their home on Arbor Vitae for Buffalo, N.Y., where they will spend the Christmas week with their daughter and family. They will fly up.

Mr. and Mrs. George Thompson returned Dec. 4 from Mocksville, N.C., George had been convalescing in a rest home for two months following his accident of Sept. 23 when he fell and broke his hip and right shoulder. Their son brought them back by car, both say they feel good but tired. George says he can never begin to thank folks for all their kind acts and for their cards and letters during his illness.

SANTA VISITS OCEAN BREEZE--The usual "Kids' Christmas Party" was held in the club house Saturday morning when 24 children joined in the games, after which they sat down to ice cream and cake. The big attraction, as always, was Santa Claus, and also as usual, as the hour of 12 noon approached, folks began to worry for fear something had happened so Santa couldn't come. However, right on the dot, the very first stroke of twelve, there was a stomping of big feet and a familiar, cheery Ho Ho Ho, and in came Santa. In the picture, Santa is seated in his favorite big chair handing out gifts to the kiddies, Santa is assisted by Ruth Howe.

Carols And Fireworks Mark Christmas On Causeway

Ours was truly one of the many hundreds of cars which packed the causeway from Bridge to Bridge last Friday evening, Dec. 23. When we got there, every available seat was taken, as was almost the softest looking curb and barrique to sit on. Our editor Dick Campbell was there in force as usual with his camera, so we were assured the following evening would be covered in his usual capable manner, and the same I would like to add my two cents worth.

I think all will agree that the effort was a success. The Christs were out in force and started promptly at 7 p.m. under the direction of the veritable impresario of the affair, Ralph Sweet. The several choirs rendered a wonderful program of singing, the highlights being the beautiful and stirring choir singing. The new framework was mounted in sturdy and neat fashion.

Mr. and Mrs. Paul Nichols of Blue Earth, Minn., recently bought their new trailer and car down last week. After the Burgesses left the hospital following their accident about last October, Mr. Hugh and Paul motored to Miami to get their cars and drove them down. Dan Plymouth is now the proud owner of the car that was owned by Mr. and Mrs. Charles Lord in the Northern Acres Trailer Park at Lake Worth. Nichols' address is: Rt. 1, Box 1, Lake Worth, Fla.

Mr. and Mrs. Paul Nichols of Blue Earth, Minn., recently bought their new trailer and car down last week. Dan Plymouth is now the proud owner of the car that was owned by Mr. and Mrs. Charles Lord in the Northern Acres Trailer Park at Lake Worth. Nichols' address is: Rt. 1, Box 1, Lake Worth, Fla.

just off shore and a gentle westerly breeze carried the smoke away from the beach, so that everyone had an unobstructed view. As the tree burst into green flame, fireworks would be set off simultaneously all around us. Then the large star above the tree came to life and the angels and Alps and the epiphany of the Christ-child in spectacular was dazzled into resplendent splendor, as additional fireworks went off. Time and time again the audience would be treated to a display of fireworks that would have done credit to a professional show. The whole evening was a success from beginning to end, and we understand that the proceeds, after expenses, will be turned over to the Jensen Beach Recreation Department for the purchase of new equipment for the park.

Ours was truly one of the many hundreds of cars which packed the causeway from Bridge to Bridge last Friday evening, Dec. 23. When we got there, every available seat was taken, as was almost the softest looking curb and barrique to sit on. Our editor Dick Campbell was there in force as usual with his camera, so we were assured the following evening would be covered in his usual capable manner, and the same I would like to add my two cents worth.

The several choirs rendered a wonderful program of singing, the highlights being the beautiful and stirring choir singing. The new framework was mounted in sturdy and neat fashion.

Pinochle

Thursday, December 22 found 12 players in the Ocean Breeze Recreation Hall for a game of Pinochle. Prizes were awarded to Mrs. Ruth Hall, first; Mrs. Ruth Hall, second; Mrs. Ruth Hall, third; and Mrs. Ruth Hall, fourth. Mrs. Hall was certainly on a winning streak that night.

Movie

The movie for Christmas night, Dec. 25th will be "MISS-ION TO MOSCOW" with Walter Huston and Ann Harding. Please starting Both movies, Saturday night, Dec. 24th and Christmas night, Dec. 25th, will be shown only once at 7:30 p.m.

Taxi Drivers Are Human

As I passed the Scamehorn trailer on Dec. 23 I noticed Ray and Ida walking in their yard, enjoying the warm sunshine, and that is what I said to them. "This is the first time I've had been outside since leaving the hospital and that was only for a few minutes." Ida went on to say that Ray never left her alone for more than a few minutes. While in the hospital, his daughter Mrs. Ruth Hunsberger, came from Michigan to see her mother. Ida said that Ruth was there when she was taken to the hospital from the boat, and drove her right to the hospital door. On the way his daughter kept on driving so as not to tell her the number of the room her father was in because only those who had no difficulty whatever in getting there. Ray says he cannot speak too highly of the taxi service and the individual kindness and consideration of its drivers, and the co-operation of the airports.

Bridge

Eight tables of bridge were in play Dec. 15 resulted in the following winners:

1st, Mrs. Dorothy Dal Molin and Mildred Kinney; 2nd, Reidemeyer; 4th Ruth Haley; 5th Lizzie Fitzgerald; 6th Virginia Hall and James Skinner and 8th Ethel Richards.

Curwens Take To Square Dancing

A 16 foot Kenskill trailer is located on a grassy spot on the new river addition owned by Ernest and marion Curwen. The Curwens have been trailering since 1950 and came here to spend three days just to try out Ocean Breeze. They loved the lot they were given. A cement patio and good road to it and an unobstructed view of the river and the Jensen Bridge in the distance. Marion says she just loves to sit and watch the pelicans and sea gulls from her front window. The Curwens were in no hurry so decided to stay awhile, and in the meantime were induced to take in one or two square dance lessons. Well I can see they have caught the bug, so I won't be surprised if we see them for quite a spell.

Not wanting to bore our readers I asked if they could tell me just one experience they had had this past summer, Ernest thought for awhile, then said, "We were in the Big Bend Trailer Park in South Texas last spring." I said, "Let's hear it."

Curwen said their trailer park was less than a mile from the Rio Grande River, and at that point, and at that time of year, one could wade across, but the common practice was to ride a burro across. The burros could be rented from a Mexican for a few pesos. A very small village sprawled on top of the high hill across the river by the name of Boquilla. The village was very primitive. No electricity or other modern conveniences. Water had to be hauled by burro from the river. Two five gallon cans were strapped on the donkey, one on each side. Curwen said he could never understand why they didn't build their village beside the river. The village had a two room school with one teacher and practically no equipment. The kids, of which there were many, wanted to trade pieces of feldspar for a pencil, as they had no pencil with them, they accepted money but would have rather taken a pencil. The reason was obvious. Their parents got the money while they were allowed to keep the pencil.

It happened to be Easter while they were there and they found that this was quite a rallying place for trailers at this time of year for some 400 trailers tried to get into a 100 trailer park. Curwen said they were not in the Big Bend very long but it left quite an impression on them.

This is their story, and knowing square dancers as I do, I may get to hear more before spring.

Taxi Drivers Are Human

As I passed the Scamehorn trailer on Dec. 23 I noticed Ray and Ida walking in their yard, enjoying the warm sunshine, and that is what I said to them. "This is the first time I've had been outside since leaving the hospital and that was only for a few minutes." Ida went on to say that Ray never left her alone for more than a few minutes. While in the hospital, his daughter Mrs. Ruth Hunsberger, came from Michigan to see her mother. Ida said that Ruth was there when she was taken to the hospital from the boat, and drove her right to the hospital door. On the way his daughter kept on driving so as not to tell her the number of the room her father was in because only those who had no difficulty whatever in getting there. Ray says he cannot speak too highly of the taxi service and the individual kindness and consideration of its drivers, and the co-operation of the airports.

Bridge

Eight tables of bridge were in play Dec. 15 resulted in the following winners:

1st, Mrs. Dorothy Dal Molin and Mildred Kinney; 2nd, Reidemeyer; 4th Ruth Haley; 5th Lizzie Fitzgerald; 6th Virginia Hall and James Skinner and 8th Ethel Richards.

Library To See Canyonland Show

Harry G. Barth will show his color slides of Canyonland National Park, Utah, after the regular 2 to 4 p.m. business meeting of the Martin County Library Association. It was announced recently by the association.

The annual meeting of the association and presentation of slides will be held at the Stuart Woman's Club House.

A short guitar concert and a set by the Hi-Fi will be presented by members of the Stuart Junior High School Band Jan. 5, as the first of four free lectures to be given by the association this winter.

Palm Lake Park News

Members of the Palm Lake Park Civic Association held their annual Christmas party in the meeting room of the First National Bank in Stuart Monday evening, Dec. 19.

***

The Fred Falks and the Keeblers have arrived to take up residence in their new homes in Palm Lake Park.

***

Mrs. Arthur Falk assisted Mark's Hospital in Palm Beach with its Christmas party at her home.

***

The Raymond Millers celebrated their silver wedding anniversary Dec. 18, entertaining their 25th wedding anniversary. Many friends and relatives attended during the afternoon.

Raymond Miller and the former Ruth Harsch were married Dec. 20, 1941, in Iowa. They are the parents of two daughters, Mrs. Byron Hinson of Florida, and Bettijo Miller, at home; also a grandson, Bobby, the son of Mr. and Mrs. Byron Hinson.

***

Many holiday plans are being made for family gatherings next week. The Sievers expect relatives for Christmas day, John Gentile and his Lorella have scheduled open house that day, and Albert and his family, of Falls Church, Va., will fly in to West Palm Beach to spend a week for Christmas visit.

***

Ruth Anne Price is here with her family to spend Christmas vacation from Florida Atlantic University in Boca Raton.

***

Mr. and Mrs. Lesgrod of Michigan visited with the John Antochs of Park Court last Monday and attended the Tourist Club party at the Youth Center in Stuart.

***

All those living in the Park are invited to enter the Home Lighting Contest in Christmas decorations. Several prizes will be awarded.

CHRISTMAS CELEBRATED IN WALTON--The Walton-Le Chalet of Port St. Lucie held a Christmas party in the Walton Community Center last Friday night, with gifts exchanged and refreshments served. Some of the ladies who helped with the party are, left to right, above: Miss Agnes Brenner, Mrs. M. Pilcomb, Mrs. Charles Woodward and Mrs. Alfred Yelton.

Buoy Reset

The local bottoms in surveying, issued by the 7th Coast Guard District, Dec. 20, included the following of local interest:

A light buoy from Fort Pierce inlet reported reported called to facilitate dredging, has been reset in charted position.

The U.S. Corps of Army engineers reported recently it planned to turn over to the Coast Guard new channel soundings in the inlet so markers can be reset at an early date, as yet not announced.

Slabs Given For Boat Ramp

The state road department, through its Ft. Pierce maintenance office, gave Martin County concrete slabs formerly used in bridges in construction of county boat ramp at Sailfish Leighton Park, according to county engineer Fred Bell.

Plans call for the construction of a ramp at the river end of second St., at the south end of the park, Bell said.

OPEN HOUSE--Melodee Lounge at Jensen Bowling Lanes held Open House Christmas Eve. Pictured above are the staff, left to right, Mary Ann Morris, Shirley Haviand, owner George Apostolopoulos, Tony Priori, Marilyn Newell and Evelyn Priori. Fred and Nina Arbuckle, visiting Milwaukee caterers, designed the display of food in the foreground, prepared by Mr. and Mrs. V. V. Wortham.

All Saints'

All Saints' Church, Jensen Beach, announces the following schedule of services:

Thursday, Dec. 29, 10 a.m., Holy Communion; Friday, 6 a.m., Holy Communion; Sunday, New Year's Day, 7:30, 9:00 and 11:00 a.m., Holy Communion, 9 a.m., Church School; Tuesday, 7 a.m., Holy Communion.

Milners Entertain

Mr. and Mrs. Dan Milner, 216 S. Sawgrass Rd., Jensen Beach, are entertaining her mother, Mrs. Lillian Gallaher of Huntington, W. Virginia, who is visiting during the Christmas holidays.

MEN'S GARDEN CLUB--Members of the Men's Garden Club of Stuart held a Christmas party recently, attended by their spouses. Pictured above are Mr. and Mrs. Grant also by their wives. Some of the guests included Mr. and Mrs. Grant Chamberlain, Mr. and Mrs. Ray Friel, Charles Japp, George Jones, treasurer, and Mr. and Mrs. Bill Ambler. The latter is president of the club.

Inaugural Parade Have Local Float

Martin County's Inauguration Parade float, sponsored by private money, will feature both flowers and sailfish, topped off with girls, according to Dr. William G. Myers, chairman of the Martin County Republican Executive committee, last week.

The float is being built in Tallahassee on specifications sent by the local committee.

Local flower growers are supplying the blooms and also garlands which will be tossed by the girls on the float to spectators.

The girls may be two 13-year old Kirkettes, Jacqueline Myers and Rosalind Randall.

Eleven Tables Play Bridge

Eleven tables competed in last Monday's session of the St. Lucie County Unit Duplicate Bridge group. Winners were:

North-South, 1st, Mrs. A. Forsyth and H. Stewart, 134 2 plus; 2nd, Arthur Ames, 110 plus; 2nd, Swartz and A. Ivo Garrou, 127 plus; 3rd, Mr. & Mrs. T. S. Kelly, 124 plus; 4th, Polly Schimman and Isetta Mann, 123 plus.

East-West, 1st, Helen Tomash and Gladys Moore, 139 plus; 2nd, Mabel Knapp and Mrs. James Miller, 131-1 2 plus; 3rd, Mr. and Mrs. S. A. Skelding, 124 plus; 4th, Fran Wilson and Mabel Hancock, 121-1 2 plus.

The club will host a Master Point Game Monday, Jan. 2nd. This is an open game with no club membership requirements.

Master Point awards are given, plus special weekly prizes.

MR. AND MRS.- the former Miss Charlotte Wilson, is pictured above with her husband, Mr. and Mrs. Edmund Weber were married Dec. 26 at Mar Taylor Methodist Church, Milford, Conn., and will live in Stratford. Mrs. Her sister, Mrs. Roger Bailine, was matron of honor. The couple is visiting in Jensen Beach.

Words To Make Your Life Better
WILL

One ship drives east, and another west
With the self-same winds that blow;
'Tis the set of the sails
And not the gales,
Which decides the way to go.

Like the winds of the sea are the ways of fate;
As the voyage along through life;
'Tis the will of the soul
That decides its goal,
And not the calm or the strife.

-Ella Wheeler Wilcox

JUNIOR BOATERS WIN DIPLOMAS--The awarding of 13 diplomas concluded a three-week, six-hour course for junior boatsmen given by the U.S. Coast Guard Auxiliary Flotilla #59, the Stuart Junior Conservation Club and Stuart Youth Center. Pictured above are, first row, left to right, Carol Waxler, Garry Sorenson, David Gluckler, David Bruen, Scott Oughterson and Ralph Randall. Second row, Julie Rowell, Kathy Strout, Chris Combs, Rodney Wojnar, Dennis Hutson, Jimmie McFarland and Paul Bruen. Standing, Harry Swingleburst, past Division captain; M. W. Hale, training officer; and Manuel Francis, Flotilla Commander.

Light Tackle Tournament Is Reset For January

The Stuart sailfish Club has rescheduled its 17th annual light tackle sailfish tournament.

At a board of directors meeting, Jan. 23 through 26 were set for the four-day tourney which was postponed from Dec. 10-14 because of a shoal which made navigation in St. Lucie Inlet dangerous for out-of-area skippers.

The U.S. Corps of Army Engineers Merritt, a sidecasting dredge, has completed dredging the channel from the inner inlet to the sea. The channel is in better shape than in many years, according to local charter boat skippers.

The club set the new dates after consulting with officials of all southeast Florida tournaments to avoid conflicting with any other recognized tournament in the ocean-fishing class.

Base for the tourney will be Sunrise Inn, where the annual cocktail party and briefing session will be held the evening of Jan. 24.

Named to the weather committee, whose duties are to clear both wind and sea conditions early every tournament day, were Capts. Bill Todt and Frank Costopoli.

Stuart sailfish tournaments call for the use of experienced observers on each craft entered in the contest, release of fish except for extraordinary size, and "do-it-yourself" fishing, which means no help from mates or skippers in hooking down.

Trueblood pointed out that these schools are a national mission of the CG Auxiliary Flotillas, assigned by direction of the U.S. Congress. The local flotilla held three such courses in 1966, graduating nearly 100 students. More than 1500 have graduated since 1946, when Flotilla 59 started the program following WWII.

The new course will be directed by Eugene Hull, newly-elected Training Officer, assisted by Colonel Maurice Hale, Flotilla Vice Commander, who rounds out the new slate of officers for 1967. Members of the Flotilla, all experienced boat operators, will serve as instructors for the various sessions.

The full series of 10 meetings includes knots and splices, nautical vocabulary, regulations, and question and answer sessions.

The full course covers: Jan. 10, Registration and Introduction; Jan. 13, Seamanship, Part 1; Jan. 17, Seamanship, Part 2; Jan. 20, Aids to Navigation; Jan. 24, Charts and Compass; Jan. 27, Rules of the Road; Jan. 31, Motorboat Regulations and Safety; Feb. 3, Examination; Feb. 7, Special on St. Lucie Inlet; Feb. 10, Graduation and Refreshments.

Advance registration is not necessary, but indications of size of class is beneficial to the Flotilla's planning.

Safe Boating Classes Planned

Flotilla 59, U. S. Coast Guard Auxiliary, is starting safe boating instruction in 1967, with the first classes to run from Jan. 10 to Feb. 28, according to Lt. (jg) Frank Trueblood, newly-elected Flotilla Commander.

Classes will be held each Tuesday and Friday nights, 8:00 to 10:00, in the clubhouse on the St. Lucie River, just east of the Fatio and bridge, Stuart. The instruction is free, with a small charge for text books and materials.

All safe boating subjects, courses and young people, are invited.

The full course covers: Jan. 10, Registration and Introduction; Jan. 13, Seamanship, Part 1; Jan. 17, Seamanship, Part 2; Jan. 20, Aids to Navigation; Jan. 24, Charts and Compass; Jan. 27, Rules of the Road; Jan. 31, Motorboat Regulations and Safety; Feb. 3, Examination; Feb. 7, Special on St. Lucie Inlet; Feb. 10, Graduation and Refreshments.

Advance registration is not necessary, but indications of size of class is beneficial to the Flotilla's planning.

A Haid Full Of Sporting Tips

by Howard Lee Haid

The familiar magician's slogan of "now you see it, now you don't" can be equally effective fooling fish in a similar, though less subtle, way.

Anglers who fail to mix their "tricks" usually end up with an unresponsive underwater audience. This is particularly true at this season when fish are unpredictable in their location and appetites...at any hour of any day.

To prospect successfully these days, it's necessary to use the whole bag of tricks in order to discover the right combination that clicks at that particular minute.

Anyone who continues to cast the same lure hour after hour seldom gets much more than exercise, unless it's that rare occasion when anything works.

Fall tactics are usually best when based on a methodical approach which consists of changing lures, baits and fishing holes when any given attack proves unproductive.

Each man should mentally prepare a systematic attack before starting off for a day of fishing during winter. He should condition himself to the wisdom of mixing his tricks; to the fact that fish are stirring about in response to fluctuating temperatures and are food conscious in an unsatiable, yet unpredictable way.

He should be ready to give each type of lure a try in each location -- topwater, medium-running and bottom-scratching. He should change actions and styles in each category, as well as colors and patterns and be willing to prospect the points as well as the favored coves. And, when all else fails, fall back on that old reliable, trolling . . . with, perhaps, a heavier hand on the throttle.

Give 'em everything in the tackle box. You won't bore your audience, and you're certain to strike the right chord.

Golf

The Martin County Ladies Golf Association played low net in 18-hole group on Tuesday, Class "A" winner was Etta DeStefano; "B" was Adele Farro, and "C" was Helen Pauly.

In the nine-hole group, they played for low putt, with Eve Anderson listed as winner.

The group will hold its monthly meeting next Tuesday, Jan. 3, at 9:15 A.M.

Chips, Divots And Tips

by Matt Moore

One player at Martin County golf course Christmas present. A hole-in-one on the 11th hole. Joe Scott is the guy, and he played with Walter Livingston.

Mr. and Mrs. Jack Buhlman won the Christmas mixed foursome Sunday a week ago with a Net Jeast Ball of 63.

The saturday Blitz was won by Walt Pratt's foursome consisting of Red Fleming, Bill Hartzell and Fred Thomas. Walt Pratt is in the armed services and was visiting in Stuart for the holidays. He is stationed at Camp Rucker, Ala. He is a fine golfer. Harry Inc a fine handicap and amateurs Gardner Dickinson, Jr., is to swing and drive.

The Monday blitz finished in the 744 with Sandy Child's team of Red Fleming, Bill Hartzell and Ray Bliss, and Paul Hartzell's team of Lou Papadelis, Gus Howard and Wally Hendricks.

Monday, the 26th, was a big day at Martin County. Some 240 players registered to play, a record for this time of year.

My wishes for a nice holiday season and a Happy New Year and Good Golfing to all.

GOOD CATCHES'--Gene Dunley, from Chicago, Ill., is shown above with a 19-pound grouper he caught recently on a local party boat sailing from Bill Salerno's Dock. Mrs. Dunley, the former Terre Haute, Ind., proudly displays a nice catch of red snapper caught from the same boat.

ANNUAL CHRISTMAS PARTY--Members of Jensen Beach Women's Association met for their annual Christmas party and covered dish luncheon at the club house Monday, Dec. 19. Pictured above, not in order, are: Jane Livermore, Myrtle Whitman, Thelma Watson, Hazel Forsberg, Inez Kilmer, Marie Miller, Lesh Woods, Lillian Staples, and Mrs. Mason.

LUNCHEON WAS ENJOYED--The covered dish luncheon and Christmas party held Dec. 19 by members of Jensen Beach Women's Association was well attended. Gifts were exchanged and cards were played during the afternoon. Some of the guests are shown above.

Women's Association Has Christmas Party

Over 80 members and guests of the Jensen Beach Women's Association attended the annual Christmas party and covered dish luncheon Monday, Dec. 19.

The club house was decorated in the Christmas theme and many gifts were placed under the silver Christmas tree, to be exchanged among the guests.

The committee in charge was headed by Mrs. Lillian Staples, assisted by Mesdames Leah Wood, Inez Kilmer, Hazel Mason, Jane Livermore, Thelma Watson, Myrtle Whitman and Miss Peggy Bean.

A special prize, a large decorated Santa Claus, was won by Mrs. Zillah Rhoads.

Santa Claus stopped by in person to wish all the ladies A Merry Christmas!

The next meeting of the Association will be Jan. 9, the second instead of the first Monday of the month.

Hostesses for January include Mesdames Florence Henry, Mary Hopkins, Hazel Houghton and Gretchen Poole.

Duplicate Bridge Scores

The Tuesday afternoon duplicate bridge club met at the home of Mrs. Ruth Lindell and duplicate games of Sallies, 5 tables, were played. Scores of the various games with Jo McClellan as host:

[illegible] Mrs. Ralph Lundquist, 3rd, Mrs. Alice Price, 4th, Mrs. Ruth Lindell, 5th, Mrs. Ethel Hall.

Mrs. Lundquist was awarded a prize for high score.

Mrs. Lundquist was hostess for the next game.

Frances Langford Returns From Tour

Frances Langford stopped [illegible] Miami Beach on board Martin plane at Witham Field, Stuart, last Friday, to be welcomed by a crowd of over 100 localites.

Among those on hand to greet Miss Langford were Ralph Langford, actor and husband of the star, and Mrs. Ralph Clifford, as well as many of the staff of the Outrigger and Villas.

Miss Langford was accompanied by Tom Blanton and Master Hackett.

Results: 1st, Mabel Harvey and Shirley Hartsough, 65.5, 2 pts.; 2nd, Mrs. [illegible] Rawson and Josephine Wood, 59.5, 2 pts.; 3rd, Mr. and Mrs. N. L. Schaeffer, 57.5, 2 pts.; 4th, Elsie Hackett and Ann Hackett, 49, 1 pt.

North-South, Section "A": 1st, Capt. Jim Wood and Ken Hall, 65, 2 pts.; 2nd, Arthur Kinnear and Mrs. [illegible], 63, 1½ pts.; 3rd, E. W. Schaeffer and Hall, Schlemmer, 60.5, 2 pts.

North-West, 1st, Mr. & Mrs. Lew Lynch, 61, 2½ pts.; 2nd, Sam Mellroy and Ed Schlemmer, 59.5, 2 pts.; 3rd, Mr. & Mrs. L. A. Miller, 56, ½ pts.

The Wednesday, Dec. 28 game will be a regular session. The game for Jan. 4 will be Master Point.

Naomi Nelms

Mrs. Ora Naomi Nelms, 58, of Franklin, Ga., died last week. She is survived locally by Nathan Gibson, a brother of Fort Salerno. Other survivors include five children, her father, R. L. Gibson, and two sisters, all in Georgia.

Burial was in Franklin.

First Baptist Of Palm City Presents Christmas Program

C-H-R-I-S-T-M-A-S--Children of the primary department of First Baptist Church of Palm City presented a Christmas program recently. Left to right, above, they are Kathy Libra, Shirley Spilling, Sherrie Craton, Scotty Legg, Lisa Hunter, Donnie Spires, Linda Robertson, Billy Robertson, Sandy Murphy, Janice Moore, Tammy Marlon, Donald Moore, George Grose and Donnie Talley.

"UNTO US A CHILD IS BORN"--Members of the First Baptist Church of Palm City presented a Christmas program recently. Shown here are: Danielle Pressley, as Mary, and Tommy Van Tuinen, as Joseph. The three shepherds are Bobby Robertson, Dennis Yingling and Craig Yingling; the three kings are Jimmy VanTuinen, Freddy Kahle, and James Grose (not pictured).

Garden Club Plans Workshop

At the Christmas meeting of the Club, held Dec. 21 at Jensen Beach Community Church, 29 members and two guests were present. The guests were Mrs. Alice Price and Mrs. Janet Dimario of New Jersey.

Plants were exchanged and Audubon slides were shown by Charles A. Bachelier, including the bird sanctuary at Salerno, the rookery at Pelican Island, and the shell mound at Jupiter.

Cookies and coffee were served by hostesses Mrs. Fred Morris, Mrs. Jeff Anderson, Mrs. Daniel Carlin, Mrs. Adabbelle Rose and Mrs. C. V. Gardner.

Jan. 11 is the date set for a "flower arranging workshop" to be held at 9 a.m. at the home of Mrs. William Weiss, president of the Jensen Beach Garden Club. Guests are asked to bring a sandwich, flowers, material, petit point, vase, and scissors.

2 to 5 New Year's Day

"THE TWO BERLINS"--The Martin County Library Association will present a documentary film lecture on East and West Berlin, by Raphael Green, at the Stuart Woman's Club on Thursday, Jan. 5 at 8 p.m. This is the first of four film lectures to be given during the winter season.

Martin Klim Home On Leave

Martin Klim, USNR, SN-ET-(NF), son of Mr. and Mrs. William Klim, Sharp Road, Jensen Beach, is home on leave for two weeks.

Klim, a seaman electronics technician, nuclear field, will continue his studies at Great Lakes, Ill., Electronics Technician School, when he returns Dec. 31. Sometime in the future he expects to attend a nuclear power school.

Breaks Shoulder

Arthur Logan, N. Indian River Drive, Jensen Beach, suffered a broken shoulder when he fell in his yard Saturday.

He is a patient in room 320, Martin Memorial Hospital, according to his sister, Mrs. Cunningham.

Women's Ass'n Changes Date

The next meeting of the Jensen Beach Women's Association will be Monday, Jan. 9, at 12:30. The change of date was made because of the first Monday falling on Jan. 2, at which time New Year's Day will be observed.

VWW1 Meeting Date Changed

Due to the VWW1 Mid-winter Conference being held Jan 6 to 8 in Palm Beach Shores, the regular business meeting of Barracks #854 and Auxiliary will be changed from Friday, Jan. 6 to Thursday, Jan. 5, at 8 p.m. Sisters will meet in Fellowship Hall, Jensen Beach Community Church, Skyline Drive, and Buddies will meet in the Community Center on Commercial St.

All members are urged to attend and visit with new president May Kirse, and commander John Wendel.

The Christmas party held Dec. 16 was attended by 167 members and guests. Gifts were exchanged.

Mrs. Hazel Heritage, hospital and community service officer, was commended by the Auxiliary for her efforts during this season.

SOLOIST--Mrs. Joan Platts sang the opening solo at the Christmas program held last Friday night on the Jensen Beach Causeway.

St. Joseph Church News

A Holy Hour in thanksgiving will be held at St. Joseph Church Saturday, Dec. 31, from 7 to 8 p.m. Parishioners are urged to attend.

Confessions will be heard Saturday from 4:30 to 5:30 p.m. and after the Holy Hour.

Masses on New Year's Day will be at 7, 9 and 11 a.m. There will be NO 6 o'clock Mass in the evening.

Members of the Guild and Confraternity of Christian Mothers will receive Corporate Communion at the 9 a.m. Mass Sunday.

The regular meeting will be held Monday at 7:45 p.m. with prayers in the church, followed by a business meeting and Christmas party in the school meeting room.

Forsbergs Entertain Kin

Mr. and Mrs. Frank Forsberg, Linda Drive, Jensen Beach, are entertaining one of their three daughters, Mrs. Glenn Shannon, and her sons, Terry and Scott, from Syracuse, N.Y.

Jane Staats

Mrs. Jane Mabel Staats, 86, of Orange Ave., Rio, died in a Hobe Sound Nursing Home Monday, Dec. 26. She was a native of Morley, Mich., and had been a resident here for 11 years. She was a member of the Order of Eastern Star of Cadillac, Mich.

She is survived by one son, James, of Rio.

Funeral services will be held at Johns Funeral Home Chapel at 7 p.m. Wednesday. Friends may call from 3 p.m. Wednesday
